Torture and Democracy

This is the most comprehensive, and most comprehensively chilling, study of modern torture yet written. Darius Rejali, one of the world's leading experts on torture, takes the reader from the late nineteenth century to the aftermath of Abu Ghraib, from slavery and the electric chair to electrocution in American inner cities, and from French and British colonial prison cells and the Spanish-American War to the fields of Vietnam, the wars of the Middle East, and the new democracies of Latin America and Europe. As Rejali traces the development and application of one torture technique after another in these settings, he reaches startling conclusions. As the twentieth century progressed, he argues, democracies not only tortured, but set the international pace for torture. Dictatorships may have tortured more, and more indiscriminately, but the United States, Britain, and France pioneered and exported techniques that have become the lingua franca of modern torture: methods that leave no marks. Under the watchful eyes of reporters and human rights activists, low-level authorities in the world's oldest democracies were the first to learn that to scar a victim was to advertise iniquity and invite scandal. Long before the CIA even existed, police and soldiers turned instead to "clean" techniques, such as torture by electricity, ice, water, noise, drugs, and stress positions. As democracy and human rights spread after World War II, so too did these methods. Rejali makes this troubling case in fluid, arresting prose and on the basis of unprecedented research--conducted in multiple languages and on several continents--begun years before most of us had ever heard of Osama bin Laden or Abu Ghraib. The author of a major study of Iranian torture, Rejali also tackles the controversial question of whether torture really works, answering the new apologists for torture point by point. A brave and disturbing book, this is the benchmark against which all future studies of modern torture will be measured.

Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 32 (2016)

This edition of the "Inter-American Yearbook on Human Rights," like the volumes that precede it, includes information concerning the activities of the Organization of American States in the promotion and protection of human rights. It begins with the composition of the Commission and Court, including the biographies of the members, 1988 activities of each body, reproductions of resolutions and reports by the Commission and historic correspondences and decisions by the Court. Also included is an update on the status of the American Convention on Human Rights, which reports the relation of each country to that instrument, followed by resolutions adopted in 1988 by the OAS General Assembly. The year 1988 distinguished itself particularly because the Inter-American Court of Human Rights made its first decision on a contentious case, the "Velasquez Rodriguez" case (Honduras). This historic decision is reproduced in Part Three of this volume. Another important 1988 development in the Inter-American system was the Protocol of San Salvador, or Additional Protocol to the American Convention on Human Rights for Economic, Social and Cultural Rights, reproduced in Part Four. Also included, in its entirety, is a report on the human rights situation in Haiti, a report requested by the Organization of American States Permanent Council in Resolution 502. The "Inter-American Yearbook on Human Rights" is completely bilingual (English and Spanish).

The objective of the following collected volume is to encourage a critical reflection on the relationship between "power" and "non-power" in our contemporary "world" and, proceeding from various philosophical traditions, to investigate the multifaceted aspects of this relationship. The authors' respective investigations proceed from an intercultural perspective and fall predominantly in the domain of political theory and philosophy. This volume takes an intercultural political perspective, which means, on the one hand, involving non-European philosophies in a global debate about power relations and their effects in the world and, on the other hand, confronting local traditions of thought with a global inquiry in order to enter into a philosophical-political dialogue with these traditions. An intercultural approach of this type to political philosophy seeks not only to join others in reflecting upon global problems, but also to decenter of our understanding of the world, drawing attention to new ways of thinking. Insofar as the authors of the planned volume deal with "concrete" philosophical-political problems unfolding in various regions of the world, they seek to shed light on burning issues like migration, human rights violations, dictatorship and language, global poverty, power asymmetries, experiences of injustice with the further goal of offering a particularly intercultural analysis of these problems along with approaches to resolving them. To date, there is no book that collects various essays from different countries and perspectives and poses political-philosophical problems from an intercultural point of view.

Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 4 (1988)

It's a Block Party reunion and Attorney Tony Austin is the glue, as he brings some of his old clients together to teach them how to elevate their game and clean their dirty money. In the midst of contemplating retirement, three of the biggest cases in Tony Austin's legal career fall into his lap. These new cases can solidify him as the (undisputed) greatest attorney of the century - IF he can pull them off. If he fails, not only will his career be ended, but possibly his life! With his legendary flair, a courageous Tony rises to the challenge and puts it all on the line to cement his legacy. Skelter, Black Manson's prized soldier, pulls off the biggest score of her long criminal career. Unfortunately, unknown to her, she has just stolen from one of the biggest cartels in the Western hemisphere. The Cartel turns up the heat (and the body count) on Skelter and her crew, wreaking havoc on the whole city to find her. By the time Skelter realizes her mistake, it's already too late as she's both feet in, ten toes down, in the biggest, bloodiest war she's ever had to fight. This war doesn't only affect her and her crew. Her entire city is turned into a battlefield. The Infamous Black Manson and Smith engaged in a bloody street war with no clear winner in sight. Their street war now spills into prison when Baby Manson, Black Manson's son, is shipped to the same yard that Smith rules with an iron fist. Will the change of turf finally give Smith the upper hand, or will Baby Manson hold on to his "G" status, and live up to his father's name? Block Party 666 is money, murder, mayhem, and Government Conspiracies all wrapped into one fast-paced True 2 Life tale that continues to capture the tone of the streets like only Mr. Banks can. In the end, we learn all money is legal as we bear witness to the Mark of the Beast!

Lost in Transition

This book provides an integral, readable account of changing attitudes toward pain in late medieval Europe. Since pain itself cannot be known, the book looks at pain by chronicling what people wrote about it, and what they did with and about that.

Esta obra traz um estudo sobre Cesare Beccaria, filósofo italiano que influenciou a legislação o com apenas 26 anos de idade, bem como do contexto europeu de sua época, quando o ordenamento jurídico permitia tortura, exílio e até pena de morte. Nesta tradução de *Dos Delitos e das Penas*, nota-se que "as punições são justas na proporção em que a liberdade, preservada pelo soberano, é sagrada e valiosa", segundo Beccaria, para quem tudo o que vai além disso é abuso, não justiça. Ele expõe que os crimes devem ser medidos apenas pelo dano causado à sociedade. Com base nessa exposição, muitos países reformaram seus códigos, adotando uma penalidade específica para cada indivíduo.

Political Philosophy from an Intercultural Perspective

What role do transitional justice processes play in determining the gender outcomes of transitions from conflict and authoritarianism? What is the impact of transitional justice processes on the human rights of women in states emerging from political violence? *Gender Politics in Transitional Justice* argues that human rights outcomes for women are determined in the space between international law and local gender politics. The book draws on feminist political science to reveal the key gender dynamics that shape the strategies of local women's movements in their engagement with transitional justice, and the ultimate success of those strategies, termed 'the local fit'. Also drawing on feminist doctrinal scholarship in international law, 'the international frame' examines the role of international law in defining harms against women in transitional justice and in determining the 'from' and 'to' of transitions from conflict and authoritarianism. This book locates evolving state practice in gender and transitional justice over the past two decades within the context of the enhanced protection of women's human rights under international law. Relying on original empirical and legal research in Chile, Northern Ireland and Colombia, the book speaks more broadly to the study of gender politics and international law in transitional justice.

Fjalor Simultan me Pese Gjuhe

Medical texts written in English during the late Middle Ages have in recent years attracted increasing attention among scholars. From approximately 1375 onwards, the use of English began to gain a firmer foothold in medical manuscripts, which in previous centuries had been written mainly in Latin or French. Scholars of Middle English, and editors of medical texts from late medieval England, are thus faced with a huge medical vocabulary which no single volume has yet attempted to define. This dictionary is therefore an essential reference tool. The material analysed in the *Dictionary of Medical Vocabulary in English, 1375–1550* includes edited texts, manuscripts and early printed books, and represents three main types of medical writing: surgical manuals and tracts; academic treatises by university-trained physicians, and remedybooks. The dictionary covers four lexical fields: names of sicknesses, body parts, instruments, and medicinal preparations. Entries are structured as follows: (1) headword (2) scribal variants occurring in the texts (3) etymology (4) definition(s), each definition followed by relevant quotations (5) references to corresponding entries in the *Dictionary of Old English*, *Middle English Dictionary*, and *The Oxford English Dictionary* (6) references to academic books and articles containing information on the history and/or meaning of the term.

Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 37 (2021) (VOLUME III)

O livro, "\"... Não Verá a Deus\" é um livro que tenta transmitir, não a ideia de que o Homem morre na Terra, sem ver Deus porque como Deus transmitiu ao Homem, este vê-lo-á aquando do seu julgamento no Céu, mas sim, que o Homem não verá a Deus só porque não acredita na existencia de Deus. Pode-se até considerar a morte do Homem, na Terra, como a razão do sentido da vida do Homem, que é ver Deus e, por isso, o Homem não morre por morrer, mas sim, com a razão de ver a Deus, no Seu dominio que é o Céu, pelo que se não fosse esta razão, a morte não existia. E, por isso, tal como a montanha não vai a Maomé, embora existindo, vai Maomé à montanha e, da mesma forma, não vindo Deus ao Homem, embora já o tenha feito há dois mil anos atrás, sem ter sido reconhecido pelo Homem, vai este a Deus que também existe, tal como a montanha.
