

Quicksilver

Quicksilver

Hermes—also known as Mercury, Wayfinder, and Prince of Thieves—has many talents. Wearing his famed winged sandals, he does the bidding of his father Zeus, leads the dead down to Hades, and practices his favorite arts of trickery and theft. He also sees the future, travels invisibly, loves jokes, and abhors violence. And he's an entertaining and ideal narrator on a fast-paced journey through ancient Greek mythology—from Medusa's cave to Trojan War battlefields to the mysterious Underworld. Stephanie Spinner brings the famous messenger—and the best-known gods and mortals of mythology—to life with high action and spare, powerful prose.

Quicksilver

Quicksilver is the story of Daniel Waterhouse, fearless thinker and conflicted Puritan, pursuing knowledge in the company of the greatest minds of Baroque-era Europe, in a chaotic world where reason wars with the bloody ambitions of the mighty, and where catastrophe, natural or otherwise, can alter the political landscape overnight. It is a chronicle of the breathtaking exploits of \"Half-Cocked Jack\" Shaftoe -- London street urchin turned swashbuckling adventurer and legendary King of the Vagabonds -- risking life and limb for fortune and love while slowly maddening from the pox. And it is the tale of Eliza, rescued by Jack from a Turkish harem to become spy, confidante, and pawn of royals in order to reinvent Europe through the newborn power of finance. A gloriously rich, entertaining, and endlessly inventive novel that brings a remarkable age and its momentous events to vivid life, Quicksilver is an extraordinary achievement from one of the most original and important literary talents of our time. And it's just the beginning ...

Quicksilver

In which Daniel Waterhouse, fearless thinker and courageous Puritan, pursues knowledge in the company of the greatest minds of Baroque-era Europe -- in a chaotic world where reason wars with the bloody ambitions of the mighty, and where catastrophe, natural or otherwise, can alter the political landscape overnight.

Quicksilver

Before Terlingua achieved some notoriety as the site of the annual World Championship Chili Cookoff, the ghost town was the bustling center of the mercury mining industry in the United States. Quicksilver tells the story of the company town and its feudal lord, Chicago industrialist Howard E. Perry, who built a hilltop mansion overlooking the dry domain. Based on many primary sources, this solidly researched and historically sound book tells of profit, power, and loss; of U.S. Army protection from the effects of revolution south of the border; of Depression-era maneuverings and labor unrest; and of a region that holds growing fascination for thousands of visitors each year. Color and authenticity come from the author's interviews with such individuals as Robert Cartledge, who for nearly three decades worked as store clerk, purchasing agent, and finally general manager of the Chisos Mining Company in Terlingua.

Quicksilver

Are you dangerously normal? Most of the world's catastrophes don't come from mistakes. Wars, NASA space tragedies, global economic meltdowns all have one thing in common—they are caused by normal thinking. Quicksilver shows that humanity now suffers from a learning disorder that threatens our future. As

a result, leaders must develop a shape-shifting ability to continuously adjust themselves and their organizations to quicksilver conditions. The book looks at the failed leadership behind the 2008 economic crisis from the perspective of the fast-changing digital world, which has outpaced habits of mind. It focuses on cognitive psychology and proposes a set of practices aimed at coping with problems of the digital age. We are all leaders. Quicksilver will teach you how to inoculate yourself against self-defeating, normal thinking, and systematically neutralize fear, which comes in many guises. Be a leader with the personal courage and integrity that people will want to follow.

Quicksilver

Though modern scientists recognize mercury as a harmful environmental pollutant and one of the world's most dangerous elemental toxins, mercury was once considered a wondrous substance capable of eradicating internal disease, revolutionizing the paint and cosmetics industries and even entertaining the masses as part of amateur magic tricks and witch doctor scams. This work traces the history of mercury in popular culture, beginning in the early eighteenth century when Dr. Thomas Dover, nicknamed \"Dr. Quicksilver,\" began prescribing doses of raw mercury to clear out intestinal blockages and rid the body of syphilis and other diseases. The author then details the role of mercury in several medical, industrial, and cultural applications. In the fields of dentistry and vaccination, mercury continues to be used as a preservative and amalgamative agent. In the cosmetics industry, mercury was once used as a popular \"skin lightener\" in soaps and skin creams. In the early development of obstetrics and gynecology, mercury was once used to stimulate conception and fetal abortion. Many more uses of mercury, along with many more, are outlined in the work, while several appendices provide translations of rare works which reference mercury.

Quicksilver

A Victorian glass-reader and a psychic investigator play a deadly game of cat-and-mouse with a killer in the second installment of the New York Times bestselling Looking Glass Trilogy. Virginia Dean wakes at midnight beside a dead body, with a bloody knife in her hand and no memory of the evening's events. Dark energy, emanating from the mirrors lining the room, overpowers her senses. With no apparent way in or out, she's rescued by a man she's met only once before, but won't soon forget... Owen Sweetwater inherited his family's talent for hunting the psychical monsters who prey on London's women and children, and his investigation into the deaths of two glass-readers has led him here. The high-society types of the exclusive Arcane Society would consider Virginia an illusionist, a charlatan, even a criminal. But Owen knows better. Virginia's powers are real—and so is the power she exerts over him simply with her presence. And if her abilities can be relied upon in the midst of great danger, they just might be the key to his investigation.

Quicksilver

Almost seventeen-year-old Alison, who has synesthesia, finds herself in a psychiatric facility accused of killing a classmate whose body cannot be found.

Quicksilver

Quicksilver War is a panoramic political history of the wars that coursed through Syria and Iraq in the wake of the 'Arab Spring' and eventually merged to become a regional catastrophe: a kaleidoscopic and constantly shifting conflict involving many different parties and phases. William Harris distils the highly complex dynamics behind the conflict, starting with the brutalizing Baathist regimes in Damascus and Baghdad. He

charts the malignant consequences of incompetent US occupation of Iraq and Bashar al-Assad's self-righteous mismanagement of Syria, through the implosion of Syria, and the emergence of eastern and western theatres of war focused respectively on future control of Syria and the challenge of ISIS. Beyond the immediate arena of conflict, geopolitical riptides have also been set in motion, including Turkey's embroilment in the war and the shifting circumstances of the Kurds. This sweeping history addresses urgent questions for our time. Will the world rubber-stamp and bankroll the Russian-led 'solution' in Syria, backed by Turkey and Iran? Is the 'Quicksilver War' about to reach an explosive finale? Or will ongoing political maneuvering mutate into years of further violence?

Ultraviolet

The second novel from the “hottest science fiction writer in America” and New York Times–bestselling author of *Snow Crash* and *Cryptonomicon* (Details). Meet Sangamon Taylor, a New Age Sam Spade who sports a wet suit instead of a trench coat and prefers Jolt from the can to Scotch on the rocks. He knows about chemical sludge the way he knows about evil—all too intimately. And the toxic trail he follows leads to some high and foul places. Before long Taylor’s house is bombed, his every move followed, he’s adopted by reservation Indians, moves onto the FBI’s most wanted list, makes up with his girlfriend, and plays a starring role in the near-assassination of a presidential candidate. Closing the case with the aid of his burnout roommate, his tofu-eating comrades, three major networks, and a range of unconventional weaponry, Sangamon Taylor pulls off the most startling caper in Boston Harbor since the Tea Party. “[Stephenson] captures the nuance and the rhythm of the new world so perfectly that one almost thinks that it is already here.” —The Washington Post

Quicksilver War

In the wake of *Onslaught*, the Avenger called Quicksilver forges a new path! When Wundagore Mountain falls to Exodus and his fanatical Acolytes, the High Evolutionary puts the mercurial mutant in charge of the evolved beasts known as the Knights of Wundagore. Now, the newly honored “Sir Pietro” leads these animals-turned-New Men out into an unfamiliar world, and straight into an encounter with Thundra and Arkon! But when the heroes return, and Quicksilver is reunited with his sister the Scarlet Witch, his ex-wife Crystal, and the other Avengers and Inhumans, it all races to a chaotic climax and a Siege of Wundagore - as Pietro joins the Heroes For Hire in final battle with Exodus, his Acolytes, and the resurgent High Evolutionary! COLLECTING: QUICKSILVER 1-13, HEROES FOR HIRE (1997) 15-16, HEROES FOR HIRE/QUICKSILVER ANNUAL '98

Quicksilver

USA Today Bestselling Author, Callie Hart, delivers a twisted and edgy new linked standalone dark romance tale, featuring a girl with nothing left to lose and a broken boy with a heart as black as his soul. Want something? Pax will take it from you. Love something? Pax will destroy it. Love him? Heaven help you. You'd have to be the stupidest person to walk the face of the earth. PAX I don't do complicated. I sure as hell don't do love. With graduation in sight, I've made it almost four years at Wolf Hall without getting tangled up in BS with girls. I especially want nothing to do with her: Presley. Maria. Witton. Chase. The timid little mouse with the red hair, who can't even look my way without hyperventilating. She's nothing to me. Beautiful, sure, but I've had plenty of beautiful women. I'm perfectly content ignoring her... ..until her life is suddenly in my hands. PRES I've loved him from the moment I laid eyes on him. The cruel, inked anarchist of Riot House. He's wicked, and he's cold, and there's nothing good left in him. I fear him almost as much as I crave him. With only a few weeks left until graduation, all I have to do is keep my head down, and then I'll be free; I can leave Mountain Lakes and my obsession with Pax Davis in my rearview mirror. But the demons I've been hiding for years now are growing restless... ..and Pax is thing that will keep them at bay. This is not an act of kindness. Not an act of love. Not an act of forgiveness. You'll find no redemption here. This is the final riot. ACT ACCORDINGLY. RIOT ACT is a 137,000-word standalone book in the Crooked

Sinners Series and does not end on a cliffhanger. This book contains dark content that may be considered a trigger for some readers, and as such is recommended for readers 17+

Zodiac

From a New York Times–bestselling author: After the Civil War, a young Confederate bride finds herself living in the shadow of her husband’s first love. Having lost her fiancé in battle, Lora Blair knew it was the heartache of war, not true love, that drew her to Union soldier Wade Tyler, a grieving widower who still mourned his late wife, Virginia. Married quickly in the ravished little Southern border town where Lora was born, they headed back North to Wade’s Staten Island mansion, where he lives with his motherless son and bitterly unwelcoming family. It’s not just Lora’s Southern roots among wealthy Yankees that are met with severe disapproval. Lora knows that she’ll forever be in the shadow of Wade’s adored, devotedly maternal, and peerlessly beautiful first wife. Though her most dangerous opposition is yet to come, Lora must face the secrets hidden in the Tylers’ past—including those Virginia took with her to an early grave. The recipient of the Agatha Award for Lifetime Achievement, Phyllis A. Whitney is “a superb and gifted storyteller” (Mary Higgins Clark). This ebook features an illustrated biography of Phyllis A. Whitney including rare images from the author’s estate.

Avengers

J. Howard Jim Campbell is well known for his illustrations of U.S. Sailing ships and other nautical illustrations. He also fell in love with a nineteenth century mining town, New Almaden, and had a long-lasting friendship with Constance Perham, the founder of the Almaden Quicksilver Mining Museum. Jim illustrated the workings of the quicksilver mine and the residents of New Almaden in the style of Mary Hallock Foote. He shared his pen and ink drawings with Connie and she drafted much of the language that accompanies these illustrations. Jim now shares his drawings with us in the book *From Cinnabar to Quicksilver*. This collection of pen-and-ink sketches of the historic New Almaden quicksilver mines is now available to all of us. The accompanying text presents the history of this mine, the largest and richest in California. This is a perfect book to relax and enjoy some of the little known history of Almaden Valley in California.

Quicksilver

In the 1870s, a quicksilver mining boom took hold of Sonoma County, California. Claims were staked, and a rowdy camp took shape in Pine Flat as farmers traded plows for picks and miners answered the siren call of cinnabar. In this compelling account, historian Joe Pelanconi relates the development of the twenty-mile Cinnabar Mining District. Pelanconi shares intriguing stories like those of the Donner Party survivor, Chinese laborers who worked the mines in danger of mercury poisoning and the two brothers who were leading citizens of the district and purported victims of murder. Delve into Sonoma County's heritage and a lost era when eccentrics and dreamers sought shining flasks of riches in the Mayacamas Mountains above today's wine country.

Riot Act

This #1 New York Times bestseller is a highly addicting enemies-to-lovers Romantasy with razor-sharp banter, heart-stopping action, and blistering hot romance. Do not touch the sword. Do not turn the key. Do not open the gate. Twenty-four-year-old Saeris Fane is good at keeping secrets. No one knows about the strange powers she possesses, or the fact that she has been picking pockets and stealing from the Undying Queen’s reservoirs for as long as she can remember. In the land of the unforgiving desert, there isn’t much a girl wouldn’t do for a glass of water. But a secret is like a knot. Sooner or later, it is bound to come undone. When Saeris comes face-to-face with Death himself, she inadvertently reopens a gateway between realms and is transported to a land of ice and snow. The Fae have always been the stuff of myth, of legend, of

nightmares...but it turns out they're real, and Saeris has landed right in the middle of a centuries-long conflict that might just get her killed. The first of her kind to tread the frozen mountains of Yvelia in over a thousand years, Saeris mistakenly binds herself to Kingfisher, a handsome Fae warrior, who has secrets and nefarious agendas of his own. He will use her Alchemist's magic to protect his people, no matter what it costs him... or her. Death has a name. It is Kingfisher of the Ajun Gate. His past is murky. His attitude stinks. And he's the only way Saeris is going to make it home. Be careful of the deals you make, dear child. The devil is in the details... Now with an embossed cover, silver foiling, and an updated interior design. N.B. Quicksilver contains depictions of graphic violence/adult situations and is therefore recommended for readers 17+. For a full list of tropes and TWs, please visit the author's website.

The Metallurgy of Quicksilver

Issues for 1899-19 include statistics for the previous 10 years; 1952 includes statistics for 1938-52.

A Selected Bibliography on Quicksilver, 1811-1953

Wolfie, Tala and Zi'ib were born on the same day on opposite sides of the world. They are brought together by astonishing coincidence - or so it seems. But only they can fulfil an ancient prophecy - and find a treasure of incalculable power. Can the mysterious energies that flow through the Earth's prehistoric leylines be controlling their lives? And will they discover the chilling truth of who they really are?

Geology and Quicksilver Deposits of the New Almaden District, Santa Clara County, California

The Quicksilver Pool

A billionaire heir must get married to keep his fortune. The only girl he wants is the one whose heart he broke.

Geology of the Quicksilver Deposits of the Pacific Slope

Vampires and werewolves roam the streets of Victorian London and only the Nighthawk can keep the world safe. He will find her no matter what. As captain of the Nighthawk Guard, his senses are keener than most. Some think he's indestructible. But once he finds the elusive Mercury, what will he do with her? It's his duty to turn her in-she's a notorious spy and traitor. But after one stolen moment, he can't forget the feel of her in his arms, the taste of her, or the sharp sting of betrayal as she slipped off into the night. Little does Mercury know, no one hunts better than the Nighthawk. And his greatest revenge will be to leave her begging for his touch...

B041: Quicksilver Deposits in Nevada

With the advent of IRTV--Infinite Range TV--humans can watch television from alternate realities, which seems harmless enough, until Virgil Jacobi discovers that someone in another dimension is using the technology to influence his world.
