Lahochi

Lahochi is an impressive energy healing technique, acknowledged for its simplicity, its power and its efficiency. Accessible to all without any prerequisite, Lahochi is taught over a day and gives all necessary tools to practice energy healings of a remarkable quality for oneself or others. However, many of those practicing it ignore a great part of its amazing potential. Starting from this observation, Didier Combé felt the need of sharing his experience and his knowledge of the Lahochi as well as his many discoveries after several years of practice. This book was written to help everyone who wants to discover this wonderful energy technique as well as showing under a different light this wonderful gift from the higher spheres to anyone already practicing or teaching Lahochi. Simple and additional techniques will also allow to go further into one's way to benefit from the Lahochi's energy. Unique channellings will establish a solid ground in order to understand the foundations and the depth of this energy system. This book is truly unique, on more than one level! Offering one meditation each from the seven teachers, Seven Masters, One Path emphasizes the commonalities in the diverse traditions, ultimately providing a unique and accessible meditation program that anyone can master.

"Come and teach with me where I AM," Yeshua beckoned Robin once again. She listened in awe as this highly-revered Ascended Master (most often referred to as Jesus) had returned with another request. Robin Clare had successfully completed Yeshua's request to write her first book, *Messiah Within - A Guide to Embracing Your Inner Divinity*. In this second request, He was asking Robin to expand beyond her role as spiritual author into the role of spiritual teacher. It was not enough to just talk the talk of Spirituality as an author. Yeshua was asking her to walk the walk of Spirituality as a teacher. To move from talking to walking required Robin to align her day-to-day life with her spiritual life. It was from this place of alignment that she unlocked the 18 Keys to living a life that is connected and guided by the Divine.

The New children come in all varieties, Indigo, Crystal, Octarines, Magenta, Star and there will be many more. They all have one thing in common, they live, move and breathe in the reality of wholeness. They show us a new harmony, a tapestry of Divine Law. Any interruption in the way they process life with this harmonious flow and ebb of energy literally causes them to 'bounce off the walls'. There is need to understand the way their energy moves and functions, so it may be used in a productive way. This is a worldwide phenomenon. "New Children of Earth" reveals 22 "Creation Codes", rhythms of consciousness belonging to the New children, the way they move, function, maintain balance, accelerate their development and most important the way they bring knowledge into wisdom and love to humanity. This is break-through information on how children are born with an expanded spirit of wholeness for the creation of a new reality. This information helps parents and professionals deal with one of the most important issues of our times, our children and their multi-dimensional abilities. Presently, the two-dimensional way of teaching children is causing great confusion for them, resulting in ADHD and other psychological symptoms. Any interruption in the natural flow of information received, transmitted and translated causes the children to literally, 'climb the walls'. The souls coming to earth need us to help them activate these formless spiritual Cycles of Love to sustain their life's purpose. CODES The energy patterns of this new consciousness, provides us with codes, Creation Codes, birthed in the New children, in accordance with the love and harmony of Universal Law, expanding and in harmony with all galaxies. The coupling of polarity is bringing about a change in the way we engage with Universal Law. IMPULSE Together the codes are called, 'IMPULSE', which is the nature of this expanded system. The movements of each code weave the vibrations, pulses of sound and color as they flow in and out of the body. Each code can be done separately, however, when the codes are connected, they form a tapestry with a specific order and sequence, like a Mandela. The codes open up the phenomenon of the New children, showing us how to understand and experience them, using their way of learning to carry them forward. The codes help us move our consciousness into the future and thereby apply to everyone. They are diagnostic and or treatment tools. The pulses emanate from the heart of One directly into the heart of all creating unity, harmony and inter-connectedness. The properties of each code are presented pictorially with 22 drawings, which are done, showing children gesturing, making the information more understandable. She is presently working a fifth book; The Diamond of Education-What Kind Of

Education Would Result If We Learned In The Way We Are Created? And the latest book on, \"The Growing of a Child\" These are all part of: New Children Creation Series This is a nonfiction manuscript, a positive self-help manual for parents and professionals who find themselves frustrated by children they do not always understand

Now is the time for Peace. From the Preface: \"Mary was not a harlot, powerless, following Christ. This book is Kari's story, as well as a workbook for the reader to tackle their personal limiting beliefs. Each chapter explores how the author developed debilitating beliefs that plagued her throughout her life. She identifies strategies to overcome these beliefs and invites the reader through the power of questions to explore the subconscious beliefs that might be holding them back. The reader will find a few questions at the end of each chapter, which invite them to explore their personal history to discover beliefs they may have inadvertently formed. By bringing these subconscious beliefs to the light of awareness, the reader will have the opportunity to discover if these beliefs are still serving them today. Kari's story as well as this personal exploration can help uncover the reader's inner light, creating an expression of outer beauty. Each one of us holds within a blueprint of perfection, potential, and purpose. Kari has given us all an incredible gift with *Becoming Beautiful*. We now have a tool to find this unique strength from within, from where each of us can shine brighter than ever before (Jon Berghoff, president, FLI). Kari brings a powerful message to the world through her transformative journey. Angels, Trees, You and Me by Joseph Pio Asterita delves into the world of spiritual belief, into the belief that you are a magnificent aspect of God, of Spirit, needing only to be reminded of this to start you on your realization journey. Here is an excerpt of the book that tells you of your innate spiritual nature: Gods Poem is you You are Gods poetry Gods ultimate creation A symphony in motion A sweet melody of Muscle, bones, spirit and heart We have helpers waiting to assist us to discover our inner sanctity. The poems about Angels and Trees tell us about the aid that is ours for the asking. These poems herald our state of inner peace and the wonderful world of nature that is ours to enjoy. Every tree has its own identity. Native Americans rightly called them the tree people because they experienced the subtle energy and wisdom that came from trees. That is why great comfort can come from being around trees. And there are angels, too. Created to show us the way and be our spiritual companions. All of this beauty has been put in place to remind us of who we are. We just have to be open to it. So it is all here for us, our true identity and the help to discover it. Read this

book slowly, absorb it, keep it in your pocket, purse or carry bag. Read it in your spare moments to get a lift and insight into your self. Or take time during your day just for you and digest a poem or two that tell of the wonder that is you.
