Their initial airplane (Model A) **was**, tested at ...

Official Test Flight of **Wright Brothers**, Military Airplane, ...

"Hangar" and wheeled to launching site.

Orville Wright takes his place in the pilot's seat next to his passenger, Lt. Frank Lahm.

Counterweight in launching tower is pulled up. When weight is dropped, plane is pulled rapidly forward for take off.

Flight lasts 1 hour and 12 minutes - a world record for a pilot with passenger.

Most of the flight is at altitudes up to 150 feet.

Low level speed runs and a safe landing give spectators the final thrill of the day.

Gustav Whitehead vs. The Wrights - Gustav Whitehead vs. The Wrights 22 minutes - It's time to set the record straight. I don't think it's a coincidence that the American Inventor piece **was**, published on April 1st.

How Much of My Time Do I Spend Doing Research

Samuel Langley

Observations on Bird Soaring Birds

Now I Have To Stress that My Work Has Never Been Done Alone I Made that Point at the Very Beginning and One of the Great Blessings of My Working Life Has Been the Help of a Marvelous Man Named Mike Hill Who Has Spent Hours and Hours and Accumulatively Months Here in this Wonderful Repository Working with Peter Drumming and Others and Who Treasured that Experience As Much as I Have Mike Lives outside of Washington Dc and so He's Able To Work with the Two Smithsonian's Collections and the Library of Congress and the National Cause and Other Libraries and Collections in the Area

Making Sure He Got the Best Care Possible and Making Sure that that She Could Do It Did Everything She Could To Keep His Spirits up It Was Thought that He Would Never Walk Again and They Would Certainly Never Fly Again and He She Saw Him through It and He Later Said Himself and Others Did Too if It Weren't for Her He Probably Wouldn't Have Made It and He She Got Him Back to Dayton and Kept Working with Him Kept Encouraging and He Not Only Walked Again but He Flew Again and at His Insistence

And One of the Lessons That You Get from this Story Is They Would Not Give Up and They Always Learned from Their Mistakes They Always Learned from Their Failures whether It Was a Technical Failure with Aluminum Motor Block That They Pioneered Split When It Was First Tested They Build another One and It Worked or whether It Was Finding that All the Details that Data the Tables of Technical Mathematics Used by People like Chanute and and Langley Were Wrong They Were Worthless as Orville Said They Then Said Well We'Li Have To Do that Ourselves so They Created Their Own Wind Tunnel They Created a Little Models of Wing Shapes out of Axle Blades

So They Created Their Own Wind Tunnel They Created a Little Models of Wing Shapes out of Axle Blades and They Created Their Own Tables Which Were Correct all Way Ahead of Anybody at Mit or Rensselaer or the Smithsonian Institution all on Their Own by Learning from Their Mistakes Their Point Was that You if You're Knocked Down You Don't Lie There and Whimper and Whine and Lapse It into Self-Pity You Get Back Up on Your Feet Figure Out What You Did Wrong Do It Right and Go at It Again

Now I Want To Read You Something That the Father in Closing I Want To Read Something to You that the Father Wrote about Wilbur after Wilbur's Premature Death Tragic Death in 1912 He Died in His Bedroom at Home at Seven Hawthorne Street the House in Dayton at 3 : 15 in the Afternoon of the Morning of Thursday May 30th 1912 He Was 45 a Short Life Full of Consequences the Bishop Wrote an Unfailing Intellect Imperturbable Temper Great Self-Reliance and as Great Modesty Seeing the Right Clearly Pursuing It Steadily He Lived and Died Oh that that Could Be Said of More of Us Today

Adam Savage Examines the Wright Brothers 1909 Military Flyer - Adam Savage Examines the Wright Brothers 1909 Military Flyer 10 minutes, 51 seconds - NOTE: At the time of filming, there **was**, a mask mandate in effect at Smithsonian Institution. The **Wright Brothers**, ' 1909 flyer is an ...
