The Protector

The secret weapon developed by the man Cavanaugh is assigned to protect is like Kryptonite to the former Delta Force officer turned security guard—it multiplies the effects of adrenaline, a hormone associated with fear, so it incapacitates instead of energizing him. A lot of people want Daniel Prescott's secret, but Cavanaugh, who's felt the drug's effects, wants his antidote. When Prescott disappears after causing the death of the Global Protective Services team charged with keeping him alive, Cavanaugh and his wife Jamie go after him in a high-speed chase that traps them between government agents and foreign operatives each racing to find the scientist first and kill him before he can use his formula on them. Despite Prescott's double-dealing, and the bloody battle in a mountain redoubt that results in the deaths of his friends and colleagues, Cavanaugh knows the only way to banish the fear that may compromise his and Jamie's own safety is to track the elusive scientist to his last refuge. In this propulsive thriller, Morrell turns the tables so often that it's hard to separate the good guys from the bad ones, but that won't keep readers addicted to violence, treachery, and high-tech weaponry from staying with it to the last surprising chapter. “Spectacular action backed by the author's hands-on research . . . a horrifying climax . . . twists and turns . . . one of the best of the genre.”—Associated Press “Everything [Morrell] writes has a you-are-there quality, and that, coupled with his ability to propel characters through a scene, makes reading him like attending a private

screening.”—Washington Post Book World “Impressive action . . . plenty of twists . . . most notable, though, is the advertised ‘tradcrafft’—from clever ways to modify one’s ammo and armor to the very best method of taking out a car you’re chasing.”—Publishers Weekly “The story accelerates to warp speed, hurtles to a stunning climax. A wonderfully entertaining action adventure.”—Booklist

reads . . . It's engaging, hilarious, amazing and Dani is going to be one heck of a woman."—USA Today "A gripping story that combines excellent storytelling with believable characters that are rendered both superhuman and superbly human, with emotional fragility and psychological vulnerability in an unstable world fraught with danger . . . Fast-paced, with nonstop action set in a fascinating urban fantasy world of Dublin under siege, this is a smart, bold and textured success."—Kirkus Reviews "Moning is a master storyteller. I don't know how she does it, but she begs me to get on my knees and pay worship to the woman who has brought me the best, most labyrinthine stories and characters I've ever had the privilege to get to know. She weaves brilliantly, unapologetically, and without exception, and she has threaded the needle into me and I've been pulled, over and over, into her tapestry, and I don't think I'm ever getting out. Iced is no exception."—The Bawdy Book Blog (five-starred review)

Connie August, a Christian combat medic, one who had experienced healings and miracles on the battlefield similar to those in scripture, wasn't looking to make waves back home now that she was retired from the service. She opened Connie's Pizza and settled into her chosen community, wanting to be herself, content to lead a small group of paramedics, doctors, nurses and chaplains who were studying the scriptures and sharing their experiences from across the Chicago area. Ryan Cooper, CEO of a religious-affiliated private hospital, had seen too many of Chicago's children die from gun violence, young mothers die from cancer, and random illness take both the young and old. He wanted the vibrancy of God's healing to be a predictable experience again. A friend introduced them at a party. He wanted to understand what she'd experienced. She wanted him to give a chaplain friend a job when he retired from the service. They struck a deal that would change both their lives and soon begin to reverberate across Chicago. This is Ryan's story, Connie's, but mostly it's God's story, a God who is still amazing in his goodness. Dee Henderson is the author of numerous novels, including Taken, Undetected, Unspoken, Full Disclosure, and the acclaimed O'MALLEY series. Several titles have

appeared on the USA Today Bestseller list; Full Disclosure has also appeared on the New York Times Bestseller list. Her books have won or been nominated for several industry awards, such as the RITA Award, the Christy Award, and the ECPA Gold Medallion.
