

2 (vol. 18)

The Irregular at Magic High School, Vol. 18 (light novel)

A suicide bombing brings the Master Clans Council to an abrupt close! Armed with only the knowledge that the explosion was triggered by corpse manipulation magic, Tatsuya sets off in search of the perpetrator along with Jumonji. After being egged on by his father, Masaki trails behind them to Tokyo in an attempt to one-up Tatsuya's investigation. But things take a turn for the unexpected when Masaki summons up the courage to propose to Miyuki...

Ranma 1/2 (2-in-1 Edition), Vol. 18

Girl-type Ranma uncovers a cursed mirror that makes a love-hungry copy of her who kisses everyone she can get her hands on, including boy-type Ranma! A magical compact can capture the kooky copy, but then Ranma and Akane get trapped inside the compact! Later, Akane wins an enchanted bathing suit that finally enables her to swim. In return for the suit, she must enter a swimming competition. She takes the lead in the race, but a dangerous surprise awaits her at the finish line! -- VIZ Media

W.I.T.C.H.: The Graphic Novel, Part VI. Ragorlang, Vol. 2

Here There Be Monsters! The Ragorlangs are real! Attacked by one of the beasts and only surviving with the help of her friends, Hay Lin, along with the rest of W.I.T.C.H., has to find out where these creatures are coming from to protect Heatherfield!

Kaguya-sama

Will Ai leave her post as Kaguya's personal assistant and confidant?! Meanwhile, Kaguya and Yu go to great lengths to prevent their not-so-dark secrets from getting out. A sports tournament provides yet another opportunity for the gang to desperately attempt to impress each other with their athletic prowess - or coaching skills. And then it's finally time for an educational school trip! Of course all the students view this as just an opportunity to hang out with or spy on the objects of their attraction...

Strapec, Biljana Vasilevska, Sydney Virginia, Laura Walker, Tom Wood, Kylie Ayn Yockey, and Nicole Zelniker.

Interface Science and Composites

The goal of Interface Science and Composites is to facilitate the manufacture of technological materials with optimized properties on the basis of a comprehensive understanding of the molecular structure of interfaces and their resulting influence on composite materials processes. From the early development of composites of various natures, the optimization of the interface has been of major importance. While there are many

reference books available on composites, few deal specifically with the science and mechanics of the interface of materials and composites. Further, many recent advances in composite interfaces are scattered across the literature and are here assembled in a readily accessible form, bringing together recent developments in the field, both from the materials science and mechanics perspective, in a single convenient volume. The central theme of the book is tailoring the interface science of composites to optimize the basic physical principles rather than on the use of materials and the mechanical performance and structural integrity of composites with enhanced strength/stiffness and fracture toughness (or specific fracture resistance). It also deals mainly with interfaces in advanced composites made from high-performance fibers, such as glass, carbon, aramid, and some inorganic fibers, and matrix materials encompassing polymers, carbon, metals/alloys, and ceramics. Includes chapter on the development of a nanolevel dispersion of graphene particles in a polymer matrix Focus on tailoring the interface science of composites to optimize the basic physical principles Covers mainly interfaces in advanced composites made from high performance fibers

Zot! Special Edition

From comics pioneer Scott McCloud, the complete black and white collection of Zot!, featuring never-before-seen artwork and extensive commentary by the author Long before manga took the American comics market by storm, Scott McCloud (Understanding Comics, Making Comics) combined the best ideas from manga, alternative comics, and superheroes into Zot!—a frenetic and innovative exploration of comics' potential that helped set the stage for McCloud's later groundbreaking theoretical work. Zachary T. Paleozogt lives in \"the far-flung future of 1965,\" a utopian Earth of world peace, robot butlers, and flying cars. Jenny Weaver lives in an imperfect world of disappointment and broken promises—the Earth we live in. Stepping across the portals to each other's worlds, Zot and Jenny's lives will never be the same again. Now, for the first time since its original publication more than twenty years ago, every one of McCloud's pages from the black and white series has been collected in this must-have commemorative edition for aficionados to treasure and new fans to discover.

Seraph of the End, Vol. 18

Yuichiro and his friends head back to the Demon Army to prepare for the final battle. At the base, Kureto struggles to stave off Shikama Doji from controlling his body. But things quickly begin to fall apart when Shikama Doji also tries to take over Shinoa and Yuichiro! Will they be able to stop the possession? Or will they lose their bodies to the first progenitor? -- VIZ Media

“The” Modern London Catalogue Of Books, With Their Sizes, Prices, And Publishers

Reprint of the original, first published in 1882.

The London Catalogue of Books

A seminal series from a legendary creator. Dragon Ball, a wry update on the Chinese \"Monkey King\" myth, introduces us to Son Go Son Goku, a young monkey-tailed boy whose quiet life is turned upside-down when he meets Bulma, a girl determined to collect the seven \"Dragon Balls.\" If she gathers them all, an incredibly powerful dragon will appear and grant her one wish. But the precious orbs are scattered all over the world, and to get them she needs the help of a certain super-strong boy. The VIZBIG edition of Dragon Ball contains volumes 1-3, bonus color content and updated text. Before there was Dragon Ball Z, there was Akira Toriyama's action epic Dragon Ball, starring the younger version of Son Goku and all the other Dragon Ball Z heroes! Meet a naive young monkey-tailed boy named Goku, whose quiet life changes when he meets Bulma, a girl who is on a quest to collect seven \"Dragon Balls.\" If she gathers them all, an incredibly powerful dragon will appear and grant her one wish. But the precious orbs are scattered all over the world, and Bulma needs Goku's help (and his super-strength)! With a magic staff for a weapon and a flying cloud

for a ride, Goku sets out on the adventure of a lifetime...
