

Thomas Jefferson's Feast (Step Into Reading) (Step

Thomas Jefferson's Feast

Whether they're preparing for President's Day or whether they just like to eat, children will find much to devour in this leveled reader about Thomas Jefferson's role in America's culinary history! Did you know that every time you munch on a french fry or snack on ice cream, you have Thomas Jefferson to thank? It's true! This founding father was one of America's first foodies. After a visit to France, he introduced all sorts of yummy treats to America—including one that upset more than just tummies and created a culinary controversy! Get the scoop in this deliciously funny, true story—guaranteed to tempt even the most reluctant readers!

George, Thomas, and Abe!

A collection of simple biographies about George Washington, Thomas Jefferson, and Abraham Lincoln.

Thomas Jefferson and the Ghostriders

Young Tom Jefferson learns an important lesson from the Native Americans.

Baseball Camp on the Planet of the Eyeballs

On his way to baseball camp, a young boy is zapped to the Planet of the Eyeballs, where he teaches the inhabitants to play ball.

George, Thomas, and Abe!

This collection features three of our most popular biographies: Washington, the stoic general with a soft spot for animals; Jefferson, the brilliant statesman who was a foodie at heart, and Lincoln, the absentminded lawyer whose compassionate caseload foretold his presidency. Beginning readers will learn about little-known, illuminating events in the earlier years of these extraordinary men and how, long before entering the White House, they lived lives filled with intelligence, courage, and kindness--the hallmarks of a great president.

Thomas Jefferson

Simple text and photographs introduce the life of Thomas Jefferson.

Truth or Lie: Presidents!

Every day is a good day for a history lesson with this entertaining Step 3 History Reader! Confident young readers will enjoy hunting down the TRUTH about several of our U.S. presidents in this funny, fact-filled quiz book. President William Howard Taft, the twenty-seventh president of the United States, got stuck in the White House bathtub, right? That's a LIE! The TRUTH is, he never actually got stuck in the bath during his presidency, but he did go on to become a Supreme Court chief justice after his term. Though 100% fun, 25% of this engaging early reader is FALSE! In a unique question-and-answer format, proficient readers are quizzed about funny, interesting presidential trivia, to see if they can separate facts from \"lies.\" Our mascot--the Truth Sleuth--guides readers through this entertaining and fact-packed book, filled with

historical photos and kid-appealing art and humor. Step 3 Readers feature engaging characters in easy-to-follow plots about popular topics for children who are ready to read on their own.

The Great Tulip Trade

Anna's father gives her the most wonderful present for her birthday—eight beautiful tulips! But tulips in Holland in the 1600s are more precious than gold or jewels, and everyone who walks by the house wants to trade her for one!

Jefferson

In "the best fictionalized life of Jefferson yet" (Jack McLaughlin, National Book Award finalist for "Jefferson and Monticello"), Byrd offers a rare glimpse behind the face this complex Virginian showed the world, dispelling the myths to reveal the passionate and elusive figure whose words and imagination may be said to have invented America. 432 pp. National print ads. 20,000 print. Copyright © Libri GmbH. All rights reserved.

Grandparents Day!

Celebrate grandparents with this Step 1 reader featuring the kids from Pumpkin Day!, Apple Picking Day!, Garden Day!, and Snow Day! and their family. What could be more fun than spending a whole day with Grandma and Grandpa? Brother and sister get to visit a museum, do crafts, feast on homemade brownies and watch old home movies with their very special grandparents! It's a memorable day full of laughter, good food, and love. Easy-to-follow rhyme ensures a successful reading experience, while bright, lively art brings this intergenerational story to life. Step 1 Readers feature big type and easy words. Rhymes and rhythmic text paired with picture clues help children decode the story. For children who know the alphabet and are eager to begin reading.

Richard Scarry's Watch Your Step, Mr. Rabbit!

Mr. Rabbit's feet are stuck in cement and all of his friends are trying to get him out. Follow their hilarious hijinks in this delightful tale of what happens when you don't pay attention to where you are going.

The Domestic Life of Thomas Jefferson

The Trojan War is one of the most important events in Greek mythology. It comes to life in this exciting Step 5 leveled reader about the Greeks' clever use of the Trojan Horse to wage a battle inside the walls of the city of Troy. Based on the legends of ancient scribes Virgil and Homer this high-interest story is easy-to-read for proficient readers, but the action and adventure will entice even the most reluctant readers. Step 5 books are written in chapters and illustrated in full color throughout. "An ancient history lesson emerges from this account of the way the Greeks tricked the Trojans and rescued Helen of Troy. The book is well tailored to younger readers with careful explanations and short sentences; a pronunciation guide is appended. Drawings portray the story's main events. A nice supplement to units on ancient Greece or mythology." —Booklist.

The Trojan Horse: How the Greeks Won the War

Investigates the art of reading by examining each aspect of reading, problems encountered, and tells how to combat them.

The Jefferson Key

A journalist traces her 2009 immersion into the national food system to explore how working-class Americans can afford to eat as they should, describing how she worked as a farm laborer, Wal-Mart grocery clerk, and Applebee's expediter while living within the means of each job.

How to Read a Book

Contains excerpt of *Whitefern*, sequel to *My sweet Audrina*.

The American Way of Eating

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

My Sweet Audrina

Have you been taken to what you've been assured is the perfect house deep in the French countryside, only to find there's no electricity or running water? Gone to the doctor with a nasty cough, and been diagnosed with a rather more personal complaint? Walked into an half-empty restaurant, only to be told that it's complet? If the answer to any of the above is oui, *Talk to the Snail* is the book for you. Find out how to get served in a restaurant; the best way to deal with French hypochondria; learn the language of love, sex and suppositories (not necessarily in that order); it's all here in this funny, informative, seriously useful guide on how to get what you really want from the French. With advice on essential phrases and bons mots to cover all eventualities, and illustrated with witty real-life anecdotes, *Talk to the Snail* is a book that no self-respecting Francophile - or Francophobe - can afford to be without. Don't go to France without reading this book. And don't even think of buying a house there.

A Patriot's History of the United States

A comprehensive guide to designing homeschool curriculum, from one of the country's foremost homeschooling experts—now revised and updated! Homeschooling can be a tremendous gift to your children—a personalized educational experience tailored to each kid's interests, abilities, and learning styles. But what to teach, and when, and how? Especially for first-time homeschoolers, the prospect of tackling an annual curriculum can be daunting. In *Home Learning Year by Year*, Rebecca Rupp presents comprehensive plans from preschool through high school, covering integral subjects for each grade, with lists of topics commonly presented at each level, recommended resource and reading lists, and suggestions for creative alternative options and approaches. Included, along with all the educational basics, are techniques and resources for teaching everything from philosophy to engineering, as well as suggestions for dealing with such sensitive topics as sex education. Now revised throughout with all-new updates featuring the most effective and up-to-date methods and reading guides to homeschool your child at all ages, *Home Learning Year by Year* continues to be the definitive book for the homeschooling parent.

Talk to the Snail

Jefferson regarded Jesus as a moral guide rather than a divinity. In his unique interpretation of the Bible, he highlights Christ's ethical teachings, discarding the scriptures' supernatural elements, to reflect the deist view of religion.

Home Learning Year by Year, Revised and Updated

Anna's father gives her the most wonderful present for her birthday--eight beautiful tulips. But tulips in Holland in the 1600s are more precious than gold or jewels, and everyone who walks by the house wants to trade her for one. Full color.

The Jefferson Bible

Join #1 New York Times bestselling author Jan Karon on a trip to Mitford—a southern village of local characters so heartwarming and hilarious you'll wish you lived right next door. At last, Mitford's rector and lifelong bachelor, Father Tim, has married his talented and vivacious neighbor, Cynthia. Now, of course, they must face love's challenges: new sleeping arrangements for Father Tim's sofa-sized dog, Cynthia's urge to decorate the rectory Italian-villa-style, and the growing pains of the thrown-away boy who's become like a son to the rector. Add a life-changing camping trip, the arrival of the town's first policewoman, and a new computer that requires the patience of a saint, and you know you're in for another engrossing visit to Mitford—the little town that readers everywhere love to call home.

The Great Tulip Trade

A fascinating look at history's losers—the myths they create to cope with defeat and the steps they take never to be vanquished again. History may be written by the victors, Wolfgang Schivelbusch argues in his brilliant and provocative book, but the losers often have the final word. Focusing on three seminal cases of modern warfare—the South after the Civil War, France in the wake of the Franco-Prussian War, and Germany following World War I—Schivelbusch reveals the complex psychological and cultural reactions of vanquished nations to the experience of military defeat. Drawing on responses from every level of society, Schivelbusch shows how conquered societies question the foundations of their identities and strive to emulate the victors: the South to become a “better North,” the French to militarize their schools on the Prussian model, the Germans to adopt all things American. He charts the losers' paradoxical equation of military failure with cultural superiority as they generate myths to glorify their pasts and explain their losses: the nostalgic “plantation legend” after the fall of the Confederacy; the cult of Joan of Arc in vanquished France; the fiction of the stab in the back by “foreign” elements in postwar Germany. From cathartic epidemics of “dance madness” to the revolutions that so often follow battlefield humiliation, Schivelbusch finds remarkable similarities across cultures. Eloquent and vibrantly told, *The Culture of Defeat* is a tour de force that opens new territory for historical inquiry.

These High, Green Hills

An instant New York Times Bestseller! “Unreasonably entertaining . . . reveals how geometric thinking can allow for everything from fairer American elections to better pandemic planning.” —The New York Times From the New York Times–bestselling author of *How Not to Be Wrong*—himself a world-class geometer—a far-ranging exploration of the power of geometry, which turns out to help us think better about practically everything. How should a democracy choose its representatives? How can you stop a pandemic from sweeping the world? How do computers learn to play Go, and why is learning Go so much easier for them than learning to read a sentence? Can ancient Greek proportions predict the stock market? (Sorry, no.) What should your kids learn in school if they really want to learn to think? All these are questions about geometry. For real. If you're like most people, geometry is a sterile and dimly remembered exercise you gladly left behind in the dust of ninth grade, along with your braces and active romantic interest in pop singers. If you recall any of it, it's plodding through a series of miniscule steps only to prove some fact about triangles that

was obvious to you in the first place. That's not geometry. Okay, it is geometry, but only a tiny part, which has as much to do with geometry in all its flush modern richness as conjugating a verb has to do with a great novel. Shape reveals the geometry underneath some of the most important scientific, political, and philosophical problems we face. Geometry asks: Where are things? Which things are near each other? How can you get from one thing to another thing? Those are important questions. The word "geometry" comes from the Greek for "measuring the world." If anything, that's an undersell. Geometry doesn't just measure the world—it explains it. Shape shows us how.

The Culture of Defeat

If an entire nation could seek its freedom, why not a girl? As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom. From acclaimed author Laurie Halse Anderson comes this compelling, impeccably researched novel that shows the lengths we can go to cast off our chains, both physical and spiritual.

Shape

Join New York Times bestselling author Jefferson Bethke as he tears back the worn canvas of religion, lets an unsalvageable, phony frame of distractions fall away, and unfolds for the reader the breathtaking meaning and worth of the Christian faith. We're all searching for our greater purpose in life, but society pushes cheap, false narratives instead: your worth is measured by your success, winning brings happiness, put yourself first. But Bethke tells us that when we buy into those empty promises, we don't realize that the picture of life we've been sold is incomplete. We were made for so much more. A continuation of his bestseller *It's Not What You Think*, Bethke invites us to find our true purpose by seeing Jesus in a new light, taking us on a journey from the creation of the universe in Genesis to the great feast of celebration in Revelation. Along the way, Bethke gives us the tools we need to: Reflect on our role in God's story Embrace faith as a blend of mystery, truth, grace, and beauty Discover the blessings of rest, worship, and fellowship Reexamining Christianity from the very beginning as revealed in the Bible, Bethke discovers a story far more beautiful, compelling, and fulfilling than we could ever imagine.

Children's Books in Print, 2007

Joseph. Every Christian knows the name. We know who he was, but what do we really know about him? For most of us, the answer is Not Much. Now, in these highly intimate, insightful, easy-to-read meditations, the late, noted Scripture scholar Fr. Richard Gilsdorf investigates the New Testament's most mysterious figure. In doing so, he opens up for us the Church's greatest saint in new and exciting ways, drawing believers ever deeper into the Gospels and thus the person of Jesus Christ. Reading this warm, contemplative book is like going on retreat, making it perfect for personal devotions, study groups, or adoration before the Blessed Sacrament.

Alexander Hamilton

"One of the great reporters of our time and probably the greatest biographer." —The Sunday Times (London) From the two-time Pulitzer Prize-winning author of *The Power Broker* and *The Years of Lyndon Johnson*: an unprecedented gathering of vivid, candid, deeply moving recollections about his experiences researching and writing his acclaimed books. Now in paperback, Robert Caro gives us a glimpse into his own life and work in these evocatively written, personal pieces. He describes what it was like to interview the mighty Robert

Moses and to begin discovering the extent of the political power Moses wielded; the combination of discouragement and exhilaration he felt confronting the vast holdings of the Lyndon B. Johnson Library in Austin, Texas; his encounters with witnesses, including longtime residents wrenchingly displaced by the construction of Moses' Cross-Bronx Expressway and Lady Bird Johnson acknowledging the beauty and influence of one of LBJ's mistresses. He gratefully remembers how, after years of working in solitude, he found a writers' community at the New York Public Library, and details the ways he goes about planning and composing his books. Caro recalls the moments at which he came to understand that he wanted to write not just about the men who wielded power but about the people and the politics that were shaped by that power. And he talks about the importance to him of the writing itself, of how he tries to infuse it with a sense of place and mood to bring characters and situations to life on the page. Taken together, these reminiscences—some previously published, some written expressly for this book—bring into focus the passion, the wry self-deprecation, and the integrity with which this brilliant historian has always approached his work. To understand more about Robert Caro's research, see the Sony Pictures Classic documentary “Turn Every Page.”

The Works of Thomas Jefferson

Slavery and the University is the first edited collection of scholarly essays devoted solely to the histories and legacies of this subject on North American campuses and in their Atlantic contexts. Gathering together contributions from scholars, activists, and administrators, the volume combines two broad bodies of work: (1) historically based interdisciplinary research on the presence of slavery at higher education institutions in terms of the development of proslavery and antislavery thought and the use of slave labor; and (2) analysis on the ways in which the legacies of slavery in institutions of higher education continued in the post-Civil War era to the present day. The collection features broadly themed essays on issues of religion, economy, and the regional slave trade of the Caribbean. It also includes case studies of slavery's influence on specific institutions, such as Princeton University, Harvard University, Oberlin College, Emory University, and the University of Alabama. Though the roots of *Slavery and the University* stem from a 2011 conference at Emory University, the collection extends outward to incorporate recent findings. As such, it offers a roadmap to one of the most exciting developments in the field of U.S. slavery studies and to ways of thinking about racial diversity in the history and current practices of higher education.

Chains

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A hugely ambitious, “delightfully readable, genuinely informative” portrait (The New York Times) of the two-centuries-long entwined histories of Iran and America—two powers who were once allies and now adversaries—by an admired historian and former journalist. In this rich, fascinating history, John Ghazvinian traces the complex story of the relations between these two nations back to the Persian Empire of the eighteenth century—the subject of great admiration by Thomas Jefferson and John Quincy Adams—and an America seen by Iranians as an ideal to emulate for their own government. Drawing on years of archival research both in the United States and Iran—including access to Iranian government archives rarely available to Western scholars—the Iranian-born, Oxford-educated historian leads us through the four seasons of U.S.–Iran relations: the spring of mutual fascination; the summer of early interactions; the autumn of close strategic ties; and the long, dark winter of mutual hatred. Ghazvinian makes clear where, how, and when it all went wrong. *America and Iran* shows why two countries that once had such heartfelt admiration for each other became such committed enemies—and why it didn't have to turn out this way.

This Thing Called Christianity

In a narrative both panoramic and intimate, Tom Chaffin captures the four-decade friendship of Thomas Jefferson and the Marquis de Lafayette. The bond linking Thomas Jefferson and the Marquis de Lafayette constituted a singularly extraordinary friendship, one which played a key role in the making of two

revolutions—and two nations. The author of the Declaration of Independence first met Lafayette in 1781, when the young French-born general was dispatched to Virginia to assist Jefferson, then the governor, in fighting off the British. The charismatic Lafayette, hungry for glory on the battlefield, could not have seemed more different from Jefferson, the reserved and philosophical statesman. But when Jefferson, a newly-appointed diplomat, moved to Paris three years later, speaking little French and in need of a diplomatic partner, their friendship began in earnest. As Lafayette opened doors in Paris and Versailles for the neophyte emissary, so too did Jefferson stand by Lafayette as the Frenchman became inexorably drawn into the maelstrom of his country's revolution. The Virginian offered counsel to the young aristocrat as he drafted The Declaration of the Rights of Man and remained a firm supporter of the French Revolution, even after he returned to America in 1789. But Jefferson soon learned that the French Revolution's excesses had led to the persecution of Lafayette and his family. By 1792, the upheaval had rendered him a man without a country, locked away in a succession of Austrian and Prussian prisons. The burden fell on Jefferson—and Lafayette's other friends, including Alexander Hamilton's sister-in-law Angelica Schuyler Church—to win his release. The two would not see each other again until 1824, in a powerful and emotional reunion at Jefferson's Monticello. Steeped in primary sources, Revolutionary Brothers casts fresh light on this remarkable, often complicated, friendship of two extraordinary men.

Thomas Jeffersons Feast(CD1???) (STEP into READING Step 4)(Paperback)

The celebrated Ron Chernow provides a richly nuanced portrait of the father of America. With a breadth and depth matched by no other one-volume life, he carries the reader through Washington's troubled boyhood, his precocious feats in the French and Indian Wars, his creation of Mount Vernon, his heroic exploits with the Continental Army, his presiding over the Constitutional Convention and his magnificent performance as America's first president. Despite the reverence his name inspires Washington remains a waxwork to many readers, worthy but dull, a laconic man of remarkable self-control. But in this groundbreaking work Chernow revises forever the uninspiring stereotype. He portrays Washington as a strapping, celebrated horseman, elegant dancer and tireless hunter, who guarded his emotional life with intriguing ferocity. Not only did Washington gather around himself the foremost figures of the age, including James Madison, Alexander Hamilton, John Adams, and Thomas Jefferson, he orchestrated their actions to help realise his vision for the new federal government, define the separation of powers, and establish the office of the presidency. Ron Chernow takes us on a page-turning journey through all the formative events of America's founding. This is a magisterial work from one of America's foremost writers and historians.

Working

Over the course of two days, Odd Thomas, his soulmate Stormy Llewellyn, and an assortment of allies make their way through a dark, terrifying world in which past and present, and life and death collide as they try to avert a cataclysm.
