## **Chronicle of Malaysia**

The story begins with murder, and a journey into the secret heart of a vast land where demigods rule millions in one of the most majestic, brutal, and tragic empires of the ancient world. Inca Moon is a tale of courage and intrigue, ruthless ambition, and devotion betrayed. With the heroine Qori Qoyllur, we travel through deserts, mountains, and jungles, face armies and assassins, experience the pomp and rituals of a vanished world. We follow her through tangled loves and loyalties, share emotions and personal tragedies, see her rise to become an Inca healer, and covertly, a special agent to the emperor. On this journey, we meet great lords and ladies, heroes and scoundrels: Reclusive Lord Atoq is an elegant man who directs the imperial spy web from his country estate. With the old emperor on his deathbed and conspiracy threatening to plunge the empire into civil war, Lord Atoq must send his elite agents into peril. Qori loves him like a father, but what secrets is he holding back? Lady Sisa is breathtakingly beautiful. Men want her, women envy her. Why is she so feared? Tanta Karwa is a healer to the nobility and Qori's beloved mother-in-law. She knows the truth but cannot speak it. He who rules the jungle, Condin Savana, Wizard of the East, sees Qori's destiny. He will arm her, but he will not interfere with fate. These and other vivid characters inhabit the world of Qori Qoyllur. Based on old Spanish accounts and modern findings, this novel brings the Inca Empire alive with gripping authenticity.

## **Athenaeum and Literary Chronicle**

In 1921, Paul Amadeus Dienach, a Swiss-Austrian teacher with fragile health, falls into a one-year-long coma. During this time, his consciousness slides into the future and enters the body of another man in 3906 A.D. When Dienach awakens from his coma, he finds himself back in 1922. Knowing that he doesn't have much time left, he writes a diary, recording whatever he could remember from his amazing experience: the mankind's history in the forthcoming centuries, from the nightmare of overpopulation and World Wars up until the world-changing globalisation, the radical new administration system, the colony on Mars and the next human evolutionary stage. Without any close friends and relatives to entrust, he doesn't say a word to anyone out of fear of being branded a lunatic. Before he dies, he hands his diary to his favourite student, George Papachatzis, later prominent Professor of Law and Rector of Panteion University of Greece. The diary circulates as hidden knowledge amongst high ranking masons in the lodges of Athens. In 1972, professor Papachatzis, despite an intense dispute, decides to publish Dienach's diary in Greek. Paul Dienach was not an author, poet, or professional writer. Rather, he was an ordinary man who kept a journal, never with the expectation that it would be published. This unique and controversial book, a universal legacy, is now carefully edited, translated and available to everyone. This is the history of our future! We deliver it to you."

Scouring the mountains of Arizona with Simon, her best friend and computer geek extraordinaire, Delia dreams of turning their scavenging enterprise into a legitimate business. More, she longs to earn the respect of peers who shun her for turning into a treasure hunter. What she doesn't dream of is stumbling across a decapitated body in an old mine near Prescott. Something dangerous has come to the mountains, and a pair of Harley-riding strangers are the only ones who seem to have a clue. They speak a language Delia has never heard and carry mysterious artifacts she's never seen.
