Horse Crazy

"This story, if it is one, deserves the closure of a suicide, perhaps even the magisterial finality of what is usually called a novel, but the remnants of that faraway time offer nothing more than a taste of damp ashes, a feeling of indeterminacy, and the obdurate inconclusiveness of passing time." So writes the unnamed narrator of Horse Crazy, looking back on a season of madness and desire. The first novel from the brilliant, protean Gary Indiana, Horse Crazy tells the story of a thirty-five-year-old writer for a New York arts and culture magazine whose life melts into a fever dream when he falls in love with the handsome, charming, possibly heroin-addicted, and almost certainly insane Gregory Burgess. In the derelict brownstones of the Lower East Side in the late eighties, among the coked out restaurateurs and art world impresarios of the supposed "downtown scene," the narrator wanders through the fog of passion. Meanwhile, the AIDS epidemic is spreading through the city, and New York friendships sputter to an end. Here is a novel where the only moral is that thwarted passion is the truest passion, where love is a hallucination and the gravest illness is desire.

House of Leaves

THE MIND-BENDING CULT CLASSIC ABOUT A HOUSE THAT'S LARGER ON THE INSIDE THAN ON THE OUTSIDE • A masterpiece of horror and an astonishingly immersive, maze-like reading experience that redefines the boundaries of a novel. "Simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —Michiko Kakutani, *The New York Times* "Thrillingly alive, sublimely creepy, distressingly scary, breathtakingly intelligent—it renders most other fiction meaningless." —Bret Easton Ellis, bestselling author of *American Psycho* "This demonically brilliant book is impossible to ignore." —Jonathan Lethem, award-winning author of *Motherless Brooklyn* One of *The Atlantic's* Great American Novels of the Past 100 Years Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth—musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies—the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices, the story remains unchanged. Similarly, the cultural fascination with *House of Leaves* remains as fervent and as imaginative as ever. The novel has gone on to inspire doctorate-level courses and masters theses, cultural phenomena like the online urban legend of "the backrooms," and incredible works of art in entirely unreal mediums from music to video games. Neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of the impossibility of their new home, until the day their two little children wandered off and their voices eerily began to return another story—of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

Women's Diaries of the Westward Journey

More than a quarter of a million Americans crossed the continental United States between 1840 and 1870, going west in one of the greatest migrations of modern times. The frontiersmen have become an integral part of our history and folklore, but the Westering experiences of American women are equally central to an accurate picture of what life was like on the frontier. Through the diaries, letters, and reminiscences of women who participated in this migration, *Women's Diaries of the Westward Journey* gives us primary source material on the lives of these women, who kept campfires burning with buffalo chips and dried weeds, gave birth to and cared for children along primitive and dangerous roads, drove teams of oxen, picked berries, milked cows, and cooked meals in the middle of a wilderness that was a far cry from the homes they had left back east. Still (and often under the disapproving eyes of their husbands) they found time to write brave letters home or to jot a few weary lines at night into the diaries that continue to enthrall us. In her new foreword, Professor Mary Clearman Blew explores the enduring fascination with this subject among both historians and the general public, and places Schlissel's groundbreaking work into an intriguing historical and cultural context.
