Why it's important to write down things you've learned

How do you articulate your thoughts

Reasons why you should articulate your thoughts

Why copying is bad and stealing is great

What copiers do, it's okay to be inspired by something

Don't copy the process, copy the ideas/process of how they came up with the idea

What's the number one rule? High value content/New vs Old

take something old and make it new

Creativity how to change. Make something big small and make something small big.

Remixing ideas

Look elsewhere. Don't look where everyone is looking

Make it sticky. The 3 things to make something memorable

What 20 things do you know about something you enjoy that people could pay you for. What will someone pay you for?

Testing ideas. Big impact for low effort

Why you're not good on social media

How Chris took an idea from a tweet to a carousel

Recap

Curating is okay, copying isn't

What should our call to action be (last slide)?

How do you write for what might be a hot topic?

Should the things you make be niche or have different looks/info

Should you post something that you don't think is going to do well even though it could help a couple of people?
