

Ordeal

Ordeal

The former good girl who became the star of Deep Throat tells the horrifying true story of her life on and off camera in this shocking tell-all memoir. Linda Boreman was just twenty-one when she met Chuck Traynor, the man who would change her life. Less than two years later, the girl who wouldn't let her high school dates get past first base was catapulted to fame as an adult film superstar. Linda Boreman of Yonkers, New York, had become Linda Lovelace. The unprecedented success of Deep Throat made pornography popular with mainstream audiences and made Lovelace a household name. But nobody, from the A-list celebrities who touted the movie to the audiences that lined up to see it, knew the truth about what went on behind the scenes. Taken prisoner by her sado-masochistic manager, Linda was forced into a marriage of savage beatings, hypnotism, and rape. She was terrorized into prostitution at gunpoint and forced to perform unspeakable perversions on film. Years later, when Linda came out of hiding to tell her story, the revelations rocked the porn industry in ways that made her fear for her life.

Ordeal by Slander

Joseph McCarthy was not yet a household name in 1950 when Owen Lattimore was labeled by the senator from Wisconsin as the "top Russian espionage agent in the country." Lattimore, in Kabul, Afghanistan, learned about the accusation a week later. Having already lost valuable time to rebut the smear, he succinctly cabled back that the charge was "pure moonshine," and returned to the United States to defend his good name. He soon dared McCarthy to utter his slander in a venue other than the Senate, where congressional immunity shielded him from lawsuits, but he refused to do so. Following a torturous Senate inquisition, Lattimore published this riveting book which he wrote in white-hot indignation. Judged at the time to be "a masterpiece of factual exposition [and] a social document of first-rate importance,"* this absorbing narrative chronicles how the ordeal threw Lattimore's life into perilous straits, and how he defended himself, while undermining the credibility of his accusers. In a battle for his very liberty, Lattimore prepared for the equivalent of an alley fight with the brawling senator. His supremely competent wife, Eleanor, was his trusted aide; along with attorney Abe Fortas they drew out of Lattimore's writings passages that would prove his loyalty. Yet, as a scholar who was accustomed to nuanced interpretations of current affairs, his accusers were able to conflate the same writings into a traitor's hidden agenda. *Ordeal by Slander* was the first great book to come out of the McCarthy era, and it remains a supremely topical book for today. "A tremendously stirring, human drama."—The Atlantic Monthly "A disturbing and illuminating book."—The New Yorker

ORDEAL OF GILBERT PINFOLD

A successful, middle-aged novelist with a case of 'bad nerves,' Gilbert Pinfold embarks on a recuperative trip to Ceylon. Almost as soon as the gangplank lifts, Pinfold hears sounds coming out of the ceiling of his cabin: wild jazz bands, barking dogs, loud revival meetings. He can only infer that somewhere concealed in his room an erratic public-address system is letting him hear everything that goes on aboard ship. And then, instead of just sounds, he hears voices. But they are not just any voices. These voices are talking, in the most frightening intimate way, about him!

The Ordeal

Henry Charles Lea was one of the first American historians to use what would later be termed comparative and anthropological approaches to history. Under his pen, the study of the medieval ordeal becomes a study

in cultural history. Reprinted here from the fourth revised edition of 1892, the book begins by tracing the role of the ordeal in non-Western and ancient societies, showing the mental world to which it belongs: a limited trust in the public order and purely human methods of inquiry, and a larger faith in divine intervention and immanent justice. The work then describes the uses of the institution through the European Middle Ages to its final abolition, and in the process offers a rich typology of ordeals. Additional documents included in this edition present formulas and descriptions of some of the ordeals most frequently used: the ordeal by boiling water, by hot water, by cold water, by hot iron and water, by glowing plowshares, by fire, and the ordeal of the cross.

The Ordeal of Thomas Hutchinson

The paradoxical and tragic story of America's most prominent Loyalist - a man caught between king and country.

The Ordeal of the Reunion

Ordeal of the Reunion: A New History of Reconstruction

The Ordeal of Woodrow Wilson

The great tragedy of the twenty-eighth President as witnessed by his loyal lieutenant, and the thirty-first President.

Ordeal Therapy

In this classic book Jay Haley explains how and why the use of ordeals work in therapy. He provides an account of the theoretical basis of ordeal therapy, showing how it builds on the work of Milton H. Erickson. Problems discussed include psychosomatic symptoms, uncontrollable and violent children, separation and divorce, anxiety, incontinence, sexual frustration, alcoholism, speech blocks, and depression.

Urban Animal Volume 1

Meet Joe Gomez. He's got high school on lock – good grades, a cool band, and girls digging his vibe. But just when he's got the world figured out, he goes and turns into a saber-toothed tiger. A shape-shifting nature spirit known as a Chimera, to be specific. Now Joe needs every single one of his new powers to help save the human race – whether he wants to or not. Meet Joe Gomez. He's got high school on lock – good grades, a cool band, and girls digging his vibe. But just when he's got the world figured out, he goes and turns into a saber-toothed tiger. A shape-shifting nature spirit known as a Chimera, to be specific. Now Joe needs every single one of his new powers to help save the human race – whether he wants to or not.

The Ordeals of Interpretation

Ordálias da Interpretação analisa ordálias medievais, a leitura de dados no polígrafo e alguns métodos de tortura, ao mesmo tempo que lê textos como Hamlet e Macbeth. Este livro descreve a ambição por uma pedra de toque que demonstre a veracidade, ou autenticidade, de certas entidades. De notar que pedra-de-toque – basanos (???????) – era um termo usado para denominar a pedra com que se testava em contextos mercantis a qualidade do ouro, mas que designava igualmente a ideia de teste, tortura e torturador. Para os intérpretes mencionados neste livro, a pedra de toque, que pode ser um objecto, uma pessoa ou um teste, teria a capacidade de nos auxiliar a distinguir amigos de inimigos, de identificar a qualidade de alguns versos e de iluminar a verdade. Argumenta-se, todavia, que a capacidade de fazer juízos precisos deriva de um entendimento técnico de interpretação conduzida por indivíduos hábeis, observando-se que a capacidade de

descobrir “a verdade” depende da perícia de cada examinador, da sua intuição, da capacidade para aprender um método ou uma técnica específica, de detectar erros e fazer perguntas (qualidades importantes na actividade de um crítico literário).

Vietnam

This book provides a comprehensive narrative history of U.S. involvement in Southeast Asia, from 1942 to 1975--with a concluding section that traces U.S.-Vietnam relations from the end of the war in 1975 to the present. Unlike most general histories of U.S. involvement in Vietnam--which are either conventional diplomatic or military histories--this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth, elucidating more of the complexities of the U.S.-Vietnam entanglement. It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina, and why they failed. Key topics: The Fall of Saigon: The End as Prelude. Vietnam: A Place and A People. The Elephant and the Tiger. An Experiment in Nation Building. Raising the Stakes. Going to War. The Chain of Thunders. The Year of the Monkey. A War to End a War. The End of the Tunnel. Market: For anyone curious to know about the long American involvement in Southeast Asia, 1942-1975.

Parchman Ordeal, The: 1965 Natchez Civil Rights Injustice

In October 1965, nearly 800 young people attempted to march from their churches in Natchez to protest segregation, discrimination and mistreatment by white leaders and elements of the Ku Klux Klan. As they exited the churches, local authorities forced the would-be marchers onto buses and charged them with \"parading without a permit,\" a local ordinance later ruled unconstitutional. For approximately 150 of these young men and women, this was only the beginning. They were taken to the Mississippi State Penitentiary in Parchman, where prison authorities subjected them to days of abuse, humiliation and punishment under horrific conditions. Most were African Americans in their teens and early twenties. Authors G. Mark LaFrancis, Robert Morgan and Darrell White reveal the injustice of this overlooked dramatic episode in civil rights history.

The Ordeal

The use of ordeals and sworn oaths to prove one's innocence invites trickery. The guilty trickster cannot influence the judgment of the divine powers, but he can--by disguise or by equivocation in wording the oath--create a presumption of innocence. Ralph Hexter surveys the varieties of such stories in a number of folk literatures and looks at the use of this motif in three important medieval story cycles, with special attention to the way Christian writers handled story material based on a pre-Christian act of truth.

Equivocal Oaths and Ordeals in Medieval Literature

Between 1910 and 1920, the Chicago Federation of Labor (CFL) inaugurated a massive organizing drive in the city's meatpacking and steel industries. Although the CFL sought legitimately progressive goals, worked earnestly to organize an interracial union, and made major inroads among both black and white workers, their efforts resulted in a bitter defeat. David Bates provides a clear picture of how even the most progressive of intentions can be ground to a halt. By organizing workers into neighborhood locals, which connected workplace struggles to ethnic and religious identities, the CFL facilitated a surge in the organization's membership, particularly among African American workers, and afforded the federation the opportunity to aggressively confront employers. The CFL's innovative structure, however, was ultimately its demise. Linking union locals to neighborhoods proved to be a form of de facto segregation. Over time union structures, rank-and-file conflicts, and employer resistance combined to turn the union's hopeful calls for solidarity into animosity and estrangement. Tensions were exacerbated by violent shop floor confrontations and exploded in the bloody 1919 Chicago Race Riot. By the early 1920s, the CFL had collapsed. *The Ordeal of the Jungle* explores the choices of a variety of people while showing a complex, overarching interplay of

black and white workers and their employers. In addition to analyzing union structures and on-the-ground relations between workers, Bates synthesizes and challenges previous scholarship on interracial organizing to explain the failure of progressive unionism in Chicago.

The Ordeal of the Jungle

A history of the Muslim Brotherhood in Egypt based on first-person interviews with Brotherhood rank-and-file members.

The Fourth Ordeal

"Ordeal by Ice" is the thrilling account of the great Northern explorers: men who struggled, starved, and finally conquered the capricious forces of the bitter Northern winter in a centuries-long search for the Northwest Passage. The stories, compiled by award-winning author Farley Mowat and presented in gripping, firsthand narratives, capture both the stark drama of the struggle for survival and the breathtaking panorama of virgin Arctic lands.

Ordeal by Ice

Abandoned by her parents, brought up by her strict maternal grandmother in a small backwater town, young Beatrice Saubin always dreamed of visiting warm climates and exotic places. As a teenager she hitchhiked to India and later to Afghanistan and Thailand. In Malaysia, at age nineteen, she fell in love with Eddy Tan Kim Soo, a handsome, wealthy Chinese man. They planned to meet in Europe and marry. But at the airport on her way home, her spanking new Samsonite suitcase—a gift from Eddy—was ripped apart by custom officials. Beatrice was horrified to see that it contained several kilos of heroin. Clearly she had been set up by Eddy, who, it turned out, was a member of a powerful drug cartel. Arrested, Beatrice languished in prison for two years before she was tried. Her sentence: death by hanging. On appeal, her sentence was reduced to life in prison. Efforts on the part of her grandmother and an impassioned attorney managed to stir up public opinion, finally leading to Beatrice's release after ten years. But however terrible, these years were not lost. While in prison, her spirits were never broken: she taught herself Malaysian and Cantonese, and became a model prisoner and a leader as well as a medical supervisor, caring for her fellow inmates. The Ordeal is her odyssey—always gripping, often terrifying, but ultimately a story of courage and inspiration.

The Ordeal

How the United States underdeveloped Appalachia Appalachia—among the most storied and yet least understood regions in America—has long been associated with poverty and backwardness. But how did this image arise and what exactly does it mean? In *Ramp Hollow*, Steven Stoll launches an original investigation into the history of Appalachia and its place in U.S. history, with a special emphasis on how generations of its inhabitants lived, worked, survived, and depended on natural resources held in common. *Ramp Hollow* traces the rise of the Appalachian homestead and how its self-sufficiency resisted dependence on money and the industrial society arising elsewhere in the United States—until, beginning in the nineteenth century, extractive industries kicked off a “scramble for Appalachia” that left struggling homesteaders dispossessed of their land. As the men disappeared into coal mines and timber camps, and their families moved into shantytowns or deeper into the mountains, the commons of Appalachia were, in effect, enclosed, and the fate of the region was sealed. *Ramp Hollow* takes a provocative look at Appalachia, and the workings of dispossession around the world, by upending our notions about progress and development. Stoll ranges widely from literature to history to economics in order to expose a devastating process whose repercussions we still feel today.

Ramp Hollow

The infamous biography of the legendary Deep Throat star, in which she reveals a systematic programme of abuse and degradation on the part of Chuck Traynor, her partner and director. Its original publication in 1980 marked the public culmination of a startling volte-face that had the woman credited with making porn acceptable denounce the industry and its practices wholeheartedly, claiming that she had been forced at gunpoint to perform scenes and that she had felt no pleasure in what she was doing. Remains the world's best-known book on porn.

Ordeal

In this remarkable reconstruction of an eighteenth-century woman's extraordinary and turbulent life, historian Linda Colley not only tells the story of Elizabeth Marsh, one of the most distinctive travelers of her time, but also opens a window onto a radically transforming world. Marsh was conceived in Jamaica, lived in London, Gibraltar, and Menorca, visited the Cape of Africa and Rio de Janeiro, explored eastern and southern India, and was held captive at the court of the sultan of Morocco. She was involved in land speculation in Florida and in international smuggling, and was caught up in three different slave systems. She was also a part of far larger histories. Marsh's lifetime saw new connections being forged across nations, continents, and oceans by war, empire, trade, navies, slavery, and print, and these developments shaped and distorted her own progress and the lives of those close to her. Colley brilliantly weaves together the personal and the epic in this compelling story of a woman in world history.

The Ordeal of Elizabeth Marsh

A book written in 1939 and later discovered and rescued by Waterside Press - that gives a detailed account of the often barbaric or shameful punishments used in former times. Since this book was first published in the 1950s the description it contains of the history of crime and punishment in Britain over the previous 200 years or so has attracted interest across a wide spectrum. The work was reprinted in 1992 by Waterside Press having been out of print for decades. The contents cover a wide range of historic punishments from outlawry to the ducking stool, the pillory, stocks and whirlingig to the branding iron and scold's bridle. From mutilation and torture to sanctuary and the emergence of private and then public prisons this is an essential addition to any criminal justice collection - imbued as it is by the comments of the author from the perspective of his own era, which provides for fascination in itself. Printed in the original style and format - together with a large number of the original illustrations. Quite absorbing - The book transports the reader to a time when punishments were often brutal, unrestrained and unregulated by standards, fairness or consistency. It also looks at the sometimes strange logic that was applied by judges, justices of the peace and those charged with carrying out the task.

Punishments of Former Days

(Sarup)

This Terrible Ordeal

This book describes the development of the criminal law of evidence in the Netherlands, France and Germany between 1750 and 1870. In this period the development occurred that the so-called system of legal proofs was replaced with the (largely) free evaluation of the evidence. The system of legal proofs, which had functioned since the late middle ages, consisted of a set of strict evidentiary rules which predetermined when a judge could convict someone. In this book an explanation is given of the question why between 1750 and 1870 the strict evidentiary rules were replaced with the free evaluation of the evidence. The thesis of this research is that the reform was induced by a change in the underlying epistemological and political-constitutional discourses which together provided the ideas which inspired a significant reform of the

criminal law of evidence.

Encyclopaedic Dictionary of the Dharma??stra

It is the author's contention that creating an environment where the client expects change is the foundation of doing effective very brief therapy. His own private practice is one where he rarely sees clients more than one or two times. Clients know in advance that this is the way that he works, and so their expectation is that during this session they are going to get down to the hard stuff. This means working as if each session were the last one. So, this book is about all of the things that are designed to work in a single-session mode.

The Development of the Criminal Law of Evidence in the Netherlands, France and Germany between 1750 and 1870

Contributions to this Festschrift for the renowned American legal and literary scholar William Ian Miller reflect the extraordinary intellectual range of the honorand, who is equally at home discussing legal history, Icelandic sagas, English literature, anger and violence, and contemporary popular culture. Professor Miller's colleagues and former students, including distinguished academic lawyers, historians, and literary scholars from the United States, Canada, and Europe, break important new ground by bringing little-known sources to a wider audience and by shedding new light on familiar sources through innovative modes of analysis. Contributors are Stuart Airlie, Theodore M. Andersson, Nora Bartlett, Robert Bartlett, Jordan Corrente Beck, Carol J. Clover, Lauren DesRosiers, William Eves, John Hudson, Elizabeth Papp Kamali, Kimberley-Joy Knight, Simon MacLean, M.W. McHaffie, Eva Miller, Hans Jacob Orning, Jamie Page, Susanne Pohl-Zucker, Amanda Strick, Helle Vogt, Mark D. West, and Stephen D. White.

Expectation

Interpretation of the psalmist's assertions about their upright behaviour towards God or men in Psalms 7, 17, 18, 26, and 44. After a short introduction, the study presents a detailed analysis of Psalms 7, 17, 18, 26, and 44 (text, philology, exegesis). It evaluates previous views of the intention and setting of the psalmist's claims regarding their upright behaviour, such as Beyerlin's theory that the psalms involved were originally used as prayers in a cultic trial by ordeal. It presents a new hypothesis with respect to the purport of the claims. Its subject matter and method make this study particularly useful for all those studying the Hebrew Psalms. Furthermore, it deals with an important topic of the anthropology and theology of the Old Testament, viz. human righteousness towards God.

Emotion, Violence, Vengeance and Law in the Middle Ages

According to my Righteousness

Ordeal of the Longhouse: The Peoples of the Iroquois League in the Era of European Colonization

Penny Cyclopaedia of the Society for the Diffusion of Useful Knowledge

This is a subset of the Sacred Books of the East Series which includes translations of all the most important works of the seven non-Christian religions which have exercised a profound influence on the civilizations of the continent of Asia. The works have been translated by leading authorities in their field.

The Ordeal of the Longhouse

Following 9/11, increased attention has been given to the place of religion in the public sphere. Across the world, Law and Religion has developed as a sub-discipline and scholars have grappled with the meaning and effect of legal texts upon religion. The questions they ask, however, cannot be answered by reference to Law alone therefore their work has increasingly drawn upon work from other disciplines. This Research Handbook assists by providing introductory but provocative essays from experts on a range of concepts, perspectives and theories from other disciplines, which can be used to further Law and Religion scholarship.

The Minor Law-books

This book offers the first comprehensive analysis of medieval Frisian law, focusing on the influence of Roman and canon law in the fourteenth and fifteenth centuries. It makes use of recent translations of Old Frisian legal texts to show the evolution of Frisian law and to unveil why the Frisians were motivated to change their traditional laws. The book covers everything from oaths as evidence in Frisian procedures, to whether Frisian widows could be guardians of their children, to the role the Frisians themselves played in the evolution of their legal system.

The Minor Law Books

Well after the condemnation of ordeals by the Fourth Lateran Council, the Kunigunde legend preserves the ordeal by fire in a sort of hagiographic amber, much as it was portrayed in the mid-twelfth-century Richardis legend, while Stricker's short secular burlesque "The Hot Iron," written in the mid-thirteenth century, makes sport of this formerly serious legal proceeding, reflecting the almost immediate abandonment of trial by fire as a legal proof in many areas after the council's decision."

The minor law-books, tr. by J. Jolly

First Published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

A Mother's Ordeal

Peggy McCracken offers a feminist historicist reading of Guenevere, Iseut, and other adulterous queens of Old French literature, and situates romance narratives about queens and their lovers within the broader cultural debate about the institution of queenship in twelfth- and thirteenth-century France. Moving among a wide selection of narratives that recount the stories of queens and their lovers, McCracken explores the ways adultery is appropriated into the political structure of romance. McCracken examines the symbolic meanings and uses of the queen's body in both romance and the historical institutions of monarchy and points toward the ways medieval romance contributed to the evolving definition of royal sovereignty as exclusively male.

Research Handbook on Interdisciplinary Approaches to Law and Religion

An excellent, single-volume Catholic dictionary of the Bible written by respected Catholic Biblical scholar John L. McKenzie S. J. and originally published in 1965. Fr. John L. McKenzie, S.J., (1910-1991) was an acclaimed Catholic Scripture scholar who wrote numerous books and was the first Catholic scholar on the Divinity School faculty. He was at one time president of the Catholic Biblical Association of America and president of the Society of Biblical Literature. His Dictionary of the Bible is the best one-volume orthodox Catholic Bible dictionary available in the English language—it's an essential reference tool that should be on the shelf of every good Catholic library. A standard reference work, providing concise descriptions of biblical characters, terms, and places, as well as pertinent illustrations and charts, this is "one of the most up-to-date and reliable dictionaries of the Bible in any language....Magnificent in scholarship, ample in learning, frank and unhesitating in facing all the difficulties and problems, sympathetic with the varieties and diversities of other views" (Religious Education).
