So scroll up now and click the Buy button, to start making a profit today!

## Option Trading in Your Spare Time

This book, geared specifically toward women, describes how to be a successful option trader, even if you hold down a full-time job or are a full-time stay-at-home mom. While option trading is definitely not a risk-free method of investment, for women who have a few hundred extra dollars that they want to use to break into investing, option trading can be a lucrative way to make money. This book explains what everything means and how to be an option trader in easy-to-understand, step-by-step ways that makes it great for the beginner or the more advanced investor. It is primarily focused on trading online and tells you what you need to know to better your chances of being successful.

## Options Trading Crash Course

Have you been hearing a lot about options trading lately, including how they don't require too much upfront cash and many other benefits, and are curious to start trading options but don't know where to start? And are you looking for a comprehensive guide that will hold you by the hand until you make money trading options? If you've answered YES, keep reading... You Are About To Discover Exactly How To Venture Into The World Of Options Trading Fully Confident Of What To Do At Different Times And The Strategies You Should Use To Trade Options Like The Pros, While Keeping Your Exposure To Risks Low And Opening Yourself For Maximum Returns! If a stock is trading at \$50 per share, you'd have to part with \$5,000 to purchase 100 shares (that's excluding fees and commissions). But if you don't have all that money, you can still choose to control the same number of shares with about \$150. Crazy, huh? Well, if you're a stock options trader, it isn't! When you purchase options instead of stocks, your cost of entry is decreased tremendously. That would mean a lot of things but if you ask me, the fact that you're risking less and leaving more investing capital free for other investments is everything! Unfortunately, that's not the only advantage- not even close, so save your excitement for when you get to learn about the leverage, flexibility, profit margins and risk- not

to mention, how easy it is to get started! Interested to learn more? Or are you wondering: What are options, and how are they different from regular stocks? How do they work? How do you get started? What are the techniques to ensure you succeed with them? What are the risks? If you are, then brace yourself for a short exciting journey that will turn you into a professional trader in no time, so keep reading. Here's a tiny bit of what you'll learn from this book: The basics of options, including what they are and why they're important The categories of options and why index options are great Why you need to get into options trading The risks you should be prepared for How options are priced How to buy or sell options in different ways How to buy call options like a professional trader How to buy put options using the best strategies The best techniques to sell covered call options The best techniques to sell naked call options The best strategies to offer put options What you need to know about trading signals and signal providers How to avoid the five most common mistakes ...And much more! Yes, even if the idea of options trading seems too advanced and 'PhD level' to you right now, this book will break down everything using simple language to ensure you have an above average understanding of options trading so that you trade without losing money! Scroll up and click Buy Now With 1-Click or Buy Now to get started!

## **Options Trading**

Do you want to start making money trading options, but not sure where to start? Have you tried to learn but found it all too difficult and confusing? Do you want to learn using simplified teaching methods in an easy step-by-step format? If so, this is the book for you! This book addresses the key concepts and principles beneath option trading and leads you from being a raw beginner to becoming an educated options trader. This book requires no previous knowledge or experience in options or financial trading. Inside, you'll find: What are Options? Why we trade in them and how to profit from them. The basic theory behind option trading and how it works How to make money trading options in markets moving up, down or sideways How to trade like a professional A five point strategy for making consistent income in the most difficult markets And much more... If your previous attempts to learn using books, blogs and online videos have left you confused don't despair, for this book can help you. Using the simplified trading best practices and profound tips and advice from the professionals, this book will help you understand how to trade profitably and safely using low risk but high profit strategies. Reading this book will provide you with a strategic philosophy that is geared to providing consistent income over a long, productive trading career. Featuring all sorts of theoretical and practical gems - Options Trading Simplified: Beginner's Guide to Make Money Trading Options in 7 Days or Less! - explains why it is important to have a risk-limiting strategy that protects your capital while optimizing your profit potential. This safety first, step by step approach is ideal for beginners and intermediary level traders who want to make money in options trading without losing their nest egg! So scroll up and click "Buy Now" and get started on your 7-day journey to making money trading options!

## **Trading Options Greeks**

A top options trader details a practical approach for pricing and trading options in any market condition The options market is always changing, and in order to keep up with it you need the greeks—delta, gamma, theta, vega, and rho—which are the best techniques for valuing options and executing trades regardless of market conditions. In the Second Edition of Trading Options Greeks, veteran options trader Dan Pasarelli puts these tools in perspective by offering fresh insights on option trading and valuation. An essential guide for both professional and aspiring traders, this book explains the greeks in a straightforward and accessible style. It skillfully shows how they can be used to facilitate trading strategies that seek to profit from volatility, time decay, or changes in interest rates. Along the way, it makes use of new charts and examples, and discusses how the proper application of the greeks can lead to more accurate pricing and trading as well as alert you to a range of other opportunities. Completely updated with new material Information on spreads, put-call parity and synthetic options, trading volatility, and advanced option trading is also included Explores how to exploit the dynamics of option pricing to improve your trading Having a comprehensive understanding of the greeks is essential to long-term options trading success. Trading Options Greeks, Second Edition shows you how to use the greeks to find better trades, effectively manage them, and ultimately, become more profitable.

## Trading Strategies Crash Course

Are you looking to make some quick cash? Earn \$ 25,000 in 1 week Press the \"BUY NOW\" button to get your copy today!

## Options Trading Made Easy

Would you like to step into the trading world to generate an extra income at the end of the month, even if you've never invested before and know nothing about it? If the answer is \"YES\"

## Covered Calls for Beginners

Stop settling for ever-decreasing dividend yields and bank CDs which pay less than 1% and start making your investments work for you again... If you're worried about the current market uncertainty, covered calls are your antidote to chaos. You can use them to generate safe returns, no matter what happens to your stock. It's like generating rental income on stocks you already own, even if those stocks don't already pay dividends. Which is why with smart covered call writing, you can double your monthly cash flow. Making it the perfect income strategy, because you can use covered calls to create instant cash, with premiums paid directly into your brokerage account. So you can use this smart, safe strategy to generate \"Synthetic Dividends\" on stocks that you already own. Covered calls aren't risky... when used correctly they actually decrease your risk... and even the most conservative investors can benefit from adding covered call writing to their investment strategy. Even if you know nothing about options, this book will get you right up to speed. Here is just a fraction of what you'll discover: - The 6 criteria we use to select the best stocks to write covered calls on - Page 96 - Why you shouldn't write covered calls in an IRA. Many investors make this mistake, but learn why using a regular account will actually save on your tax bill - Page 54 - How to use covered calls to lower the purchase price of stocks you already own - 3 rules for adjusting your covered call - Page 129 - How to find the best covered call stocks for free. Stock scanning services will charge you \$99/month for this information, but our approach costs nothing and lists the exact same companies - Page 100 - How to get started with covered calls if you only have a small account. This is perfect if you want the benefits but don't have \$5,000 or more to invest - Page 133 Plus, inside the book you get free access to a 7 part video course covering all aspects of profitable investing So even if you've never used options before, the book walks you through everything step by step. You'll find everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will only pay you between 0% and 1%... the dividend yield on the S&P 500 is around 2%... and 5 to 10 year municipal bonds will only pay between 2% and 3%. But if you use what's inside this book, you could have the opportunity to get much more than that. For instance... if you put together a portfolio of three of the best covered call stocks... you could see an average yield of 15% per year... just from your covered call income. All this from your regular brokerage account, just as easily as you can buy stock. Because if you know how to buy stocks, you can use covered calls. And when you receive just a single premium from one of these covered calls (which is paid into your account instantly) it will cover the cost of this book 10x over. To get your copy right now, just scroll up and click \"add to cart\"

## Options Trading Crash Course

CONTROVERSIAL INDUSTRY EXPERT REVEALS: How to Catch Options Trading Trends Early and How to Stay Profitable Even In A Down Market? Are you a newbie in the world of options trading? Maybe you have been trading for a while, but the strategies that once were effective no longer bring the same profits? ## **The Only Options Trading Book You'll Ever Need**

Learn by stepping from options basics to advanced option strategies in this learn-by-doing tutorial and handy options strategy reference. Tested by readers who owned several options books but were never confident enough to trade, this book got them started. The series of hands-on options trading activities explain how each of thirty-one option strategies work. Each activity guides readers through trade analysis, setup, entry, trade management, and possible outcomes. And each includes clarifying illustrations. Simply knowing how an option strategy works is not enough to enter a complex and often unpredictable market, because behind every option trade is an underlying stock, ETF, financial index, or future. Like all successful option traders, you must understand the underlying market environment, chart analysis, trading tools, essential trading rules, and risk management techniques. There's also equipment, connectivity, online trading platforms, backup, watch lists, and price charts to consider. This book covers all of these topics and much more. Hence, it is \"the only options book you'll ever need.\"

## **The Complete Penny Stock Course**

You can learn trading penny stocks from the masses and become part of the 90% of traders who lose money in the stock market, or you can learn from the Best. ## **Make Money Trading Options: Short-Term Strategies for Beginners**

Make money and minimize risk with this comprehensive guide to options trading. Most option trading books are packed with complex charts and indicators, offer competing strategies, and focus on making money at the expense of protecting your money. Designed for beginner traders, *Make Money Trading Options* takes a different approach. Writing in clear straightforward language, MarketWatch columnist Michael Sincere shares his expertise and battle-tested strategies for building wealth in the options market, while reducing risk at the same time. He walks you step by step through the processes of: Implementing short-term trading strategies buying calls and puts Finding winning stocks using proprietary test trading strategies Identifying the most profitable market environments Entering and exiting option positions at precisely the right time Determining ideal setups and positions Protecting your money in both bull and bear markets?and know when not to trade Detecting new and important buy and sell signals Learning new ways to view and trade the stock market. An expert who has appeared frequently on CNBC and other media outlets, Sincere is uniquely positioned to get you started on the path to profit?providing ideas and principles to help you avoid bad bets and create an investing plan geared toward protecting your assets. Whether you're completely new to options trading or a practicing trader concerned about volatility in the near term, this guide delivers the facts and insights you need to succeed in the options market.

## **Option Trading**

An A to Z options trading guide for the new millennium and the new economy. Written by professional trader and quantitative analyst Euan Sinclair, *Option Trading* is a comprehensive guide to this discipline covering everything from historical background, contract types, and market structure to volatility measurement, forecasting, and hedging techniques. This comprehensive guide presents the detail and practical information that professional option traders need, whether they're using options to hedge, manage money, arbitrage, or engage in structured finance deals. It contains information essential to anyone in this field, including option pricing and price forecasting, the Greeks, implied volatility, volatility measurement and forecasting, and specific option strategies. Explains how to break down a typical position, and repair positions. Other titles by Sinclair: *Volatility Trading* Addresses the various concerns of the professional options trader. Option trading will continue to be an important part of the financial landscape. This book will show you how to make the most of these profitable products, no matter what the market does.

## **The Option Trader's Hedge Fund**

In this book, a hedge fund manager and an option trading coach show you how to earn steady, reliable income selling options by managing your option trades and running your option portfolio as a real business with consistent, steady returns. Packed with real-world examples, the authors show you how to manage your own "one man" hedge fund and make consistent profits from selling options by applying the basic framework and fundamental business model and principles of an "insurance company". This framework helps you to apply your option trading strategy to a solid, predictable, business model with consistent returns. For someone who has some knowledge of trading options and wants to become a consistent income earner. The authors provide a complete "operations manual" for setting up your business. Gain pearls of wisdom from both a professional options trader and coach, and from a hedge fund manager focused on managing an options based portfolio.

## **Iron Condor Options for Beginners**

If You Are Afraid to Leave Your Money in the Markets Right Now... This simple, repeatable iron condor options strategy could make you \$1,000s extra every month from home, with your laptop or smartphone. And you want a low-risk way to "repair" some of the financial damage caused by the coronavirus crash... There's a unique situation in the market you can take advantage of today. Smart traders have been using this strategy for years to make thousands of dollars per week - with much less risk than buying stocks... and no matter what the market is doing... Legendary investor Warren Buffett - one of the most conservative investors in the world - uses this strategy too. That's one reason why conservative financial journal Barron's calls it: "One of the greatest strategies in existence..." Now, we know what you might be thinking: "Options are risky, right?" The simple answer is no. You see, options are one of the most misunderstood investments in the world. Most folks buy options for risky speculations. You can lose your shirt that way, and fast... especially if you don't know what you're doing. But the way we do it, you sell options. And when you do that, you can make great gains without needing to guess which direction a stock is going. Here is just a fraction of what you'll discover inside this book: - The "instant cash" options strategy which immediately deposits money into your trading account- Page 33 - 10 effective ways to master the mental side of trading - Page 112 - The 5 best low-commission brokers for beginner options traders - Page 88 - Trade options like Warren Buffett? The world's greatest investor has used this specific strategy to make \$4.9 Billion over the past decade - Page 17 - 3 live Iron Condor trades with different adjustments strategies for each one. Many traders struggle with adjustments, so we show you different "in the trenches" examples on real trades - Page 81 - A simple formula for accurately calculating your potential ROI from each trade - Page 70 - 3 "non-negotiable" trading rules. Adhere to these and you will be ahead of 90% of amateur traders - Page 105 - We tested 71,417 trades and found the best VIX level to enter your trades at - Page 54 ...plus \$135 worth of free bonus material inside! You don't need to have any experience to profit. Nor do you need to monitor the markets 24/7. This is the perfect strategy to use in your spare time. Because you can make extra income with just 1-2 trades per month. Even if you've never traded options before, everything inside is written in plain English, with clear definitions for everything. With real examples for all the concepts inside. So to get a head start on making consistent profits in the options market today, scroll up and click "add to cart"

## **The Options Playbook**

The Options Playbook was created to demystify option trading and teach investors different option plays for all market conditions. No confusing jargon. No unnecessary mumbo-jumbo. Just clear, easy-to-understand explanations of more than 40 of the most popular option strategies broken down into a play-by-play format

including: Play Name: Long Call, Short Call Spread, Iron Condor, etc. The Setup: The goals and reasons to run each play Who Should Run It: Rookies, Veterans or All-Stars, based on degree of difficulty When To Run It: Describes each play as bullish, bearish or neutral The Strategy: A detailed overview of each strategy, their risks and the specific costs associated with multi-leg strategies. description For the first-time option trader The Options Playbook features a \"Rookie's Corner,\" addressing the basic definitions and concepts you need to understand this market, tips to avoid common beginner's mistakes, and suggested strategies to \"get your feet wet\". For more experienced option traders, an expanded section on implied volatility explains how this handy variable can be used to find the potential range of the stock over the options life. A detailed section on pricing variables (Greeks) helps you understand how an option's price is affected by changes in market conditions. You will also learn how time decay and a change in implied volatility can affect your trade after it's in place and how to recover if things don't go according to plan. The Options Playbook features \"Options Guy Tips\" from Brian Overby the author and founder of Options Playbook, Inc. Like any good coach, Overby's handy insights help you put theory into successful real-world trading. This expanded 2nd edition includes 10 new plays and 56 new pages of handy content describing a brief history of options, five common mistakes options traders make and how to avoid them, an expanded glossary, how to manage option positions by rolling to a different month and strike, to explaining the difference between index and stock options, managing early exercise and assignment and how to calculate position delta and use it to manage overall position risk of a multi-leg option strategy.

## **Options Trading Crash Course: the #1 Beginner's Guide to Start Making Money with Trading Options in 7 Days Or Less!**

Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

## **Options Trading Crash Course**

## **The Ultimate Options Trading Strategy Guide for Beginners**

Do you want to make a living by trading options? Do you want to know the Easier Strategies and Techniques for Investing in The Stock Market? If you answered yes to even just one of these questions, then it is time that you consider a career in options trading. Let's face it. We live in a world where job security is no longer existent. People are being laid off and fired at the drop of a hat, even days before retirement. Job markets crash all the time, and businesses go out of business unexpectedly. It is a terrible thing to have the rug pulled out from under you in such circumstances but being aware that the possibility that it could happen allows you to be prepared and to ensure that you are not left adrift if this does indeed come to pass. Whether young or old, man or woman, technology is a great equalizer. All who apply are accepted immediately. And you can set your own pace as you learn lessons that can make you money for a lifetime. This book will discuss options and how to trade in them so you will know some ways on how you can earn a great profit. You will be introduced to options, understand how they function, and the power behind them. This book will show you: STEP BY STEP GUIDE ON HOW TO MAKE MONEY WITH OPTIONS THE RISK OF INVESTING OR NOT INVESTING THE EASY WAY TO MAXIMIZE PROFITS INVESTOR DO'S AND DON'TS HOW TRADING WORKS? DIFFERENT DAY TRADING STRATEGIES DIFFERENCES AND SIMILARITIES BETWEEN DAY TRADING AND SWING TRADING HOW SWING TRADING WORKS HOW TO START SWING TRADING WHAT ARE FINANCIAL LEVERAGES TECHNICAL ANALYSIS SECTOR ANALYSIS CHOOSING THE RIGHT STRATEGY BUYING CALLS AND PUTS COVERED CALLS MARKET STRATEGIES ADVANCED STRATEGIES TRADER PSYCHOLOGY TRADING ERRORS AND MISTAKES STRATEGIES FOR MAKING THE BEST OF A BAD SITUATION FINDING A SUITABLE MARKET MONEY MANAGEMENT A PROJECT FOR SUCCESS

The key, of course, is understanding when to get in and out of trades and what strategies should be used to both minimize losses and increase the probability of profits. I hope to cover this type of information for you in this book using plain English explanations so that you can get started trading as soon as possible. Now, I know from experience that not everyone who reads this book is going to follow my advice exactly, there are going to be some people that end up just losing money. That's just unfortunate because if you develop a solid trading plan with options, it's actually fairly easy to protect your investment account. We will explain some of the big reasons that people end up losing money following this path. Get your copy now.

## **Options Trading Crash Course**

If you've always wanted to learn how Options Trading works and understand every aspect of it in a short time to achieve the desired profits, then keep reading. Would you like to make major stock market profits, only having to invest hundreds of dollars, rather than having to spend years and thousands of dollars methodically investing? What if you could earn an ROI of 40%, 50%, or even 100%? Would you like to earn regular income on a weekly basis from the stock market? All of this and more is possible while trading options. Sadly, few individual traders understand what options are even if they know they exist. Options trading has long been seen as too hard for the guy or gal off the street to understand, and it has long seemed to be an insider's game. What if I told you that anyone can trade options and earn significant profits doing so? In this book you are going to find the exact same steps professional options traders use to earn consistent profits from the stock market. Maybe the best news is that you can do it at any level or time commitment that fits

your lifestyle. Want to earn \$500 a month in profit? Or maybe \$1,000 a month, or \$10,000 a month? You could even be thinking about earning \$100,000 a month. The most exciting thing about options, is that you can earn all of these and more, and you can do it using different trading methods and without having to sink in a large amount of capital to get started. In this book you will learn: Why you only need a few hundred dollars to get started. How to earn a massive profit with a huge ROI on stock market price moves. Ways to earn money on declining stock prices. The joys of earning an income from options each and every single week. You may even be able to quit your job! The different types of options there are – we'll demystify calls and puts for you. The most common options trading strategies used on the markets by professionals. Learn all about the Iron Condor and Iron Butterfly. Find out how people are earning regular income from vertical spreads. Discover the joys of "selling naked". And much, much more! So, don't delay another minute. Find out how you can become a successful trader in the world of options contracts. You will find it not only to be easy to learn but truly rewarding to see yourself putting practical information to work for you. Best of all, you don't need an advanced degree in business or finance. Everything you need to get started is right here. Download this book today and begin your new career as an independent options trader. We are confident that you will hit the ground running. Many others have done it, too. You can take full advantage of this lucrative opportunity to escape the rat race and be well on your way to financial independence. All you need is a little nudge in the right direction. So, here it is! Don't wait any longer. ## Options Trading Crash Course

This publication aims to fill the void between books providing an introduction to derivatives, and advanced books whose target audience are members of quantitative modelling community. In order to appeal to the widest audience, this publication tries to assume the least amount of prior knowledge. The content quickly moves onto more advanced subjects in order to concentrate on more practical and advanced topics. "A master piece to learn in a nutshell all the essentials about volatility with a practical and lively approach. A must read!" Carole Bernard, Equity Derivatives Specialist at Bloomberg "This book could be seen as the 'volatility bible'!" Markus-Alexander Flesch, Head of Sales & Marketing at Eurex "I highly recommend this book both for those new to the equity derivatives business, and for more advanced readers. The balance between theory and practice is struck At-The-Money" Paul Stephens, Head of Institutional Marketing at CBOE "One of the best resources out there for the volatility community" Paul Britton, CEO and Founder of Capstone Investment Advisors "Colin has managed to convey often complex derivative and volatility concepts with an admirable simplicity, a welcome change from the all-too-dense tomes one usually finds on the subject" Edmund Shing PhD, former Proprietary Trader at BNP Paribas "In a crowded space, Colin has supplied a useful and concise guide" Gary Delany, Director Europe at the Options Industry Council

## Options Trading Crash Course

Are you thinking about trading in Options? Are you a complete beginner and want to know more before you risk any money? This guide is the perfect place for you to start! Options Trading is a system that allows buyers of contracts to buy or sell a security at a chosen price. This can be a highly profitable way of trading but with such high potential also comes greater risks. If you are seriously considering whether or not to embark on this way of trading then you need to know all the facts before you invest, to cut down on the possibility of failure and loss of capital. This new book, Options Trading Crash Course: The #1 Beginner's Guide to Make Money with Trading Options, will help you to understand the way this type of trading works, and covers things like: Ø How to start trading Options Ø Day trading strategies Ø The basics of Options Trading and investing Ø Strategies for success Ø Managing the risk effectively Ø The main reasons for trading stock options Ø Advanced strategies for when you are ready to step up Ø Common mistakes you can avoid Ø And more... Even if you have never been involved in the stock market at any level before, Options Trading Crash Course will give you a thorough background in it and help you to make the informed decisions that will give you the best chance of success. With it you could find your way to a profitable and more financially lucrative future! Scroll up and click Add to Cart for your copy now!

## Trading Volatility

55% OFF for Bookstores! Now at \$14,90 instead of \$26.99 Why are people interested in options trading? You customer will never stop to use this guide! You may wonder, as a beginner, how can you start trading online. The answer is very simple, you can certainly be a beginner on the subject, but you cannot be unaware of what you are talking about. Therefore, the main thing is to get informed by reading books that explain the basic concepts of the topic and what online trading is, and how it works. Online trading is a form of investing that has been heard more and more often in recent years. It has become one of how many people, not

necessarily insiders, decide to make money. But what are the first steps to take for those who want to start online trading? Starting to operate with online trading if you do not have the basic knowledge is difficult if you do not first carefully study the subject of technical analysis of the markets, how investments work, and the platforms that allow you to operate online. It is very important to understand the use of technical tools, with which to study an operational strategy to make money, charts and indicators with which to identify the trend and price volatility. Inside this complete guide, you will: - Learn The Basics Of Options Trading And Investing o have a clear idea about the matter and how it means to trade-in options. - Discover the Most Common Mistakes to Avoid o help you invest your money most profitably, minimizing the risks. - Understand What Market Volatility Is and How to Best Manage Risks to always respond to any change in the market in the most effective way. - Know Advanced and Very Detailed Skills and Strategies provided with examples, graphs, tables, and diagrams to facilitate your understanding. - How to Turn Options Trading into Passive Income so you can live the life you want to help you set the right expectations and technically explore the concept. You will also learn about the most common sources of non-active income or income that does not require you to invest your time and effort to generate it. - ... & Lot More! Options trading offers numerous benefits. Whether you are looking for opportunities in a wide range of markets, or you want to cover existing positions or simply see if a trade is suitable for your needs, to start trading options, you will always need to follow these five steps: understanding how prices are set, understanding the risks, develop a strategy, deciding how to trade, and to open an account.
