What a Hoot!

A companion to the best-selling Hot Dog, Cold Dog, Frann Preston-Gannon's new lap-sized boardbook, What a Hoot! explores opposites through the antics of adorable owls. Wide-eyed and plump, Frann's colorful little owls cavort happily through these pages--sloshing through the mud in a pair of rainboots ("This one's dirty") or nose-to-nose with a rubber ducky in a sudsy tub ("That one's clean"), they embody simple opposites that kids will immediately appreciate. A surprise ending adds to the read-aloud fun. In addition to the irresistibly cute owls, each spread includes other funny things for kids to spot, from "hidden" treats to a sneaky snail. Rhyming text makes this a great read-aloud while repetition encourages early reading skills. Story closes with a birthday party scene for all the owls. Praise for Frann's previous book, Hot Dog, Cold Dog: "Preston-Gannon's simple words will have children reading along in no time. The instant I started to read the story to my son I started to do it with a sing-song rhythm and continue to do so every time I read it. The simple text and rhyming will instantly draw your child in and have them wanting you to read it over and over again!" - Pawing Through Books "This larger format board book is a bright and bold delight. Each spread shows a dog but simple opposites (new dog, old dog) become increasingly surprising and more inventive with each turn of the page." - Books For Keeps

Hoot and Peep

In the night skies above Paris, an adorable young owl teaches her older brother about the power of imagination—and the unconditional love between siblings. Hoot the owl is very excited for his little sister, Peep, to join him on the cathedral rooftops. She's finally old enough to learn all his big brother owly wisdom: First, owls say hooo. Second, they always say hooo. Lastly, they ONLY say hooo! But why would Peep say hooo when she could say schweepty peep or dingity dong? Why would she speak when she could sing? As she explores the breathtaking Parisian cityscape, Peep discovers so many inspiring sights and sounds—the ring of cathedral bells, the slap of waves on stone—that she can't help but be swept up in the magic of it all. Hoot doesn't understand Peep's awe, until he takes a pause to listen . . . and realizes that you're never too old to learn a little something new. From the beloved author/illustrator of the classic picture book *Red Sled*, this gorgeous read aloud celebrates the wonder found in little things—and in the hearts of dreamers, young and old.

A Guide for Using Hoot in the Classroom

A hilarious, high-stakes adventure involving crooked casino boats, floating fish, toxic beaches, and one kid determined to get justice. This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! You know it's going to be a rough summer when you spend Father's Day visiting your dad in the local lockup. Noah's dad is sure that the owner of the Coral Queen casino boat is flushing raw sewage into the harbor—which has made taking a dip at the local beach like swimming in a toilet. He can't prove it though, and so he decides that sinking the boat will make an effective statement. Right. The boat is pumped out and back in business within days and Noah's dad is stuck in the clink. Now Noah is determined to succeed where his dad failed. He will prove that the Coral Queen is dumping illegally . . . somehow. His allies may not add up to much—his sister Abbey, an unreformed childhood biter; Lice Peeking, a greedy sot with poor hygiene; Shelly, a bartender and a woman scorned; and a mysterious pirate—but Noah's got a plan to flush this crook out into the open. A plan that should sink the crooked little casino, once and for all.

Hoot Howl Halloween

Carl Hiaasen takes us deep in the Everglades with an eccentric eco-avenger, a ticked-off panther, and two kids on a mission to find their missing teacher. Florida—where the animals are wild and the people are wilder! Bunny Starch, the most feared biology teacher ever, is missing. She disappeared after a school field trip to Black Vine Swamp. And, to be honest, the kids in her class are relieved. But when the principal tries to tell the students that Mrs. Starch has been called away on a "family emergency," Nick and Marta just don't buy it. No, they figure the class delinquent, Smoke, has something to do with her disappearance. And he

does! But not in the way they think. There's a lot more going on in Black Vine Swamp than any one player in this twisted tale can see. It's all about to hit the fan, and when it does, the bad guys better scat. "Ingenious . . . Scat won't disappoint Hiaasenphiles of any age." —The New York Times "Woohoo! It's time for another trip to Florida—screwy, gorgeous Florida, with its swamps and scammers and strange creatures (two- and four-legged). Our guide, of course, is Carl Hiaasen." —DenverPost.com

Hoot, Owl!

A wildly entertaining adventure involving snakes, grizzlies, a menacing drone, a missing father, and the kid determined to find him. In classic Hiaasen fashion, the animals here are wild, and the people are wilder! Some facts about Billy Dickens: * He once saw a biker swerve across the road in order to run over a snake. * Later, that motorcycle somehow ended up at the bottom of a canal. * Billy isn't the type to let things go. Some facts about Billy's family: * They've lived in six different Florida towns because Billy's mom insists on getting a house near a bald eagle nest. * Billy's dad left when he was four and is a total mystery. * Billy has just found his dad's address--in Montana. This summer, Billy will fly across the country, hike a mountain, float a river, dodge a grizzly bear, shoot down a spy drone, save a neighbor's cat, save an endangered panther, and then try to save his own father. "A fun romp that will keep readers hooked." —The New York Times

Scat

In this hysterical #1 New York Times bestseller, one kid has to wrangle gators, snakes, bats that bite, and a reality show host gone rogue! This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! When Wahoo Cray's dad—a professional animal wrangler—takes a job with a reality TV show called Expedition Survival!, Wahoo figures he'll have to do a bit of wrangling himself to keep his father from killing Derek Badger, the show's inept and egotistical star. But the job keeps getting more complicated: Derek Badger insists on using wild animals for his stunts; and Wahoo's acquired a shadow named Tuna—a girl who's sporting a shiner courtesy of her father and needs a place to hide out. They've only been on location in the Everglades for a day before Derek gets bitten by a bat and goes missing in a storm. Search parties head out and promptly get lost themselves. And then Tuna's dad shows up with a gun . . . It's anyone's guess who will actually survive Expedition Survival. . . "Only in Florida—and in the fiction of its native son Carl Hiaasen—does a dead iguana fall from a palm tree and kill somebody." —New York Post "Chomp is a delightful laugh-out-loud sendup of the surreality of TV that will be enjoyed by readers of all ages." —Los Angeles Times

THE MIND-BENDING CULT CLASSIC ABOUT A HOUSE THAT'S LARGER ON THE INSIDE THAN ON THE OUTSIDE • A masterpiece of horror and an astonishingly immersive, maze-like reading experience that redefines the boundaries of a novel. "Simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —Michiko Kakutani, The New York Times "Thrillingly alive, sublimely creepy, distressingly scary, breathtakingly intelligent—it renders most other fiction meaningless." —Bret Easton Ellis, bestselling author of American Psycho "This demonically brilliant book is impossible to ignore." —Jonathan Lethem, award-winning author of Motherless Brooklyn One of The Atlantic's Great American Novels of the Past 100 Years Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth—musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies—the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices, the story remains unchanged. Similarly, the cultural fascination with House of Leaves remains as fervent and as imaginative as ever. The

novel has gone on to inspire doctorate-level courses and masters theses, cultural phenomena like the online urban legend of “the backrooms,” and incredible works of art in entirely uncharted mediums from music to video games. Neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of the impossibility of their new home, until the day their two little children wandered off and their voices eerily began to return another story—of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships—but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

But on the rainiest of days, there is only one thing to do: stay inside and imagine a whole new world. Just as they're about to begin their adventure, Hoot makes a shocking discovery—his imagination is broken! Like the best of best friends, Olive comes up with some ideas to help him. But nothing is working: not the head unscrambler, the earmuffs, or the hypnosis. Just as the two are about to give up, Olive remembers the secret ingredient to imagination, and they give it one more try. Fans of Winnie-the-Pooh and Christopher Robin, George and Martha, and Frog and Toad are certain to fall in love with the next adventure in the Hoot & Olive series, *Imagine That*.

The Love Hypothesis

When Virginia and Michael begin recovery from alcoholism in Alcoholics Anonymous, they correspond several times a week. They view letter writing and their deepening relationship as a lifeline in the chaos of change. Letters selected from over 2000 written during the next five years chronicle the raw material of their recovery. As their recovery becomes increasingly mired in conflict between the deception required to maintain their relationship and "rigorous honesty" required to attain lasting sobriety, Hoot and Gin (alter egos) spontaneously emerge in the writing. With the mobility of mental apparitions, these "kids" are traded back and forth by their adult counterparts, nurturing, modeling new behaviors, broaching sensitive subjects,

and teaching the healing art of laughing at self. They help the adults move through stuck places and give up stubborn resistance to change. For anyone contemplating recovery or living with an alcoholic, who is questioning how Twelve Steps can have any practical application to a situation as complicated as theirs, Hoot 'n Gin reveals how two skeptical people eventually find all twelve are gifts, not punishment. This trip through the Twelve Steps demonstrates how the act of letter writing can augment a recovery program by encouraging introspection, lending support, and measuring progress.
