

Not Equivalent To D

What To Do If Your High School Diploma Is Not Equivalent To A US Diploma | GED Test - What To Do If Your High School Diploma Is Not Equivalent To A US Diploma | GED Test 3 minutes, 42 seconds - Thousands of people from all over the world move to the US each year to study or find work. Some of them may be planning to ...

To be able to do so, these applicants must secure their valid visas so that their stay would be legitimate and provide the appropriate proofs of their education and/or work experience.

What if you are a foreigner who wants to continue your studies in the US?

Will your high school diploma in your own country be acceptable in the US?

What if your high school diploma is not equivalent to a US diploma?

You can look for a credible agency that offers credential evaluation services.

This tool is also helpful for those applying for work in the US. A primary proof that you have to comply with is being able to meet the standards required of high school graduates in the country.

You can have your high school diploma evaluated by hiring the services of a credential evaluation provider.

Third party agencies such as these do the job for the government.

Evaluating the educational credential of foreigners is not performed by the government in the US. Rather, individuals hire credential evaluation agencies to validate the diplomas and transcripts that they submit.

What To Do In Order To Qualify For Work Or Study In The US

It is possible that your high school diploma will not be accredited because it is not on par with a US diploma.

The education system in the US may not have the same standards as that of your home country.

Your first option is to take the GED test. If you pass the said test, you will receive a high school equivalency certificate.

Although a GED diploma is deemed to have lesser value than a high school diploma, it will suffice as a qualification for many jobs in the US.

A GED certificate is also acceptable for enrollment in community colleges.

If your credential evaluation provider assesses that there are missing equivalencies in your high school diploma

your second option is to attend continued education classes and night classes.

When you have completed your school's educational requirements

you should again submit your continuing education classes credentials together with your diploma to your credential evaluator.

Determine Equivalent or Not Equivalent Using the Distributive Property | 6.EE.A.4 ?? - Determine Equivalent or Not Equivalent Using the Distributive Property | 6.EE.A.4 ?? 3 minutes, 52 seconds - In this math video we will determine **equivalent**, or **not equivalent**, using the Distributive Property. We will be presented with four ...

Introduction

The Question

Understanding the Problem

How to Use the Distributive Property

Equivalent Expression

Not Equivalent

Multiply to Compare

One Term vs Two Terms

The Solution
