

Valaida

Valaida

Valaida listened hard. After the melody's intro and Earl's left-hand-to-right-hand cascades of piano sound, her space opened, and Valaida jumped in. She blew. She entered the music, saw the chords, embellishes, the references to other songs as plain as day behind her eyeballs, and she used them. She jumped from bar to bar like a benzine-fueled billy goat. She didn't miss. She hit her peaks and whinnied in triumph. In the nebular light of the Terrace's mirror ball, she flew with the men who had backed Louis Armstrong at his best.' From a childhood in Chattanooga, to a debut at one of the swankiest clubs in Harlem in its heyday; from touring in the Jim Crow south, to showcasing in Shanghai and London in the 30s, the story of Valaida Snow is breathtaking. With a storyteller's ear and a blessed ability to transport her reader, Candace Allen has written a sweeping tale of love, degradation, laughter and longing - with a trumpet accompaniment you swear you can hear.

Giving Back

'Giving Back' lifts up seldom-celebrated traditions of giving among Americans of African descent. Rarely acknowledged as philanthropy these centuries-old cultural customs and beliefs nevertheless continue to have an impact on lives and communities. Images and narratives of more than 200 people commemorate the legacy of Black philanthropists - from generous donors of wealth to ingenious givers carving a way out of no way. In 'Giving Back', Valaida Fullwood poignantly chronicles the African American experience with philanthropy. Intimate vignettes and candid reflections reveal a myriad of philanthropic practices grounded in faith, mutuality, and responsibility. Valaida juxtaposes personal accounts from a cross-section of Black philanthropists with fascinating quotes from givers and game-changers across cultures to illuminate transcendent truths and elicit new thinking about philanthropy. Photographer Charles W. Thomas beautifully captures images that portray the joy, aspiration, remembrance, and resilience that characterize Black philanthropy. Pairing photographic portraiture and narrative, Charles and Valaida give the reader over 160 artful page spreads that enliven the soul of philanthropy and honor the legacy of America's Black philanthropists. A perfect gift book, 'Giving Back' offers wells of inspiration for generous souls and lovers of photography, culture, and humanity. Every book purchased keeps giving, because proceeds are reinvested in philanthropic causes - and because these stories will inspire readers to give.

High Hat, Trumpet, and Ryhthm

Singer, trumpeter and dancer. Child star, jazz pioneer and world traveller. Legend and myth. If Valaida Snow's life wasn't already sensational enough, she sensationalized it further, freely evading and embellishing the truth of her triumphs, trials and tribulations. But even after her life has been measured against the historical record, it remains a grand and compelling tale, and Valaida herself a grand and compelling figure.

Jazz in China

Finalist for the 2019 Jazz Journalists Association Book of the Year About Jazz, Jazz Awards for Journalism
"Is there jazz in China?" This is the question that sent author Eugene Marlow on his quest to uncover the history of jazz in China. Marlow traces China's introduction to jazz in the early 1920s, its interruption by Chinese leadership under Mao in 1949, and its rejuvenation in the early 1980s with the start of China's opening to the world under Premier Deng Xiaoping. Covering a span of almost one hundred years, Marlow

focuses on a variety of subjects--the musicians who initiated jazz performances in China, the means by which jazz was incorporated into Chinese culture, and the musicians and venues that now present jazz performances. Featuring unique, face-to-face interviews with leading indigenous jazz musicians in Beijing and Shanghai, plus interviews with club owners, promoters, expatriates, and even diplomats, Marlow marks the evolution of jazz in China as it parallels China's social, economic, and political evolution through the twentieth and into the twenty-first century. Also featured is an interview with one of the extant members of the Jimmy King Big Band of the 1940s, one of the first major all-Chinese jazz big bands in Shanghai. Ultimately, *Jazz in China: From Dance Hall Music to Individual Freedom of Expression* is a cultural history that reveals the inexorable evolution of a democratic form of music in a Communist state.

Ladies Night at the Dreamland

Tales of female daredevils, warriors, killers, and victims: “Radiant essays inspired by ‘slivers and bits’ of real women's lives...Wise, fresh, captivating.”—Kirkus Reviews (starred review) At the Dreamland, women and girls flicker from the shadows to take their proper place in the spotlight. In this lyrical collection, Sonja Livingston weaves together strands of research and imagination to conjure figures from history, literature, legend, and personal memory. The result is a series of essays that highlight lives as varied, troubled, and spirited as America itself. Livingston breathes life into subjects who led extraordinary lives—as rule-breakers, victims, or those whose differences made them cultural curiosities—bringing together those who slipped through the world largely unseen with those whose images were fleeting or faulty so that they, too, remained relatively obscure. Included are Alice Mitchell, a Memphis society girl who murdered her female lover in 1892; Maria Spelterini, who crossed Niagara Falls on a tightrope in 1876; May Fielding, a “white slave girl” buried in a Victorian cemetery; Valaida Snow, a Harlem Renaissance trumpeter; a child exhibited as Darwin’s Missing Link; the sculptors’ model Audrey Munson; a Crow warrior; victims of a 1970s serial killer; the Fox Sisters; and many more.

Predatory Lending and the Destruction of the African-American Dream

Examines predatory practices in mortgage markets to provide invaluable insight into the racial wealth gap between black and white Americans.

Hitler's Black Victims

Drawing on interviews with the black survivors of Nazi concentration camps and archival research in North America, Europe, and Africa, this book documents and analyzes the meaning of Nazism's racial policies towards people of African descent, specifically those born in Germany, England, France, the United States, and Africa, and the impact of that legacy on contemporary race relations in Germany, and more generally, in Europe. The book also specifically addresses the concerns of those surviving Afro-Germans who were victims of Nazism, but have not generally been included in or benefited from the compensation agreements that have been developed in recent years.

Some Liked It Hot

Women have been involved with jazz since its inception, but all too often their achievements were not as well known as those of their male counterparts. *Some Liked It Hot* looks at all-girl bands and jazz women from the 1920s through the 1950s and how they fit into the nascent mass culture, particularly film and television, to uncover some of the historical motivations for excluding women from the now firmly established jazz canon. This well-illustrated book chronicles who appeared where and when in over 80 performances, captured in both popular Hollywood productions and in relatively unknown films and television shows. As McGee shows, these performances reflected complex racial attitudes emerging in American culture during the first half of the twentieth century. Her analysis illuminates the heavily mediated representational strategies that jazz women adopted, highlighting the role that race played in constituting

public performances of various styles of jazz from \"swing\" to \"hot\" and \"sweet.\" The International Sweethearts of Rhythm, Hazel Scott, the Ingenues, Peggy Lee, and Paul Whiteman are just a few of the performers covered in the book, which also includes a detailed filmography.

Negro with a Hat

Marcus Mosiah Garvey was once the most famous black man on earth. A brilliant orator who electrified his audiences, he inspired thousands to join his \"Back to Africa\" movement, aiming to create an independent homeland through Pan-African emigration--yet he was barred from the continent by colonial powers. This self-educated, poetry-writing aesthete was a shrewd promoter whose use of pageantry fired the imagination of his followers. At the pinnacle of his fame in the early 1920s, Garvey's Universal Negro Improvement Association boasted millions of members in more than forty countries, and he was an influential champion of the Harlem Renaissance. J. Edgar Hoover was so alarmed by Garvey that he labored for years to prosecute him, finally using dubious charges for which Garvey served several years in an Atlanta prison. This biography restores Garvey to his place as one of the founders of black nationalism and a key figure of the 20th century.--From publisher description.

The Hot Time Swingers, a popular jazz band, has been forbidden to play by the Nazis. Their young trumpet-player Hieronymus Falk, declared a musical genius by none other than Louis Armstrong, is arrested in a Paris café. He is never heard from again. He was twenty years old, a German citizen. And he was black. Berlin, 1952. Falk is a jazz legend. Hot Time Swingers band members Sid Griffiths and Chip Jones, both African Americans from Baltimore, have appeared in a documentary about Falk. When they are invited to attend the film's premier, Sid's role in Falk's fate will be questioned and the two old musicians set off on a surprising and strange journey. From the smoky bars of pre-war Berlin to the salons of Paris, Sid leads the reader through a fascinating, little-known world as he describes the friendships, love affairs and treacheries that led to Falk's incarceration in Sachsenhausen. Esi Edugyan's Half-Blood Blues is a story about music and race, love and loyalty, and the sacrifices we ask of ourselves, and demand of others, in the name of art.

How Britain Got the Blues: The Transmission and Reception of American Blues Style in the United Kingdom

This book explores how, and why, the blues became a central component of English popular music in the 1960s. It is commonly known that many 'British invasion' rock bands were heavily influenced by Chicago and Delta blues styles. But how, exactly, did Britain get the blues? Blues records by African American artists were released in the United States in substantial numbers between 1920 and the late 1930s, but were sold

primarily to black consumers in large urban centres and the rural south. How, then, in an era before globalization, when multinational record releases were rare, did English teenagers in the early 1960s encounter the music of Robert Johnson, Blind Boy Fuller, Memphis Minnie, and Barbecue Bob? Roberta Schwartz analyses the transmission of blues records to England, from the first recordings to hit English shores to the end of the sixties. How did the blues, largely banned from the BBC until the mid 1960s, become popular enough to create a demand for re-released material by American artists? When did the British blues subculture begin, and how did it develop? Most significantly, how did the music become a part of the popular consciousness, and how did it change music and expectations? The way that the blues, and various blues styles, were received by critics is a central concern of the book, as their writings greatly affected which artists and recordings were distributed and reified, particularly in the early years of the revival. 'Hot' cultural issues such as authenticity, assimilation, appropriation, and cultural transgression were also part of the revival; these topics and more were interrogated in music periodicals by critics and fans alike, even as English musicians began incorporating elements of the blues into their common musical language. The vinyl record itself, under-represented in previous studies, plays a major part in the story of the blues in Britain. Not only did recordings shape perceptions and listening habits, but which artists were available at any given time also had an enormous impact on the British blues. Schwartz maps the influences on British blues and blues-rock performers and thereby illuminates the stylistic evolution of many genres of British popular music.

On Life and Meaning

Even before Claude Ranger disappeared in late 2000, his fate unknown, he had attained legendary status among Canada's jazz musicians as an extraordinary drummer who repeatedly challenged the status quo on bandstands in Montreal, Toronto and Vancouver. Willful, uncompromising and charismatic, cigarette invariably tucked into the left corner of his mouth, Ranger cut a compelling figure alongside Canadian and American stars alike -- Lenny Breau, Jane Bunnett, Sonny Greenwich, Moe Koffman, P.J. Perry, Dewey Redman, Sonny Rollins, Don Thompson and many others. *Claude Ranger: Canadian Jazz Legend* presents a sympathetic portrait of this remarkable musician and offers a perceptive overview of the Canadian jazz scene during the 35 years in which, by turns, his career flourished, faltered and flourished again.

The Oboe Goes Boom Boom Boom

Nearly 50 years after his death, Louis Armstrong remains one of the 20th century's most iconic figures. Popular fans still appreciate his later hits such as "Hello, Dolly!" and "What a Wonderful World," while in the jazz community, he remains venerated for his groundbreaking innovations in the 1920s. The achievements of Armstrong's middle years, however, possess some of the trumpeter's most scintillating and career-defining stories. But the story of this crucial time has never been told in depth until now. Between 1929 and 1947, Armstrong transformed himself from a little-known trumpeter in Chicago to an internationally renowned pop star, setting in motion the innovations of the Swing Era and Bebop. He had a similar effect on the art of American pop singing, waxing some of his most identifiable hits such as "Jeepers Creepers" and "When You're Smiling." However as author Ricky Riccardi shows, this transformative era wasn't without its problems, from racist performance reviews and being held up at gunpoint by gangsters to struggling with an overworked embouchure and getting arrested for marijuana possession. Utilizing a prodigious amount of new research, Riccardi traces Armstrong's mid-career fall from grace and dramatic resurgence. Featuring never-before-published photographs and stories culled from Armstrong's personal archives, *Heart Full of Rhythm* tells the story of how the man called "Pops" became the first "King of Pop."

Heart Full of Rhythm

By turns subtle and intense, disturbing and elusive, the stories in this collection are ultimately connected by themes of memory and loss, reality and fabrication, and by a richness of language that rests lightly on its carefully foundation.

Fever

Personal narratives of Christians, Gypsies, deaf people, homosexuals, and Blacks who suffered at the hands of the Nazis before and during World War II.

The Other Victims

Philanthropy is typically considered to be within the province of billionaires. This book broadens that perspective by highlighting modest acts of giving by African Americans on behalf of their own people. Examining the important tradition of Black philanthropy, this groundbreaking work documents its history: its beginning as a response to discrimination through self-help among freed slaves, and its expansion to include the support of education, religion, the arts, and legal efforts on behalf of civil rights. Using diverse approaches, the authors illuminate a new world of philanthropy - one that will be of interest to scholars and students alike. Chapters review the contributions of such major figures as Booker T. Washington and Thurgood Marshall, and discuss the often-surprising practices and methods of contemporary African American donors.

Uplifting a People

It is an honor and a pleasure to communicate directly with my growing audience. I have included in this first volume, of a number of volumes I plan to have published, five of the greatest renaissance women in the African Diaspora. These women are different and yet each of them shares a trait which I so greatly admire -- creative determinism. They discovered a purpose within themselves and continued on their march to destiny, fame, sometimes riches, sometimes ignominy, always triumphant over the ills of a world, which is, in fact, still discovering itself; but which, in its blind fury, has ground civilizations, people and ideas into the dust. The indestructible African Diasporan Woman I have chosen for this volume are Ethel Waters, Valaida Snow, Billie Holiday, Zora Neale Hurston, and Winifred Mandela.

Renaissance Women

First time in paperback and e-book! The jazz musician-composer-arranger Mary Lou Williams spent her sixty-year career working in—and stretching beyond—a dizzying range of musical styles. Her integration of classical music into her works helped expand jazz's compositional language. Her generosity made her a valued friend and mentor to the likes of Thelonious Monk, Charlie Parker, and Dizzy Gillespie. Her late-in-life flowering of faith saw her embrace a spiritual jazz oriented toward advancing the civil rights struggle and helping wounded souls. Tammy L. Kernodle details Williams's life in music against the backdrop of controversies over women's place in jazz and bitter arguments over the music's evolution. Williams repeatedly asserted her artistic and personal independence to carve out a place despite widespread bafflement that a woman exhibited such genius. Embracing Williams's contradictions and complexities, Kernodle also explores a personal life troubled by lukewarm professional acceptance, loneliness, relentless poverty, bad business deals, and difficult marriages. In-depth and epic in scope, *Soul on Soul* restores a pioneering African American woman to her rightful place in jazz history.

Soul on Soul

Babylon Girls is a groundbreaking cultural history of the African American women who performed in variety

shows—chorus lines, burlesque revues, cabaret acts, and the like—between 1890 and 1945. Through a consideration of the gestures, costuming, vocal techniques, and stagecraft developed by African American singers and dancers, Jayna Brown explains how these women shaped the movement and style of an emerging urban popular culture. In an era of U.S. and British imperialism, these women challenged and played with constructions of race, gender, and the body as they moved across stages and geographic space. They pioneered dance movements including the cakewalk, the shimmy, and the Charleston—black dances by which the “New Woman” defined herself. These early-twentieth-century performers brought these dances with them as they toured across the United States and around the world, becoming cosmopolitan subjects more widely traveled than many of their audiences. Investigating both well-known performers such as Ada Overton Walker and Josephine Baker and lesser-known artists such as Belle Davis and Valaida Snow, Brown weaves the histories of specific singers and dancers together with incisive theoretical insights. She describes the strange phenomenon of blackface performances by women, both black and white, and she considers how black expressive artists navigated racial segregation. Fronting the “picaninny choruses” of African American child performers who toured Britain and the Continent in the early 1900s, and singing and dancing in *The Creole Show* (1890), *Darktown Follies* (1913), and *Shuffle Along* (1921), black women variety-show performers of the early twentieth century paved the way for later generations of African American performers. Brown shows not only how these artists influenced transnational ideas of the modern woman but also how their artistry was an essential element in the development of jazz.

Babylon Girls

The story, based on extensive individual interviews, of the women’s swing bands that toured extensively during World War II and after -- a kind of “League of their Own” for jazz.

The Children of Children Keep Coming is an awe-inspiring contribution to literature. A breathtaking form of poetic expression, this unique work presents a riveting chronicle of the African American experience in the United States. The dramatic odyssey opens with two anonymous slaves running to catch the Freedom Train, where at journey’s end they hope to find liberation. Along the way, they encounter fields of laborers sowing seeds, plodding hard under sun high and moon low, working to end slavery. The toilers are sustained by work songs that at one moment express the dreams and fears of the downtrodden and at another moment burst forth with unbound faith and optimism. These determined travelers, with dangerous crows circling around them, roam through fields holding their dead; step over graves of the once enslaved; walk across beds of red, white, and blue flowers, all for the opportunity to march on the green lawns of democracy. Throughout their entangled journey, they meet imaginary and mythological characters. But it is down by the riverside where their belief that a time of change will come is affirmed by engagements with “giants” such as Frederick Douglass, Billie Holiday, Hank Aaron, Sojourner Truth, and Rosa Parks. *The Children of Children Keep Coming* is strung seamlessly together—by poetry and prose, blues and gospel, hymns and jazz, work songs and prayers—forcing the universal harmony of the cry for freedom and justice to reach an unforgettable pitch that cannot be ignored. This astounding mosaic of voices is accentuated by the images of Romare Bearden.

Based on twenty years of research and thousands of interviews, this authoritative biography of performer Josephine Baker (1906-1975) provides a candid look at her tempestuous life. Born into poverty in St. Louis, the uninhibited chorus girl became the sensation of Europe and the last century's first black sex symbol. A heroine of the French Resistance in World War II, she entranced figures as diverse as de Gaulle, Tito, Castro, Princess Grace, two popes, and Martin Luther King, Jr. Yet Josephine was also, as one critic put it, "a monster who made Joan Crawford look like the Virgin Mary." Jean-Claude Baker's book also reveals her outbursts that resulted in lasting feuds, her imperious treatment of family and entourage members, and her ambivalent attitudes concerning her ethnic background. Reconciling Josephine's many personas--Jazz-age icon, national hero of France, proponent of Civil Rights, mother of children from across the globe--*Josephine: The Hungry Heart* gives readers the inside story on a star unlike any other before or since.

In a little-known chapter of World War II, Black people living in Nazi Germany and occupied Europe were subjected to ostracization, forced sterilization, and incarceration in internment and concentration camps. In the absence of public commemoration, African diaspora writers and artists have preserved the stories of these forgotten victims of the Third Reich. Their works illuminate the relationship between creative expression and wartime survival and the role of art in the formation of collective memory. This groundbreaking book explores a range of largely overlooked literary and artistic works that challenge the invisibility of Black wartime history. Emphasizing Black agency, Sarah Phillips Casteel examines both testimonial art by victims of the Nazi regime and creative works that imaginatively reconstruct the wartime period. Among these are the internment art of Caribbean painter Josef Nassy, the survivor memoir of Black German journalist Hans J. Massaquoi, the jazz fiction of African American novelist John A. Williams and Black Canadian novelist Esi Edugyan, and the photomontages of Scottish Ghanaian visual artist Maud Sulter. Bridging Black and Jewish studies, this book identifies the significance of African diaspora experiences and artistic expression for Holocaust history, memory, and representation.

Black Lives Under Nazism

A popularly written and illustrated history of the Holocaust. Deals with all of the victims of the Nazis' genocidal campaign: communists, Jehovah's Witnesses, homosexuals, Poles and other Slavs, and Soviet POWs, as well as the "racial enemies" - Afro-Germans, the mentally and physically disabled, Gypsies, and

Jews. Jews were regarded by the Nazis as the foremost \"racial enemy\". Pp. 110-156, \"The Holocaust\

A memoir of growing up poor and hungry in 1970s western New York: “Like an American version of Angela’s Ashes.”—Kathleen Norris, New York Times–bestselling author of *The Cloister Walk* When you eat soup every night, thoughts of bread get you through. One of seven children brought up by a single mother, Sonja Livingston was raised in areas of western New York that remain relatively hidden from the rest of America. From an old farming town to an Indian reservation to a dead-end urban neighborhood, Livingston and her siblings follow their nonconformist mother from one ramshackle house to another on the perpetual search for something better. Along the way, the young Sonja observes the harsh realities her family encounters, as well as small moments of transcendent beauty that somehow keep them going. While struggling to make sense of her world, Livingston perceives the stresses and patterns that keep children—girls in particular—trapped in the cycle of poverty. Informed by cultural experiences such as Livingston’s love for Wonder Woman and Nancy Drew and her experiences with the Girl Scouts and Roman Catholicism, this lyrical memoir firmly eschews sentimentality, offering instead a meditation on what it means to hunger and showing that poverty can strengthen the spirit just as surely as it can grind it down. “[A]n absolutely astonishing debut...harrowing and hilarious.”—Caroline Leavitt, New York Times–bestselling author of *With or Without You* “Livingston reveals the daily challenges poverty-stricken young children face.”—Booklist “Weaves together a child’s experience of not belonging, the perilous ease of slipping into failure, and the deep love that can flow from even a highly troubled parent.”—Dinty W. Moore, author of *The Accidental Buddhist*

In jazz circles, players and listeners with “big ears” hear and engage complexity in the moment, as it unfolds. Taking gender as part of the intricate, unpredictable action in jazz culture, this interdisciplinary collection explores the terrain opened up by listening, with big ears, for gender in jazz. Essays range from a reflection on the female boogie-woogie pianists who played at Café Society in New York during the 1930s and 1940s to interpretations of how the jazzman is represented in Dorothy Baker’s novel *Young Man with a Horn* (1938) and Michael Curtiz’s film adaptation (1950). Taken together, the essays enrich the field of jazz studies by showing how gender dynamics have shaped the production, reception, and criticism of jazz culture. Scholars of music, ethnomusicology, American studies, literature, anthropology, and cultural studies approach the question of gender in jazz from multiple perspectives. One contributor scrutinizes the tendency of jazz historiography to treat singing as subordinate to the predominantly male domain of instrumental music, while another reflects on her doubly inappropriate position as a female trumpet player and a white jazz musician and scholar. Other essays explore the composer George Russell’s Lydian Chromatic Concept as a critique of mid-twentieth-century discourses of embodiment, madness, and black masculinity; performances of “female hysteria” by Les Diaboliques, a feminist improvising trio; and the BBC radio broadcasts of Ivy Benson and Her Ladies’ Dance Orchestra during the Second World War. By incorporating gender analysis into jazz studies, *Big Ears* transforms ideas of who counts as a subject of study and even of what counts as jazz. Insights In Jazz (e-book)

How do we make sense of what it means to be Black in a world with room for both Michelle Obama and Precious? Tour, an iconic commentator and journalist, defines and demystifies modern Blackness with wit, authority, and irreverent humor. In the age of Obama, racial attitudes have become more complicated and nuanced than ever before. Americans are searching for new ways of understanding Blackness, partly inspired by a President who is unlike any Black man ever seen on our national stage. This book aims to destroy the notion that there is a correct or even definable way of being Black. It's a discussion mixing the personal and the intellectual. It gives us intimate and painful stories of how race and racial expectations have shaped Tour's life as well as a look at how the concept of Post-Blackness functions in politics, psychology, the Black visual arts world, Chappelle's Show, and more. For research Tour has turned to some of the most important luminaries of our time for frank and thought-provoking opinions, including Rev. Jesse Jackson, Henry Louis Gates Jr., Cornel West, Michael Eric Dyson, Melissa Harris-Lacewell, Malcolm Gladwell, Harold Ford, Jr., Kara Walker, Kehinde Wiley, Chuck D, and many others. Their comments and disagreements with one another may come as a surprise to many readers. Of special interest is a personal racial memoir by the author in which he depicts defining moments in his life when he confronts the question of race head-on. In another chapter—sure to be controversial—he explains why he no longer uses the word “nigga.” *Who's Afraid of Post-Blackness?* is a complex conversation on modern America that aims to change how we perceive race in ways that are as nuanced and spirited as the nation itself.

Why were both the Beatles and classical music so troubling to black people? Are identity and music still the same? Has there been an Obama-like breaking down of culture barriers? In *Soul Music* former black activist Candace Allen investigates whether the pitched battles between our music and their music of her youth are alive among young people engaged in music study. Following the beat of classical music in her own life to places where different cultures meet, she visits Palestine, Venezuela, Scotland, the streets of London and Kinshasa. Is the tribal multiculturalism of the past stifling the new generation? Should 20th-century cultural warriors stop hampering progress, so that boundaries will be crossed?

Jazz can be uplifting, stimulating, sensual, and spiritual. Yet when writers turn to this form of music, they almost always imagine it in terms of loneliness. In *Blue Notes: Jazz, Literature, and Loneliness*, Sam V. H. Reese investigates literary representations of jazz and the cultural narratives often associated with it, noting how they have, in turn, shaped readers' judgments and assumptions about the music. This illuminating critical study contemplates the relationship between jazz and literature from a perspective that musicians themselves regularly call upon to characterize their performances: that of the conversation. Reese traces the tradition of literary appropriations of jazz, both as subject matter and as aesthetic structure, in order to show how writers turn to this genre of music as an avenue for exploring aspects of human loneliness. In turn, jazz

musicians have often looked to literature—sometimes obliquely, sometimes centrally—for inspiration. Reese devotes particular attention to how several revolutionary jazz artists used the written word as a way to express, in concrete terms, something their music could only allude to or affectively evoke. By analyzing these exchanges between music and literature, *Blue Notes* refines and expands the cultural meaning of being alone, stressing how loneliness can create beauty, empathy, and understanding. Reese analyzes a body of prose writings that includes Ralph Ellison's *Invisible Man* and midcentury short fiction by James Baldwin, Julio Cortázar, Langston Hughes, and Eudora Welty. Alongside this vibrant tradition of jazz literature, Reese considers the autobiographies of Duke Ellington and Charles Mingus, as well as works by a range of contemporary writers including Geoff Dyer, Toni Morrison, Haruki Murakami, and Zadie Smith. Throughout, *Blue Notes* offers original perspectives on the disparate ways in which writers acknowledge the expansive side of loneliness, reimagining solitude through narratives of connected isolation.

Chronicling over forty years of changes in African-American popular culture, the Regal Theatre (1928-1968) was the largest movie-stage-show venue ever constructed for a Black community.
