

Koala

I Don't Like Koala

What's not to love about a cute, cuddly...creepy toy koala? This is the story of a boy and the stuffed animal he just can't seem to shake. Adam does not like Koala. Koala is a little creepy. Adam tries explaining this to his parents. He tries putting Koala away—far away. He tries taking Koala on a long, long walk. Nothing works. Will Adam ever be rid of Koala? This darkly funny debut picture book from Sean Ferrell and Charles Santoso celebrates imagination and bravery while addressing a universal childhood dilemma: what to do about that one stuffed animal who just won't stop staring at you.

Koala Lou

'Mem Fox's books are like a warm blanket; they have a way of making the world seem a little cosier.' The Age A gorgeous special edition celebrating 35 years of this Australian classic by the bestselling and much-loved author of *Where is the Green Sheep?* and *Possum Magic*. There was once a baby koala, so soft and round that all who saw her loved her. Her name was Koala Lou. Koala Lou is the first born in a large family. She feels sad because her mother seems too busy to pay her any attention. Perhaps if she wins the tree-climbing at the Bush Olympics her mother might notice her again . . . 'A first-rate choice for bedtime, story hour, or reading aloud.' The Horn Book 'Another winner from one of Australia's favorite authors.' Kirkus Reviews All illustrator royalties from this special edition will be donated to the Indigenous Literacy Foundation to help raise literacy levels and opportunities for Indigenous children living in remote and isolated areas.

The Lion Inside

An inspiring story that shows we all have a lion inside of us! \"That day they BOTH learnedThat, no matter your size,We all have a mouseAND a lion inside.\" A mouse feels small and insecure and determines that what he needs to do is learn how to roar like a lion. He knows he has to act brave when he approaches a lion to learn how. In a hilarious turn of events, the lion is afraid of mice! The mouse comforts the lion, they become friends, and we learn that there's a lion and a mouse inside all of us.The inspiring text by Rachel Bright and the fun, bold illustrations by Jim Field teach young readers an important lesson. Regardless of how big or mighty we are, we can all live our dreams and do what we want to do. Fans of Aesop's \"The Lion and the Mouse\" will enjoy The Lion Inside!

Look! There's a Koala

Can you find all the cute koalas inside this book? Meet ten super sweet furry friends and then find them on every page. From the chocolate factory to the fairgrounds, these koalas are having fun all over the place. Explore the busy scenes full of wacky characters and see what you can spot!

The Koala

Rev. ed. of: *The koala* / Anthony Lee and Roger Martin. 1988.

Koala Is Not a Bear

Where does Koala belong? Find out, in this sweet story of friendship and family- with fun facts about

marsupials thrown in. As Koala tries to find her place, alert readers will recognize clues about where Koala belongs. Using humor and fun illustrations, this engaging story will reel kids in and leave them with a satisfying ending.

Eco Baby Where Are You Koala?

Take a trip to the land down under and search for Koala in this plastic-free touch and feel book. You'll discover beautiful endangered animals along the way! G'day, mate! Let your little explorer take a journey through the Australian forest to track down the rarely sighted koala. Say hello to wombats, crocodiles, and kangaroos in their natural habitat. But where could Koala be? Is Koala by the riverbank? No, that's Crocodile. Who's bouncing along with a baby in her tummy pouch? That's not Koala. It's Kangaroo! Her baby is called a joey. Only on the last page, will Koala be revealed. Your toddler will love meeting all of Koala's Australian animal friends in this imaginative educational book. Natural cardboard pages with colorful illustrations, fun corrugated elements, and cut out sections encourage little fingers to explore. Your toddler will learn how to recognize the names and describe all the incredible animals they see in this charming baby book. Plastic-Free Touch and Feel This board book is designed to enhance your child's reading experience, while also protecting the environment. Unlike other touch and feel books, Eco Baby: Where Are You Koala? doesn't contain any plastic. Made from responsibly sourced cardboard, everything in this book is completely recyclable. It's the perfect eco-friendly gift for kids. Complete the Series There are more plastic-free touch and feel picture books to discover in this series from DK Books. Explore the icy Arctic to find the polar bear in Eco Baby: Where Are You Polar Bear?, or search the tropical jungle for the tiger in Eco Baby: Where Are You Tiger? Each book takes you on a journey through a different landscape in search of an animal at risk of extinction.

Brave Koala

In Brave Koala, a young koala decides he is ready to explore the world by himself. The koala is a marsupial a mammal that raises its young, called a joey, in a pouch or fold of skin. A newborn joey climbs through its mother's fur to the pouch, where it stays for 6 months. When a joey leaves the pouch, it will stay with its mother, hitching rides on her back, until it is about 12 months old. About the Author: Rebecca Johnson is an award-winning primary school science teacher and has written more than 60 books for children.

Koala

Introduction to koalas and the reasons that their numbers have been declining.

That's Not My Donkey

A fabulous addition to the best-selling Usborne Touchy-feely series, which boasts over 1 million sales worldwide. Bold illustrations, simple text and carefully chosen textures on every page, including fuzzy noses and tufty tails, are designed to help develop sensory awareness.

The Life Cycle of a Koala

A koala lives most of its life alone, eating and sleeping high up in the eucalyptus trees of Australia. The Life Cycle of a Koala looks at the life of this ancient marsupial and explains, life in its mother's pouch, how it feeds, and the dangers it faces on the outside.

Meet Maud the Koala

Meet Maud: the adorable--and often anxious--young koala just trying to cope with a sometimes-

overwhelming world! J. E. Morris's charming illustrations and comic-like panels make this a unique format with a narrative style perfect for storytime or young graphic novel fans. Maud is a typical young koala--she likes to have fun at the playground, go to dance class, and practice tae kwon do. But sometimes she feels anxious, and she isn't sure how to handle it! By using her imagination and getting a little help from her friends, Maud discovers ways to face some of the things that at first seem so scary. In *Fish Are Not Afraid of Doctors*, Maud gets nervous waiting at the doctor's office for a checkup, so she looks to the fish tank in the waiting room for comfort. When she has to get a shot, she shuts her eyes and pretends she's a fish! In *Much Too Much Birthday*, Maud is having a birthday party with all her friends. But when the guests arrive and the party gets packed, she isn't so sure it was such a good idea after all. What will happen if Maud can't bear her own birthday?

Koalas

Describes the physical characteristics, life cycle, behavior, and conservation of koalas.

Cuddly Koala

“The watercolor illustrations are dramatic, colorful, and attractive. . . . Youngsters will enjoy learning about the marsupial . . . all within a moving tale filled with adventure.” — School Library Journal When a young male koala outgrows his mother’s pouch, it’s time to find a new home for himself, braving perils and adventures along the way. Rival koalas, fierce storms, and frightening snakes force Koala to keep moving until he finds a safe place to call his own. In this dramatic nonfiction account, two renowned Australian picture book creators bring us a surprising and authentic look at the ever-popular koala.

Koala

\“When Lily's Mum tells her that she wishes she could build a bridge between their two homes, Lily and her dog, Woof, swap stick hunts for bridge hunts and set off in search of a bridge to Australia. This is a charming and whimsical tale of a little girl, her furry best friend and a big imagination. *Kiwis and Koalas* is a beautifully illustrated story that will take you on a magical journey around Australia and New Zealand, stopping to sightsee along the way.\”--Publisher.

Kiwis and Koalas

A nearly silent romantic tragedy, *Nufonia Must Fall* is the first graphic novel ever published by world renowned, Platinum-selling DJ Kid Koala. Accompanied by an original CD soundtrack, with ten exclusive tracks composed and performed by Kid Koala, the wordless book tells in beautifully shaded b/w illustrations the story of a robot and the workaholic girl he falls for. Delightfully eccentric, *Nufonia Must Fall* will appeal to the scores of existing Kid Koala fans old and new, as well as comic book fans, film buffs and music lovers alike.

Nufonia Must Fall

Take a tour of a hospital dedicated to caring for sick and injured koalas.

Koala Hospital

Describes the journey of a baby koala from birth to adulthood, showing the things its mother must teach it to do to survive on its own.

A Koala's World

Describes the rescue and rehabilitation of a baby koala.

Jimmy the Joey

Picture And Captions

Koala Stories

Australian-themed rhyming board book with fun silicone touches.

Never Touch a Koala

Mel is a koala joey. She is growing up in a park in Australia. She likes to ride on her mother's belly. In less than a year, she grows from a tiny pink baby living in her mother's pouch into a full-grown, eucalyptus-leaf-eating koala.

A Koala Joey Grows Up

A detailed and fascinating examination of the history and unique ecology of Australia's best-loved animal.

Koala

The koala is both an Australian icon and an animal that has attained 'flagship' status around the world. Yet its history tells a different story. While the koala figured prominently in Aboriginal Dreaming and Creation stories, its presence was not recorded in Australia until 15 years after white settlement. Then it would figure as a scientific oddity, despatched to museums in Britain and Europe, a native animal driven increasingly from its habitat by tree felling and human settlement, and a subject of relentless hunting by trappers for its valuable fur. It was not until the late 1920s that slowly emerging protective legislation and the enterprise of private protectors came to its aid. This book surveys the koala's fascinating history, its evolutionary survival in Australia for over 30 million years, its strikingly adaptive physiognomy, its private life, and the strong cultural impact it has had through its rich fertilisation of Australian literature. The work also focuses on the complex problems of Australia's national wildlife and conservation policies and the challenges surrounding the environmental, economic and social questions concerning koala management. Koala embraces the story of this famous marsupial in an engaging historical narrative, extensively illustrated from widely sourced pictorial material.

Koala

A heart-warming story about a little koala bear that was afraid to go to sleep on his own for fear of waking up alone. This book, by first time author Lee Phethean, was written as a way to characterise why his own little boy wouldn't go to sleep without being comforted by his parents during those first few months. The first in a beautiful series of books, exploring everyday baby and toddler issues and bringing them to life in rhyming children's picture books that both adults and children will enjoy reading. Colourful, contrasting illustrations bring The Koala That Couldn't Sleep to life, offering perfect bedtime reading material and a fun way to talk about sleeping habits with your own special, little koala.

The Koala That Couldn't Sleep

Winner of the 2023 Whitley Award for Popular Ecology A New Scientist Best Popular Science Book of the Year "This is the book I've been waiting for." —Sy Montgomery, author of The Soul of an Octopus An

Australian biologist delves into the extraordinary world of koalas, from their ancient ancestors to the current threats to their survival. Koalas regularly appeared in Australian biologist Danielle Clode's backyard, but it was only when a bushfire threatened that she truly paid them attention. She soon realized how much she had to learn about these complex and mysterious animals. In vivid, descriptive prose, Clode embarks on a delightful and surprising journey through evolutionary biology, natural history, and ecology to understand where these enigmatic animals came from and what their future may hold. She begins her search with the fossils of ancient giant koalas, delving into why the modern koala has become the lone survivor of a once-diverse family of uniquely Australian marsupials. Koala investigates the remarkable physiology of these charismatic creatures. Born the size of tiny "jellybeans," joeys face an uphill battle, from crawling into their mother's pouch to being weaned onto a toxic diet of gum-tree leaves, the koalas' single source of food. Clode explores the complex relationship and unexpected connections between this endearing species and humans. She explains how koalas are simultaneously threatened with extinction in some areas due to disease, climate change, and increasing wildfires, while overpopulating forests in other parts of the country. Deeply researched and filled with wonder, *Koala* is both a tender and inquisitive paean to a species unlike any other and a call to ensure its survival.

Koala: The Extraordinary Life of an Enigmatic Animal

A heartwarming story of love and survival inspired by the 'Sam the Koala' rescue story from Victoria's devastating bushfires in 2009.

Koala Sam

Planet Earth meets Narwhal and Jelly in this funny and suspenseful early reader graphic novel series featuring heroic animals surviving in the perilous wilderness! Inspired by true events, the book includes facts about climate change, koalas, and how kids can help protect the environment. "A heartening and pensive story, told through irresistibly charming art, *Star the Elephant* is an utter delight." —John Patrick Green, New York Times bestselling creator of *InvestiGators*, on *Star the Elephant* *Rainbow the Koala* is ready to go off and live on his own—or so his mom says. But *Rainbow* is scared! The kookaburra bird cackles at him and he struggles to find a tree to call his home. As scorching heat takes hold and *Rainbow* runs out of water, he'll soon face his most dangerous test: surviving a bush fire.

Surviving the Wild: Rainbow the Koala

A reassuring bedtime story about the special bond between a parent and child. When Little Koala gets lost in the forest, the other mommies offer her cuddles, bedtime stories, and lullabies. But there's only one thing Little Koala wants... a hug from her mommy!

Cuddle Close, Little Koala

Age range 5+ Did you know that platypus have retractable webbing on their hind feet to enable an easy transition from swimming to digging? That kangaroos can't sweat and that the cassowary has no tongue? In *Fauna - Australia's Most Curious Creatures*, readers are constantly introduced to facts that delight, amaze and induce sheer wonder at the clever design and adaptability of our much-loved native fauna. The information on each individual species is presented in small 'bites' to hold the interest of younger readers, while the information taken in total gives a comprehensive summary of each species, including breeding and feeding habits, physical characteristics, habitat and other unique and quirky features. *Fauna* also has a strong conservation message with an 'extinction roll call' and a rating for the vulnerability of endangered species. The stylised illustrations in *Fauna* are lively, colourful and informative, highlighting facts that lend themselves more to pictures than words e.g. the actual size of crocodile teeth, or the mechanics of the echidna's beak. There is also humour in the illustrations - is that kangaroo with dark glasses actually from a different kind of mob? Readers young and old will be delighted and informed by *Fauna*.

Fauna

Nala the koala has lost her home. She searches far and wide, but some places are too sandy, some are too smoky and some are just too scratchy! Where have all the trees gone? A sweet story that gently touches on displacement, finding your home and preserving precious environments. All royalties from sales of this book will be donated to WIRES to help protect koalas and other Australian animals in need.

The Koala Book
