Frog Music

From the New York Times bestselling author of *Room*, a young French burlesque dancer living in San Francisco is ready to risk anything in order to solve her friend's murder—but only if the killer doesn't get her first. Summer of 1876: San Francisco is in the fierce grip of a record-breaking heat wave and a smallpox epidemic. Through the window of a railroad saloon, a young woman named Jenny Bonnet is shot dead. The survivor, her friend Blanche Beunon, is a French burlesque dancer. Over the next three days, she will risk everything to bring Jenny's murderer to justice—if he doesn't track her down first. The story Blanche struggles to piece together is one of free-love bohemians, desperate paupers, and arrogant millionaires; of jealous men, icy women, and damaged children. It's the secret life of Jenny herself, a notorious character who breaks the law every morning by getting dressed: a charmer as slippery as the frogs she hunts. In thrilling, cinematic style, *Frog Music* digs up a long-forgotten, never-solved crime. Full of songs that migrated across the world, Emma Donoghue's lyrical tale of love and bloodshed among lowlifes captures the pulse of a boomtown like no other. "Her greatest achievement yet . . . Emma Donoghue shows more than range with *Frog Music*—she shows genius." —Darin Strauss, author of *Half a Life*.

Too slippery and fast to catch! Written in lively, lilting free verse, Frogness invites curiosity and energetic play while also highlighting mindfulness and the hidden rewards of patience. Lush paintings and buoyant language immerse readers in the rich atmosphere of a marsh at sunset. Motivation

This is a collection of paintings, a one-man bestiary of monsters, weirdos, beasties, and anthropomorphs, all painted in Furie's meticulous brand of representational surrealism. Furie's cheerful, anthropomorphic comics character, Pepe the Frog, became a meme that was appropriated by hate groups (as seen in the documentary *Feels Good Man*, which premiered at the Sundance Film Festival.) Furie's recent paintings reflect this experience. This is a showcase for an unsettling menagerie; creatures seem to be hiding their true intentions. Furie is plumbing darker depths in these works, despite the paintings' inviting colors and friendly cartoon iconography.

Mindviscosity

When a curiously croaking stranger comes knocking at the door, Aunt Josephine launches into a rambling tale about her lifelong pursuit of a rare giant frog. Eccentric Aunt Josephine poignantly ignores a stranger knocking at her door as she tells her niece Sadie the story of her time in the jungles of Peru, cataloguing amphibians for the scientific team of Admiral Rodriguez. When the admiral's son was suddenly swallowed by a giant frog, Aunt Josephine gave chase in a journey which took her around the world. In the tradition of Philip Stead and Caldecott Medalist Matthew Cordell's previous collaborations *Special Delivery* and *The Only Fish in the Sea*, this is a story full of rambunctious fun and sensationally appealing artwork. A Frog Thing

An impassioned call for a return to reading poetry and an incisive argument for poetry's accessibility to all readers, by critically acclaimed poet Matthew Zapruder In *Why Poetry*, award-winning poet Matthew Zapruder takes on what it is that poetry—and poetry alone—can do. Zapruder argues that the way we have been taught to read poetry is the very thing that prevents us from enjoying it. In lively, lilting prose, he shows us how that misunderstanding interferes with our direct experience of poetry and creates the sense of confusion or inadequacy that many of us feel when faced with it. Zapruder explores what poems are, and how we can read them, so that we can, as Whitman wrote, “possess the origin of all poems,” without the aid of any teacher or expert. Most important, he asks how reading poetry can help us to lead our lives with greater meaning and purpose. Anchored in poetic analysis and steered through Zapruder's personal experience of coming to the form, *Why Poetry* is engaging and conversational, even as it makes a passionate argument for the necessity of poetry in an age when information is constantly being mistaken for knowledge. While he provides a simple reading method for approaching poems and illuminates concepts like associative movement, metaphor, and negative capability, Zapruder explicitly confronts the obstacles that readers face when they encounter poetry to show us that poetry can be read, and enjoyed, by anyone.
