

Etnik

Pemupukan Hubungan Etnik

Keluarga memainkan peranan yang penting dalam merangsang, memperkukuh dan memperkasa kepentingan nilai perpaduan. Ibu bapa merupakan pendidik pertama dan berterusan dalam menjamin pembenihan nilai perpaduan ini melalui asuhan dan didikan anak dalam persekitaran keluarga. Peranan ibu bapa bukan sekadar menerapkan anak-anak dengan ilmu dan pengetahuan tentang disiplin, budaya, tradisi mahupun agama, tetapi juga dengan nilai perpaduan agar anak-anak dapat membesar dalam persekitaran yang sihat tanpa diracuni oleh sikap prejudis dan rasisme.

Musik Etnik Kontemporer di Gereja

Musik, dalam segala bentuk dan jenisnya, adalah milik Tuhan dan diciptakan untuk memuliakan nama-Nya. Musik dalam ibadah bukan sekadar penataan nada dan irama, tetapi merupakan bentuk spiritualitas yang lahir dari pengalaman umat akan kehadiran Allah. Ketika musik etnik mulai diintegrasikan dalam liturgi gereja karismatik, yang terjadi bukan sekadar pergantian instrumen atau penggantian lagu, melainkan transformasi cara umat percaya berjumpa dengan Tuhan.

Cina Peranakan Kampung Pasir Parit, Kelantan

Cina Peranakan merupakan sekumpulan subetnik Cina di negara ini. Mereka memperlihatkan identiti yang amat berbeza daripada orang Cina jati. Identiti mereka terdiri daripada identiti Cina yang diwarisi daripada generasi awal dan identiti yang dipupuk menerusi akulturasi oleh penduduk tempatan. Kebanyakan kajian tentang Cina Peranakan di negara ini tertumpu kepada Cina Peranakan yang menetap di pantai barat Semenanjung Malaysia, terutamanya Baba dan Nyonya dari negeri Melaka dan Pulau Pinang. Padahal, terdapat juga sekumpulan Cina Peranakan yang besar yang menetap di pantai timur Semenanjung Malaysia, terutamanya negeri Kelantan. Malangnya, Cina Peranakan Kelantan tidak banyak dikaji oleh sarjana sedangkan amalan budaya mereka agak berbeza daripada Cina Peranakan yang menetap di pantai barat dan wajar diberikan perhatian yang setimpal. Lagipun, kehidupan sosiobudaya mereka menyumbang kepada pengkayaan sosiobudaya negeri Kelantan. Monograf ini mengkaji Cina Peranakan Kelantan dengan memilih Cina Peranakan Kampung Pasir Parit sebagai satu kajian kes atas dua sebab utama. Pertama, mereka merupakan kumpulan Cina Peranakan yang terbesar di negeri Kelantan. Kedua, mereka tidak diserap oleh masyarakat Cina jati dan masih mengekalkan kebanyakan identiti Peranakan mereka.

Turkish Migration Conference 2015 Selected Proceedings

This book is a collection of selected papers presented at the 3rd Turkish Migration Conference (TMC). TMC 2015 was hosted by Charles University Prague, Czech Republic from 25 to 27 June 2015. The TMC 2015 was the third event in the series that we were proud to organise and host at Charles University Prague. This selection of papers presented at the conference are only a small portion of contributions. Many other papers are included in edited books and submitted to refereed journals in due course. There were a total of about 146 papers by over 200 authors presented in 40 parallel sessions and three plenary sessions at Jinonice Campus of Charles University Prague. About a fifth of the sessions at the conference were in Turkish language although the main language was English. Therefore some of the proceedings are in Turkish too. The keynote speakers included Douglas Massey of Princeton University, Caroline Brettell of Southern Methodist University, and Nedim Gürsel of CNRS.

Economic Development

This text maintains a problem and policy oriented approach to development economics. It focuses on people and government in developing countries.

Mantanani Island

This book comprises of 13 chapters, documenting the scientific expedition of the Mantanani Island. This expedition was conducted by thirty scientists and researchers from Universiti Malaysia Sabah under the fellowship of the Small Islands Research Center (SIRC). The expedition was carried out from the 8th to the 10th of April 2016, yielded new knowledge and updated previous data on the socio-cultural aspects of the inhabitants, island geology, terrestrial and marine flora and fauna, economy and ecotourism. The layout of this book was designed to present the socio-cultural aspect of the inhabitants on the island in two preliminary chapters, followed by island geology; land use; coastline changes; diversity of trees; seaweed; invertebrates; snails; groundwater as well as economic and potential ecotourism prospects of the island in its final chapter. UMS, through its implementation arm, SIRC, is committed to ensure the success of preservation and conservation of the island's resources for future generations. Therefore, this book aims to serve as a focal point for future scientific expedition to this island. As the environment changes around us due to anthropogenic activities, it is only prudent that we document these changes in order to better understand and mitigate future disasters.

Proceedings of the Art and Design International Conference (AnDIC 2016)

This book of conference proceedings contains papers presented at the Art and Design International Conference (AnDIC 2016). It examines the impact of Cyberology, also known as Internet Science, on the world of art and design. It looks at how the rapid growth of Cyberology and the creation of various applications and devices have influenced human relationships. The book discusses the impact of Cyberology on the behaviour, attitudes and perceptions of users, including the way they work and communicate. With a strong focus on how the Cyberology world influences and changes the methods and works of artists, this book features topics that are relevant to four key players - artists, intermediaries, policy makers, and the audience - in a cultural system, especially in the world of art and design. It examines the development, problems and issues of traditional cultural values, identity and new trends in contemporary art. Most importantly, the book attempts to discuss the past, present and future of art and design whilst looking at some underlying issues that need to be addressed collectively.

The Impact of MOOCs on Distance Education in Malaysia and Beyond

This book provides theoretical and empirical discussions around the impact of MOOCs and other pedagogical strategies for online learning in international contexts. Through discussions of inverse blended learning and other teaching and learning approaches, Part I navigates the pressing conceptual issues around global online education. By analyzing the Malaysia MOOC Initiative—the first governmental MOOC project in the world—Part II offers insight into the developmental strategies, learning design, and integrative approaches of these pioneering efforts. Edited by leading scholars in the field of globalized online learning, this volume offers a valuable contribution to research around collaborative initiatives between governments and universities, especially ones dedicated to open and distance education.

Ethnicity, class, and development, Malaysia

Peace and Conflict are commonly understood as polar opposites. In a polarised opposition there is no place for conflict in peace, and peace, the privileged term of the binary opposition, needs to be pure and homogeneous, cleansed of any unlicensed differences and contradictions. Yet, a radically plural and democratic politic must harbour conflicting and antagonistic views of things; opposition is internal to it; and its

view of freedom says that \"freedom is always the freedom of those who think differently\". In contrast, the ideal of a homogeneous, self--same, indivisibly unified society is totalitarian and repressive of the very differences that make a society, any society, possible. The organizers of the 2nd International Conference on Communication and Media Studies at Eastern Mediterranean University, 2-4 May 2007, thought that a deconstructive and feminist framework that destabilises the entrenched certainties of polar oppositions and an ethical response to the irreducible otherness of the other, as well as to one's own alterity, would be very appropriate and relevant in our times for rethinking these issues, and relied on that framework in formulating the theme of the conference as \"Communication in Peace/Conflict in Communication\" to emphasise the interrelationship of the two parts separated by the slash, as well as the formulation of the subtopics that were listed in the call for papers. This volume includes work from around the world that responded to that call.

Readings on Ethnic Relations in a Multicultural Society

Literature and social sciences; Turkey; criticism and interpretation; 20th century.

Nusantara

Turkey; ethnic groups and relations; social conditions.

Ilmu alam

Ethnic relations.

Linguistika

Minorities; Greece; ethnic relations.

Akademika

Social integration of Madurese and Banjar people in Surakarta, Jawa Tengah Province.

Communication in Peace, Conflict in Communication

Turkey; history; Atatürk, Kemal; 20th century; congresses.

Indonesian Ethnic for Modern Interior

Abstracts of the National University of Malaysia's periodicals, 1970-1990.

Negara

Quarterly review of Malaysian population statistics
