

Beowulf

Beowulf

Beowulf may be called a heroic and philosophical epic in a traditional verse form, an exploration of the possibilities of meaning in a finite life bounded by darkness. The poem's powerful story gives its vision of the human condition substance and authority; a reading of Beowulf must come to terms with its story and its stories; its characters and their world. This is a royalist's poem, its great hero is born a prince and dies a king still serving the memory of the beloved king of his youth. The characters of the poem are royals, courtiers, court poets, and aristocratic warriors; the poem's vision of history is dynastic and cyclical; royal families prove as mortal as royals themselves. The poem's brilliant world is seen as transitory from the first and at the last the poem proposes in a world of uncertainty a value not subject to the injury of time, the fame that survives the hero.

The Beowulf Reader

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

A Beowulf Handbook

The most revered work composed in Old English, Beowulf is one of the landmarks of European literature. This handbook supplies a wealth of insights into all major aspects of this wondrous poem and its scholarly tradition. Each chapter provides a history of the scholarly interest in a particular topic, a synthesis of present knowledge and opinion, and an analysis of scholarly work that remains to be done. Written to accommodate the needs of a broad audience, A Beowulf Handbook will be of value to nonspecialists who wish simply to read and enjoy Beowulf and to scholars at work on their own research. In its clear and comprehensive treatment of the poem and its scholarship, this book will prove an indispensable guide to readers and specialists for many years to come.

Beowulf and the Illusion of History

Most Beowulf scholars have held either that the poems' minor episodes are more or less based on incidents in Scandinavian history or at least that they entail nothing of the fabulous or monstrous. Beowulf and the Illusion of History contends that, like the poem's Grendelkin episodes, certain minor episodes involve monsters and contain motifs of the "Bear's Son" folktale. In the Finn Episode the monsters are to be taken as physically present in the story as we have it, while in the mention of the hero's fight with Daeghrefn and perhaps in the accounts of the fight with Ongenbeow, the principal foes, though originally monsters, appear now more like ordinary humans. The inference permits the elucidation of passages hitherto obscure and indicates that the capability of the Beowulf poet as a "maker" is greater than has been thought. John F. Vickrey, is Professor of English, Emeritus, at Lehigh University.

Beowulf

Presents a series of critical essays discussing the structure, themes, and subject matter of the epic poem which relates the exploits of the Anglo-Saxon warrior Beowulf, and how he came to defeat the monster Grendel.

The Art and Thought of the Beowulf Poet

In *The Art and Thought of the Beowulf Poet*, Leonard Neidorf explores the relationship between Beowulf and the legendary tradition that existed prior to its composition. The Beowulf poet inherited an amoral heroic tradition, which focused principally on heroes compelled by circumstances to commit horrendous deeds: fathers kill sons, brothers kill brothers, and wives kill husbands. Medieval Germanic poets relished the depiction of a hero's unyielding response to a cruel fate, but the Beowulf poet refused to construct an epic around this traditional plot. Focusing instead on a courteous and pious protagonist's fight against monsters, the poet creates a work that is deeply untraditional in both its plot and its values. In Beowulf, the kin-slayers and oath-breakers of antecedent tradition are confined to the background, while the poet fills the foreground with unconventional characters, who abstain from transgression, display courtly etiquette, and express monotheistic convictions. Comparing Beowulf with its medieval German and Scandinavian analogues, *The Art and Thought of the Beowulf Poet* argues that the poem's uniqueness reflects one poet's coherent plan for the moral renovation of an amoral heroic tradition. In Beowulf, Neidorf discerns the presence of a singular mind at work in the combination and modification of heroic, folkloric, hagiographical, and historical materials. Rather than perceive Beowulf as an impersonally generated object, Neidorf argues that it should be read as the considered result of one poet's ambition to produce a morally edifying, theologically palatable, and historically plausible epic out of material that could not independently constitute such a poem.

Beowulf

Finest heroic poem in Old English celebrates character and exploits of Beowulf, a young nobleman of the Geats, a people of southern Sweden. Narrative combines mythical elements, Christian and pagan sensibilities, actual historical figures and events to create a striking work of great power and beauty. Authoritative translation by R. K. Gordon. Genealogies.

Beowulf

Interpretations of Beowulf brings together over six decades of literary scholarship. Illustrating a variety of interpretative schools, the essays not only deal with most of the major issues of Beowulf criticism, including structure, style, genre, and theme, but also offer the sort of explanations of particular passages that are invaluable to a careful reading of a poem. This up-to-date collection of significant critical approaches fills a long-standing need for a companion volume for the study of the poem. Larger patterns in the history of Beowulf criticism are also traceable in the chronological order of the collection. The contributors are Theodore M. Andersson, Arthur Gilchrist Brodeur, Jane Chance, Laurence N. de Looze, Margaret E. Goldsmith, Stanley B. Greenfield, Joseph Harris, Edward B. Irving, Jr., John Leyerle, Francis P. Magoun, Jr., M. B. McNamee, S. J., Bertha S. Phillpotts, John C. Pope, Richard N. Ringler, Geoffrey R. Russom, T. A. Shippey, and J. R. R. Tolkien.

The Story of Beowulf

A lengthy introduction discussing historical background accompanies the poem about the monster slayer Beowulf.

Interpretations of Beowulf

During the twenty years that have passed since the publication of J.R.R. Tolkien's famous lecture, "Beowulf, the Monsters and the Critics," interest in Beowulf as a work of art has increased gratifyingly, and many fine papers have made distinguished contributions to our understanding of the poem as poetry and as heroic narrative. Much more, however, remains to be done. We have still no systematic and sensitive appraisal of the poem later than Walter Morris Hart's *Ballad and Epic*, no thorough examination of the poet's gifts and powers, of the effects for which he strove and the means he used to achieve them. More than enough remains to occupy a generation of scholars. It is my hope that this book may serve as a kind of prolegomenon to such study. It makes no claim to completeness or finality; it contributes only the convictions and impressions

which have been borne in upon me in the course of forty years of study of the poem. - Preface.

Beowulf

In *"Beowulf: An Introduction to the Study of the Poem with a Discussion of the Stories of Offa and Finn,"* R. W. Chambers delves into the intricate tapestry of Anglo-Saxon literature, offering a comprehensive analysis of the famed epic, *"Beowulf."* Chambers employs a clear, scholarly prose style that balances rigor with accessibility, allowing both novice readers and seasoned scholars to engage deeply with the text. He situates the poem within its literary context, exploring its themes of heroism, mortality, and the interplay of fate and free will, while thoughtfully incorporating relevant narratives such as those of Offa and Finn to enhance understanding of the cultural milieu influencing the poem's creation. R. W. Chambers, an esteemed philologist and literary historian, profoundly influenced the study of Old English literature. His scholarly pursuits were shaped by his early education in London, followed by academic tenure in various institutions, where he developed a passion for Medieval studies. Chambers' intimate familiarity with both the language and historical context of the period endowed him with unique insights, rendering him an authoritative voice in the analysis of such texts. This book is an essential read for anyone seeking to grasp the complexities of *"Beowulf."* Chambers' meticulous approach not only enriches the reader's appreciation of the poem but also provides a vital framework for understanding its enduring legacy in the canon of English literature. Whether you are a student, educator, or literature enthusiast, this text will enhance your comprehension of a cornerstone of Anglo-Saxon narrative.

Beowulf

Presents the prose translation of the Old English epic that Tolkien created as a young man, along with selections from lectures on the poem he gave later in life and a story and poetry he wrote in the style of folklore on the poem's themes.

The Art of Beowulf

A widely celebrated translator's vivid, accessible, and elegantly concise rendering of an ancient English masterpiece *Beowulf* tells the story of a Scandinavian hero who defeats three evil creatures--a huge, cannibalistic ogre named Grendel, Grendel's monstrous mother, and a dragon--and then dies, mortally wounded during his last encounter. If the definition of a superhero is "someone who uses his special powers to fight evil," then *Beowulf* is our first English superhero story, and arguably our best. It is also a deeply pious poem, so bold in its reverence for a virtuous pagan past that it teeters on the edge of heresy. From beginning to end, we feel we are in the hands of a master storyteller. Stephen Mitchell's marvelously clear and vivid rendering re-creates the robust masculine music of the original. It both hews closely to the meaning of the Old English and captures its wild energy and vitality, not just as a deep "work of literature" but also as a rousing entertainment that can still stir our feelings and rivet our attention today, after more than a thousand years. This new translation--spare, sinuous, vigorous in its narration, and translucent in its poetry--makes a masterpiece accessible to everyone.

Beowulf: An Introduction to the Study of the Poem with a Discussion of the Stories of Offa and Finn

An illustrated retelling of the oldest English epic, *"Beowulf,"* in which a Norse hero saves Denmark's royal house from monsters, returns home to become his own people's greatest king, and then faces a murderous dragon to protect them.

Beowulf

This is a complete guide to the text and context of the most famous Old English poem. In this book, the specific roles of selected individual characters, both major and minor, are assessed.

Beowulf

Beowulf is the oldest and most complete epic poem in any non-Classical European language. Our only manuscript, written in Old English, dates from close to the year 1000. However, the poem remained effectively unknown even to scholars until the year 1815, when it was first published in Copenhagen. This impressive volume selects over one hundred works of critical commentary from the vast body of scholarship on Beowulf - including English translations from German, Danish, Latin and Spanish - from the poem's first mention in 1705 to the Anglophone scholarship of the early twentieth century. Tom Shippey provides both a contextual introduction and a guide to the eighteenth- and nineteenth-century scholarship which generated these Beowulf commentaries. The book is a vital document for the study of one of the major texts of 'the Northern renaissance', in which completely unknown poems and even languages were brought to the attention first of the learned world and then of popular culture. It also acts as a valuable guide to the development of nationalist and racist sentiment, beginning romantically and ending with World War and attempted genocide.

Beowulf

CLASSIC FICTION. This is a new title in the "Usborne Reading Programme"

Beowulf

Beowulf is to English what the Odyssey and Iliad are to Greek literature - the oldest example of vernacular literature of any substance not only in England but in the whole of western Europe. Since its rediscovery and the appearance of the first printed editions in the middle of the last century, this moving and dramatic epic has attracted considerable scholarly attention, and Dr Swanton is able to draw on this wealth of scholarship to present a considered and balanced introduction to the poem. Explanatory notes, drawing on archaeological sources, expand the poet's more esoteric allusions and offer background information on contemporary manners and customs. A prose translation faces the text, which should be invaluable to both students and the general reader.

A Critical Companion to Beowulf

This fifth, revised edition of Wrenn's Beowulf strives to retain the four distinctive features of the previous editions: textual conservatism, concise presentation, concentration on the needs of literary students, and Wrenn's superb erudition and experience. For the most part it leaves intact Wrenn's basic intentions and editorial decisions; with rare exceptions, they have been altered only because of new evidence that Wrenn could not have seen. Includes the Old English text of 'Beowulf' and the 'Finnesburg Fragment', with introduction, notes and glossary.

Beowulf

Frederick Klaeber's Beowulf has long been the standard edition for study by students and advanced scholars alike. Its wide-ranging coverage of scholarship, its comprehensive philological aids, and its exceptionally thorough notes and glossary have ensured its continued use in spite of the fact that the book has remained largely unaltered since 1936. The fourth edition has been prepared with the aim of updating the scholarship while preserving the aspects of Klaeber's work that have made it useful to students of literature, linguists, historians, folklorists, manuscript specialists, archaeologists, and theorists of culture. A revised Introduction and Commentary incorporates the vast store of scholarship on Beowulf that has appeared since 1950. It

brings readers up to date on areas of scholarship that have been controversial since the last edition, including the construction of the unique manuscript and views on the poem's date and unity of composition. The lightly revised text incorporates the best textual criticism of the intervening years, and the expanded Commentary furnishes detailed bibliographic guidance to discussion of textual cruces, as well as to modern and contemporary critical concerns. Aids to pronunciation have been added to the text, and advances in the study of the poem's language are addressed throughout. Readers will find that the book remains recognizably Klaeber's work, but with altered and added features designed to render it as useful today as it has ever been.

Beowulf

No detailed description available for \"Beowulf and Epic Tradition\".

Beowulf

He comes out of the darkness, moving in on his victims in deadly silence. When he leaves, a trail of blood is all that remains. He is a monster, Grendel, and all who know of him live in fear. Hrothgar, the king of the Danes, knows something must be done to stop Grendel. But who will guard the great hall he has built, where so many men have lost their lives to the monster while keeping watch? Only one man dares to stand up to Grendel's fury --Beowulf.

Beowulf

This book contains the best and most formative pieces of Beowulf production art and concept art, including sketches, sculpture maquettes, 3-D renders, and digital paintings.

A Translation of the Anglo-Saxon Poem of Beowulf

The most revered work composed in Old English, Beowulf is one of the landmarks of European literature. This handbook supplies a wealth of insights into all major aspects of this wondrous poem and its scholarly tradition. Each chapter provides a history of the scholarly interest in a particular topic, a synthesis of present knowledge and opinion, and an analysis of scholarly work that remains to be done. Written to accommodate the needs of a broad audience, A Beowulf Handbook will be of value to nonspecialists who wish simply to read and enjoy Beowulf and to scholars at work on their own research. In its clear and comprehensive treatment of the poem and its scholarship, this book will prove an indispensable guide to readers and specialists for many years to come.

Klaeber's Beowulf, Fourth Edition

Beowulf, like The Iliad and The Odyssey, is a foundational work of Western literature that originated in mysterious circumstances. In *The Transmission of Beowulf*, Leonard Neidorf addresses philological questions that are fundamental to the study of the poem. Is Beowulf the product of unitary or composite authorship? How substantially did scribes alter the text during its transmission, and how much time elapsed between composition and preservation? Neidorf answers these questions by distinguishing linguistic and metrical regularities, which originate with the Beowulf poet, from patterns of textual corruption, which descend from copyists involved in the poem's transmission. He argues, on the basis of archaic features that pervade Beowulf and set it apart from other Old English poems, that the text preserved in the sole extant manuscript (ca. 1000) is essentially the work of one poet who composed it circa 700. Of course, during the poem's written transmission, several hundred scribal errors crept into its text. These errors are interpreted in the central chapters of the book as valuable evidence for language history, cultural change, and scribal practice. Neidorf's analysis reveals that the scribes earnestly attempted to standardize and modernize the text's orthography, but their unfamiliarity with obsolete words and ancient heroes resulted in frequent errors.

The Beowulf manuscript thus emerges from his study as an indispensable witness to processes of linguistic and cultural change that took place in England between the eighth and eleventh centuries. An appendix addresses J. R. R. Tolkien's *Beowulf: A Translation and Commentary*, which was published in 2014. Neidorf assesses Tolkien's general views on the transmission of Beowulf and evaluates his position on various textual issues.

Beowulf and Epic Tradition

Beowulf, a young warrior of the Geats, comes to the aid of Hrothgar, king of the Danes, in his time of need. He first fights the hellish Grendel, then struggles with Grendel's no less fearsome mother in her hall beneath the cold waters of the mere. More than fifty years later, he must face his final challenge in the shape of a huge dragon.

Beowulf

Readers of Beowulf have noted inconsistencies in Beowulf's depiction, as either heroic or reckless. *Heroic Identity in the World of Beowulf* resolves this tension by emphasizing Beowulf's identity as a foreign fighter seeking glory abroad. Such men resemble *wreccan*, "exiles" compelled to leave their homelands due to excessive violence. Beowulf may be potentially arrogant, therefore, but he learns prudence. This native wisdom highlights a king's duty to his warband, in expectation of Beowulf's future rule. The dragon fight later raises the same question of incompatible identities, hero versus king. In frequent reference to Greek epic and Icelandic saga, this revisionist approach to Beowulf offers new interpretations of flyting rhetoric, the custom of "men dying with their lord," and the poem's digressions.

Beowulf

This exhilarating graphic-novel edition of an ancient classic honors the spirit of the original as it attracts modern readers. The epic tale of the great warrior Beowulf has thrilled readers through the ages — and has been reinvented for a new generation with Gareth Hinds's masterful illustrations. Grendel's black blood runs thick as Beowulf defeats the monster and his hideous mother, while somber hues overcast the hero's final, fatal battle against a raging dragon. Speeches filled with courage and sadness, lightning-paced contests of muscle and will, and funeral boats burning on the fjords are all rendered in glorious and gruesome detail. Told for more than a thousand years, Beowulf's heroic saga finds a true home in this graphic-novel edition.

The Art of Beowulf

THE TOMB OF BEOWULF Fred C. Robinson is known throughout the world for some of the most original and stimulating work on Old English literature and language published in recent times. This book collects twenty three of his essays, including three substantial new articles on the literary interpretation of Beowulf, the background and value of Ezra Pound's translation of *The Seafarer*, and an account of the use of Old English in twentieth-century literary compositions. The essays vary widely in terms of subject and approach. They include literary interpretation and criticism of the best-known Old English poems (*The Battle of Maldon* and *Exodus* for example), an account of the historical, religious, and cultural background to the writing of Beowulf, articles on women in Old English literature and on the significance of names and naming. The book as a whole is informed by the author's preoccupation with meaning, context, and language, and their subtle interactions. Its contents are equally characterized by readability and scholarship, and by learning and wit.

A Beowulf Handbook

This book presents the complete Old English text of Beowulf, the most celebrated poem of the Anglo-Saxon

era, in short sections followed by verse translations and extensive commentaries. Above all, it makes the anonymous poet's extraordinary literary achievement accessible to interested modern readers who are not familiar with the language he employs with such uncanny power.

The Transmission of Beowulf

Beowulf is the longest and finest literary work to have come down to us from Anglo-Saxon times, and one of the world's greatest epic poems. This acclaimed translation is complemented by a critical introduction and substantial editorial apparatus.

Beowulf

Features an introduction and a commentary that incorporates the scholarship on "Beowulf" that has appeared since 1950. This work includes detailed bibliographic guidance to discussion of textual cruces, as well as to modern and contemporary critical concerns. It also addresses aids to pronunciation and advances in the study of the poem's language.

Heroic Identity in the World of Beowulf

The classic story of Beowulf, hero and dragon-slayer, appears here in a new translation accompanied by genealogical charts, historical summaries, and a glossary of proper names. These and other documents sketching some of the cultural forces behind the poem's final creation will help readers see Beowulf as an exploration of the politics of kingship and the psychology of heroism, and as an early English meditation on the bridges and chasms between the pagan past and the Christian present. A generous sample of other modern versions of Beowulf sheds light on the process of translating the poem.
