

Enough

Enough

John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with *Enough.*, he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, *Enough.* seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually means as it relates to money, business, and life. Reveals Bogle's unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have "enough" in world increasingly focused on status and score-keeping.

Enough

For more than thirty years, humankind has known how to grow enough food to end chronic hunger worldwide. Yet while the "Green Revolution" succeeded in South America and Asia, it never got to Africa. More than 9 million people every year die of hunger, malnutrition, and related diseases every year - most of them in Africa and most of them children. More die of hunger in Africa than from AIDS and malaria combined. Now, an impending global food crisis threatens to make things worse. In the west we think of famine as a natural disaster, brought about by drought; or as the legacy of brutal dictators. But in this powerful investigative narrative, Thurow & Kilman show exactly how, in the past few decades, American, British, and European policies conspired to keep Africa hungry and unable to feed itself. As a new generation of activists work to keep famine from spreading, *Enough* is essential reading on a humanitarian issue of utmost urgency.

You Are Enough: A Book About Inclusion

A beautiful and inclusive picture book all about celebrating being yourself from Down syndrome advocate and viral sensation Sofia Sanchez! It can be hard to be different -- whether because of how you look, where you live, or what you can or can't do. But wouldn't it be boring if we were all the same? Being different is great! Being different is what makes you YOU. This inclusive and empowering picture book from Sofia Sanchez -- an 11-year-old model and actress with Down syndrome -- reminds readers how important it is to embrace your differences, be confident, and be proud of who you are. Imagine all of the wonderful things you can do if you don't let anyone stop you! You are enough just how you are. Sofia is unique, but her message is universal: We all belong. So each spread will feature beautiful, full-color illustrations of a full cast of kid characters with all kinds of backgrounds, experiences, and abilities. This book will also include back matter with a brief bio of Sofia and her journey so far, as well as additional information about Down syndrome and how we can all be more accepting, more inclusive, and more kind.

I Am Enough

A #1 New York Times bestseller and Goodreads Choice Awards picture book winner! This is the perfect gift for mothers and daughters, baby showers, and graduation. This gorgeous, lyrical ode to loving who you are,

respecting others, and being kind to one another comes from Empire actor and activist Grace Byers and talented newcomer artist Keturah A. Bobo. We are all here for a purpose. We are more than enough. We just need to believe it. Plus don't miss *I Believe I Can*—the next beautiful picture celebrating self-esteem from Grace Byers and Keturah A. Bobo!

Good Enough

In this spirited and irreverent critique of Darwin's long hold over our imagination, a distinguished philosopher of science makes the case that, in culture as well as nature, not only the fittest survive: the world is full of the "good enough" that persist too. Why is the genome of a salamander forty times larger than that of a human? Why does the avocado tree produce a million flowers and only a hundred fruits? Why, in short, is there so much waste in nature? In this lively and wide-ranging meditation on the curious accidents and unexpected detours on the path of life, Daniel Milo argues that we ask these questions because we've embraced a faulty conception of how evolution—and human society—really works. *Good Enough* offers a vigorous critique of the quasi-monopoly that Darwin's concept of natural selection has on our idea of the natural world. Darwinism excels in accounting for the evolution of traits, but it does not explain their excess in size and number. Many traits far exceed the optimal configuration to do the job, and yet the maintenance of this extra baggage does not prevent species from thriving for millions of years. Milo aims to give the messy side of nature its due—to stand up for the wasteful and inefficient organisms that nevertheless survive and multiply. But he does not stop at the border between evolutionary theory and its social consequences. He argues provocatively that the theory of evolution through natural selection has acquired the trappings of an ethical system. Optimization, competitiveness, and innovation have become the watchwords of Western societies, yet their role in human lives—as in the rest of nature—is dangerously overrated. Imperfection is not just good enough: it may at times be essential to survival.

Enough Is Enough

You need to get to safety. Now. When the abuse starts, that's when enough is enough. It's time to find a haven somewhere else. Later, you can assess where your marriage is headed in the long term. No one is saying divorce is the inevitable outcome. God can transform anyone. But He doesn't promise to do that. People choose to persist in sin. And that's why it's imperative for you to leave . . . so you can think clearly, take stock of the situation, and most of all, protect yourself and those whom you love. Dr. David Clarke, a psychologist specializing in marital therapy, wants to help you make the break from your abusive relationship. You need to get out so you can sort it out. Because only with some distance will you be able to see what your loving, ever-faithful God has in store for you.

More Than Enough

INSTANT NEW YORK TIMES BESTSELLER WINNER OF THE 2020 NAACP IMAGE AWARD FOR OUTSTANDING LITERARY WORK — BIOGRAPHY/AUTOBIOGRAPHY NOW OPTIONED FOR DEVELOPMENT AS A TV SERIES BY PARAMOUNT TELEVISION STUDIOS AND ANONYMOUS CONTENT "The millennial Becoming . . . Inspiring and empowering." —Entertainment Weekly "An essential read for women in the workplace today." —Refinery29 Part-manifesto, part-memoir, from the revolutionary editor who infused social consciousness into the pages of *Teen Vogue*, an exploration of what it means to come into your own—on your own terms Throughout her life, Elaine Welteroth has climbed the ranks of media and fashion, shattering ceilings along the way. In this riveting and timely memoir, the groundbreaking journalist unpacks lessons on race, identity, and success through her own journey, from navigating her way as the unstoppable child of an unlikely interracial marriage in small-town California to finding herself on the frontlines of a modern movement for the next generation of change makers. Welteroth moves beyond the headlines and highlight reels to share the profound lessons and struggles of being a barrier-breaker across so many intersections. As a young boss and often the only Black woman in the room, she's had enough of the world telling her—and all women—they're not enough. As she learns to rely on

herself by looking both inward and upward, we're ultimately reminded that we're more than enough.

Enough!

In the cultural story in which we live, we are told that we are never enough. We think we must repeatedly alter or improve ourselves in order to be deserving of the happiness, acceptance, security, and meaning we desire. We are told we are not enough to make a difference in the mounting economic, political, social, and environmental crises of our times. But what if all of these messages are wrong? What if most of the suffering we experience—low self-esteem, self-doubt, depression, anxiety, addiction, fear, and stress—are an indication of personal deficit, but are direct symptoms of a set of cultural norms that cause us to orient toward lack while systematically ignoring opportunities for abundance and well-being for ourselves and the planet? *Enough!* reveals the startlingly simple cure for the planetary paradigm: examining our orientation to the word enough. Drawing inspiration from a spontaneous download she received of these words I am enough. I have enough. We are enough. We have enough. *Enough!* and providing evidence from the diverse domains of science, technology, spirituality, systems theory, indigenous wisdom, and thriving social movements, author Laurie McCammon shows that a more positive and collectively abundant future is inevitable. Because the New Story we are waking up to is not another mythical story, but the universe's 13.8 billion-year-old Enough success story, one whose intention is to ensure sustainable abundance for all, absolutely nothing can stand in the way. *Enough!* offers a solution to our broken paradigm and our broken psyches and shows readers how to root out this never-enough story and develop a sense of enoughness that leads organically to solutions to problems from the personal to the local to the geopolitical.

You Are Enough

Every one of us is made in the image of God. We are unique, we are worthy of love, and we are called to greatness. In this world, though, it can be easy to be distracted from that truth and begin to doubt God's love is real. We live in a world that tells us we are not smart enough, not pretty enough, not sexy enough, not rich enough, not thin enough, and don't have enough friends. It's easy to focus on the ways we fall short of worldly perfection and to forget that we are already made perfect. We are already enough. God has made each of us for a unique purpose, and he calls each of us to know him in unique ways. In a world where everything feels fleeting and temporary, we are made for everlasting life; we are meant to experience God's abiding love. *You Are Enough* uses the timeless tales of the Bible to clarify that truth for modern women. ? See how God's love for each of us shines forth through the stories of the women of the Old Testament. ? Connect with the hopes, dreams, struggles, and experiences of these remarkable women. ? Learn how the lives of these women contain valuable lessons for our lives today. ? Find hope and encouragement as you discover that you are enough, you are accepted for who you are as a beloved daughter of God.

Enough

Money has great power in our lives. Used wisely, it is one key to accomplishing our goals, providing for our needs, and fulfilling our life purpose. In recent years, many of us ignored the wisdom of the past when it came to managing and spending our money. Credit card debt soared, savings rates plummeted, and our home equity became something to be tapped into and spent rather than a source of security in retirement. We felt an insatiable desire for more. And we found ourselves spending tomorrow's money today in order to have what we hoped would satisfy. The result of all of this was not greater happiness and satisfaction, but greater stress and anxiety. *Enough* is an invitation to rediscover the Bible's wisdom when it comes to prudent financial practices. In these pages are found the keys to experiencing contentment, overcoming fear, and discovering joy through simplicity and generosity. This book could change your life, by changing your relationship with money. \"We Americans love our stuff. We're living in a fast-paced, me-first, instant-gratification world, and it's finally catching up to us. Debt is out of control, homes are in foreclosure ... even banks are going out of business. What the world needs today is the message of contentment and simplicity, and that's exactly what

Pastor Adam Hamilton delivers in \"Enough.\" Dave Ramsey, New York Times Best-Selling Author and Nationally Syndicated Radio Talk Show Host \"Once again, Adam Hamilton is leading the church; 'Enough is enough' was once a Wesleyan watchword. Adam breathes new life into the Wesleyan commitment to simplicity. Amid a culture of greed and conspicuous consumption Adam calls us to a biblically based, evangelical joy of having the faith to say 'enough is enough.'\" Bishop Will Willimon United Methodist Church, Birmingham Area \"I pay close attention to whatever Adam Hamilton writes. His books are marked by extraordinary pastoral insight, biblical and theological depth, courage to speak the truth, and down-to-earth practicality. Enough comes like an antidote in the middle of a pandemic. I hope that classes, groups, couples, and individuals will use this book--and the economic crisis it addresses--as a challenge to get healthy again by deepening our discipleship in the vital area of money and possessions.\" Brian McLaren, Author/Networker (brianmclaren.net)

Enough

For millions of years, humankind has used a brilliantly successful survival strategy. If we like something, we chase after more of it: more status, more food, more info, more stuff. Then we chase again. Its how we survived famine, disease and disaster to colonise the world. But now, thanks to technology, weve suddenly got more of everything than we can ever use, enjoy or afford. That doesnt stop us from striving though and its making us sick, tired, overweight, angry and in debt. It burns up our personal ecologies and the planets ecology too. We urgently need to develop a sense of enough. Our culture keeps telling us that we dont yet have all we need to be happy, but in fact we need to nurture a new skill the ability to bask in the bounties all around us. ENOUGH explores how our Neolithic brain-wiring spurs us to build a world of overabundance that keeps us hooked on more. John explains how, through adopting the art of enoughness, we can break from this wrecking cycle. With ten chapters on topics such as Enough food, Enough stuff, Enough hurry and Enough information, he explores how we created the problem and gives us practical ways to make our lives better.

Enough

Former Congresswoman Gabrielle Giffords -- disabled from an assassination attempt in Tucson, Arizona -- and her husband, astronaut Mark Kelly, share their argument for responsible gun ownership and more responsible gun control laws, while being gun owners and staunch supporters of the Second Amendment themselves.

How Much Is Too Much? [previously Published as How Much Is Enough?]

Revised edition of How much is enough?, published in 2004 by Marlowe & Company.

Already Enough

\"When Lisa Olivera was just a few hours old, she was abandoned behind a rock near Muir Woods in Northern California. She was found by a man and a woman who were out bird-watching with their toddler. Two days later, she was adopted. Growing up, she knew she was adopted. She later discovered she was abandoned. She often wondered about her birthmother, and why her birthmother abandoned her in the woods. Without any answers, Lisa came up with her own: she was not enough as she was. This story wasn't true, but it made sense of a confusing experience. It allowed her to move forward--it felt like the only way. If you, like Lisa, have ever felt like you weren't lovable, or you didn't belong, or like you weren't enough exactly as you are--you are telling yourself the wrong story\"--Publisher marketing.

Never Enough

Since the beginning of the New Deal, American liberals have insisted that the government must do more—much more—to help the poor, to increase economic security, to promote social justice and solidarity, to reduce inequality, and to mitigate the harshness of capitalism. Nonetheless, liberals have never answered, or even acknowledged, the corresponding question: What would be the size and nature of a welfare state that was not contemptibly austere, that did not urgently need new programs, bigger budgets, and a broader mandate? Even though the federal government's outlays have doubled every eighteen years since 1940, liberal rhetoric is always addressed to a nation trapped in Groundhog Day, where every year is 1932, and none of the existing welfare state programs that spend tens of billions of dollars matter, or even exist. *Never Enough* explores the roots and consequences of liberals' aphasia about the welfare state's ultimate size. It assesses what liberalism's lack of a limiting principle says about the long-running argument between liberals and conservatives, and about the policy choices confronting America in a new century. *Never Enough* argues that the failure to speak clearly and candidly about the welfare state's limits has grave policy consequences. The worst result, however, is the way it has jeopardized the experiment in self-government by encouraging Americans to regard their government as a vehicle for exploiting their fellow-citizens, rather than as a compact for respecting one another's rights and safeguarding the opportunities of future generations.

Faith Enough to Finish

Following the example of Jeremiah, Jill Briscoe examines what it takes to keep faith strong in spite of life's trials and distractions. In the race of life, it's not how we begin that counts, but whether or not we have faith enough to reach a godly finish.

Enough, Already

Enough, Already: Breaking Free from the Lie of Not Being Enough Discover Your True Worth and Silence the Inner Critic Holding You Back Do you ever feel like no matter what you do, you're still not enough? Not smart enough, not successful enough, not attractive enough... just not enough. If that voice in your head constantly whispers doubt, fear, or comparison, you're not alone—and you don't have to keep living that way. *"Enough, Already"* is a powerful, heartfelt guide to breaking the toxic cycle of self-doubt, perfectionism, and people-pleasing. In these pages, you'll uncover the roots of the "not enough" lie and learn how to replace it with radical self-acceptance, healing, and confidence. Inside this book, you'll discover: Why the "I'm not enough" belief is so common—and how to dismantle it Tools to overcome imposter syndrome and negative self-talk How to stop seeking external validation and start building inner peace Real-life strategies for setting healthy boundaries and honoring your truth Daily practices to reconnect with your worth, purpose, and identity Whether you're struggling with low self-esteem, recovering from trauma, or simply tired of the pressure to be "more," this book will help you finally say: "I am enough. Just as I am."

Tough Enough

From the author of the New York Times bestselling *Bad Boys* novels comes the second book in a dark, sexy contemporary trilogy. He's a fighter who never loses, but is he tough enough to win her heart? There was a time when I had everything—a wonderful family, a bright future. Love. But all that was taken away in a single night, torn from me like flesh from bone. Since then, I've hidden away in my second-choice job as a makeup artist. But I prefer it that way, actually. I'm comfortable in the shadows, where no one can see my scars. Kiefer Rogan literally took my breath away the moment I met him. MMA champion-turned-actor, notorious playboy, charming to a fault—he's everything I vowed to avoid. But he just wouldn't stop until I opened up and let him in. Maybe I should've tried harder to resist him. Maybe I shouldn't have fallen in love with him. Because I, of all people, know that everyone has secrets. Scars. And that they're usually ugly and painful and destructive to the people we love most. I just never guessed that they could be deadly, too.

Man Enough

How does a boy learn to be a man? A man learns masculinity primarily from his father. But generations of boys who grow up without caring fathers or male mentors to emulate are left to guess what "men" are really like. They rely on cultural icons--larger-than-life images--as models of masculinity. As a result, they grow up mirroring overblown myths of manhood. Obsessed with being "man enough," they become philanderers, controllers, and competitors--constantly overcompensating for their loss of a true role model, yet sorely unprepared for family life. In *Man Enough*, psychiatrist and family therapist Frank Pittman explores what it is like to grow up male today. With great poignancy, humor, and candor, he weaves together case studies from his practice, examples from literature and films, plus personal vignettes from his own experiences as a father to examine these hyper-masculine men and to illustrate how they developed and how they can change. Dr. Pittman asserts that men can move past proving their masculinity and start practicing it by striving with the other guys rather than against them, achieving equality and intimacy with their mates--and by fathering. A man raises himself as he raises children and learns to understand and forgive his parents as he becomes one. An important book for men and women, *Man Enough* offers a new approach to issues of commitment, caring and control and creates a positive model for the fathers of tomorrow's men.

Green Enough

A real, no-holds-barred take on making smart, healthy choices for you and your family. In *Green Enough*, Mamavation blogger Leah Segedie uncovers the truth behind the food and household products that are misleadingly labeled "all-natural" and healthy but are actually filled with chemicals and toxins. From furniture to packaged food, Leah guides you through detoxifying your home, diet, and lifestyle, showing you how to make the best choices possible. She exposes the brands and products that contain toxic and hormone-disrupting ingredients and gives guidelines on choosing safer products and organic produce that are free from toxic and persistent pesticides. She instructs you on making the move to meat, dairy, and eggs that are free of antibiotics, GMOs, growth hormones, and dangerous pathogens. She explains at what phases of childhood children are the most vulnerable and need more protection. And she includes delicious and kid-approved recipes to help you detoxify your cooking routine. It's not about being perfect or 100% clean--none of us are--it's about being green enough.

I Am Enough

I Am Enough: A Lighthearted Guide to Monumental Change is an opportunity for you to find answers to all these questions and more. It is a navigational tool for digging in and uncovering who you are beyond who you believe yourself to be. Find out what holds you back from exploring outside limitations that you did not realize existed and illuminate your talents and abilities. Go further than you ever thought possible by appreciating who you are underneath life's clutter. Heaped in personal stories as examples, exercises created for each and every chapter will prompt thoughtful reflections that can motivate you to shift your perspective of self. Author Jen Parkinson has endured this journey, its joys and challenges. With honesty, vulnerability and a touch of humour, she shares how she overcame her own negative self-image in order to live an empowered life. This self-help guide has the insights and techniques to make lasting change in your life. If you're ready to take the next step, *I Am Enough* is it.

How Much Is Enough?

In a world filled with both prosperity and poverty, how can Christians handle their finances in a way that honors God? In *How Much Is Enough?*, Arthur Simon takes an uncompromising look at America's wealth, reflecting what dominates the hearts and motivations of its people. He diagnoses Western civilization as sick with "affluenza," or runaway materialism, and shows readers how to reject the disease and set new priorities. Churches, social ministry groups, and thoughtful readers will be enlightened by Simon's grasp of Western affluence against the backdrop of a world where 800 million people are chronically starving. Readers will gain a clearer understanding of how money becomes an object of worship when passion for material things is stronger than compassion for the poor. Simon's life-changing book also reveals how

affluenza takes control of people's lives and goals. Without discounting prosperity as a blessing, *How Much Is Enough?* proposes new pathways to living as disciples of Jesus. It suggests a myriad of solutions for taming materialism and sheds light on the profound reality that possessions may capture our hearts, but they are unable to nourish our souls.

Always Enough

Even the most desperate poverty, the most devastating illness, the most heart-wrenching grief is not beyond God's help. His love and power have no limits-and that's a message readers from all walks of life need to hear. The modern miracles that Rolland and Heidi Baker experience every day in their work with Mozambique's throwaway children, movingly chronicled in *Always Enough*, will inspire anyone looking for hope in the midst of suffering. The Bakers, formerly missionaries in Indonesia and Hong Kong, share how their work for the past eight years in Mozambique, one of the poorest nations on earth, has borne spiritual fruit beyond their wildest dreams. Every day presents multiple impossible needs. But in the face of everything Satan can do, as Rolland and Heidi lay down their lives and \"minister to the one,\" there is always enough. Readers will discover that the simple practice of choosing to step out and trust God every day unleashes his provision for every need.

Smart Enough Systems

“Automated decisions systems are probably already being used in your industry, and they will undoubtedly grow in importance. If your business needs to make quick, accurate decisions on an industrialized scale, you need to read this book.” Thomas H. Davenport, Professor, Babson College, Author of *Competing on Analytics* The computer-based systems most organizations rely on to support their businesses are not very smart. Many of the business decisions these companies make tend to be hidden in systems that make poor decisions, or don't make them at all. Further, most systems struggle to keep up with the pace of change. The answer is not to implement newer, “intelligent” systems. The fact is that much of today's existing technology has the potential to be “smart enough” to make a big difference to an organization's business. This book tells you how. Although the business context and underlying principles are explained in a nontechnical manner, the book also contains how-to guidance for more technical readers. The book's companion site, www.smartEnoughSystems.com, has additional information and references for practitioners as well as news and updates. Additional Praise for *Smart (Enough) Systems* “James Taylor and Neil Raden are on to something important in this book—the tremendous value of improving the large number of routine decisions that are made in organizations every day.” Dr. Hugh J. Watson, Chair of Business Administration, University of Georgia “This is a very important book. It lays out the agenda for business technology in the new century—nothing less than how to reorganize every aspect of how a company treats its customers.” David Raab, President, ClientXClient “This book is an important contribution to business productivity because it covers the opportunity from both the business executive's and technologist's perspective. This should be on every operational executive's and every CIO's list of essential reading.” John Parkinson, Former CTO, Capgemini, North American Region “This book shows how to use proven technology to make business processes smarter. It clearly makes the case that organizations need to optimize their operational decisions. It is a must-have reference for process professionals throughout your organization.” Jim Sinur, Chief Strategy Officer, Global 360, Inc.

Physicalism, or Something Near Enough

Jaegwon Kim (1934-019) was one of the most influential metaphysicians and philosophers of mind in the last third of the Twentieth Century and early Twenty-First Century. In metaphysics, he did pioneering work on events, supervenience, emergence, higher-level causation, properties, and the metaphysics of the special sciences. His highly influential work in the philosophy of mind centered around the mind-body problem. This special issue of *Protosciology* is in his honor.

Always Enough, Never Too Much

Discover God's wild freedom as you find your identity in Jesus with 100 devotions that will help you target and banish lies and insecurities. Jess Connolly and Hayley Morgan, bestselling authors of *Wild and Free*, walk you through the gift of truly knowing who you are in Christ in *Always Enough, Never Too Much: 100 Devotions to Quit Comparing, Stop Hiding, and Start Living Wild and Free*. We've all been there. We know that sneaking, small voice in our heads all too well—you're too loud. Too quiet. Too young. Too old. Too unimportant. Too ugly. Too silly. Too serious. You're not as successful as she is—look at her perfect family, look at her high-powered job, look at her great hair and size 4 skinny jeans. Why can't you be more like her—be more in general? Why do you expect so much from everyone? Why can't you take up less space? Ask for less? Be less? The lies track well-worn paths in our minds and our hearts, wearing us down and making us question our role in God's kingdom. Jess Connolly and Hayley Morgan, founders of the Influence Network and bestselling authors of *Wild and Free*, reject those lies, and you can too with *Always Enough, Never Too Much: 100 Devotions to Quit Comparing, Stop Hiding, and Start Living Wild and Free*. Through the Scripture and the devotions, find the tools you need to claim the fullness of Jesus in your own life and soak in the encouragement of two girls who will never stop cheering you on! With a unique flip-book design, these 100 devotions are topical, so you can choose what you need most every time you open the pages. This book is designed for you, the woman who feels like she can be both too much and not enough—sometimes on the same day. *Always Enough, Never Too Much* is the daily marching orders after the anthem cry of *Wild and Free*. Join Jess and Hayley on a journey toward freedom with this beautiful new devotional.

How to Have More than Enough

Let the author of *Financial Peace* guide you and your family down the road to success with this companion to the bestselling *More than Enough In Financial Peace*, Dave Ramsey showed readers how to get out of debt. Now he uses the same blend of down-home wisdom and straight talk to take readers to the next step: building wealth. But success means more than money--it means having a happy marriage and family. In *How to Have More Than Enough*, Dave Ramsey guides readers down the path to true success. Rather than gimmicks or quick fixes, Ramsey's method for achieving financial and familial stability focuses on ten traits essential to creating prosperity, teaching children about money, living debt-free, and achieving marital bliss when it comes to finances. His easy-to-follow workbook illustrates each of these traits and allows readers to frequently assess their progress and honestly evaluate their situation. *How to Have More Than Enough* offers readers and their spouses the chance to work toward building wealth and strengthening their families.

Not God Enough

Pastor and author J. D. Greear reveals that the secret to a robust, passionate faith isn't getting all the right answers about God, but seeing God as the awesome, glorious, and infinite presence that He is. We like God small. We prefer a God who is safe, domesticated, who thinks like we think, likes what we like, and whom we can manage, predict, and control. A small God is convenient. Practical. Manageable. For us, thinking of God as so infinitely greater and wiser than we are and who would cause us to tremble in his presence is a leftover relic from an oppressive, archaic view of religion. But what if this small version of God we've created is holding us back from the greatest experience of our lives--from genuine, confident, world-transforming faith? In *Not God Enough*, J.D. reveals how to discover a God who: is big enough to handle your questions, doubts, and fears is not silent is worthy of worship wants to take you from boring to bold in your faith has a purpose and mission for you on earth is pursuing you right now The truth: God is big. Bigger than big. Bigger than all the words we use to say big. Only a God of infinite power, wisdom, and majesty can answer our deepest questions and meet our deepest longings. God is not just a slightly better, slightly smarter version of you. God is infinite and glorious, and an encounter with Him won't just change the way you think about your faith. It'll change your entire life.

Enough Is Enough

Are your violence prevention and mental health efforts on campus coordinated? Are all your campus professionals aware of the system for reporting information about students who may be in distress or at-risk for harming themselves or others? Is the information reviewed and acted on? Recent campus crises have highlighted that campus administrators will be judged by three things: What the campus was doing before the crisis, its immediate response during the crisis, and the follow-up after the crisis. Born out of the call by Virginia Tech's Zenobia Hikes for urgent action to stem the tide of societal violence, and the NASPA "Enough is Enough" campaign (www.EnoughisEnoughcampaign.org) that she inspired, this book provides guidance on how to be proactive in preventing violence, and be prepared to provide a comprehensive response to a crisis. Enough is Enough presents first-hand accounts and experienced counsel from professionals who have lived through a violent incident, and continue to deal with its aftermath. They cover violence, suicide prevention, and mental health promotion in an integrated way, and offer a comprehensive plan to create a campus-wide system for collecting information about students at-risk for self-harm or violence toward others. The authors describe how to develop university-wide emergency plans, using the National Incident Management System template and involving a wide spectrum of campus services; how to create crisis response teams and victim liaison programs; offer recommendations about communication and the management of information; and address institutionally-appropriate and sensitive ways to achieve healing and recovery. The book is addressed to administrators, student affairs, services and mental health professionals, and counselors, on all the nation's campuses, elementary through post-secondary. A Joint ACPA & NASPA Publication

Not Enough Indians

A Los Angeles Times bestseller in hardcover. Not Enough Indians is the biting funny satire about a down and out town who tempt fate by having themselves declared a sovereign Indian nation and opening a casino. Funny, smart, antic and scathing, Not Enough Indians is a hilarious sendup of the American dream.

Love Is Not Enough

Olumide Emmanuel has done it again in his unusual, simple, practical and loaded approach to writing. He is the Setman over The Empowerment Assembly (TEA) and Executive Director, Success Business & Leadership School (SBLS). He is the Founder/President of Olumide Emmanuel Foundation (OEF), an NGO established with the aim of eradicating poverty and establishing legacy. He is married with children.

Why You Need Smart Enough Systems (Digital Short Cut)

This is the eBook version of the printed book. It is commonly believed that the computer-based systems most

organizations rely on to support their businesses are not very smart. Many of the business decisions these companies make tend to be hidden in systems that make poor decisions, or don't make them at all. Further, most systems aren't configured to learn from the past and therefore struggle to keep up with the pace of change. While many organizations believe the answer is to implement newer, \"intelligent\" systems, the fact is that much of today's existing technology has the potential to be \"smart enough\" to make a big difference to an organization's business. This digital Short Cut lays out a cry for systems that are smart enough to help companies survive and thrive in the world as it is today. Showing how the neglect of operational decisions prevents effective implementation of strategy and describing the characteristics of effective operational decision-making, the Short Cut establishes the role of operational decisions. The characteristics of the smart enough systems modern business needs are explained, and the absolute requirement for a new approach is outlined. This Short Cut is a reproduction of the “Smart Enough Systems Manifesto” and “Why You Need Smart Enough Systems” chapters from the book. This Short Cut should be of interest to software and business professionals. In particular, it will be of value to those managing information systems and application development projects in defining the goals they should have in building better systems, and to business owners who are frustrated by their current systems but cannot articulate how or why to change things. Contents The “Smart Enough Systems” Manifesto Operational Decisions Are Important Operational Decisions Can and Should Be Automated Taking Control of Decisions is Increasingly a Source of Competitive Advantage The Need for Smart Enough Systems The Importance of Operational Decisions Strategy Drives Decision-making Strategy Is Not Static Operational Decisions Matter Operational Decisions Are Under Pressure Operational Decision-Making as a Corporate Asset Characteristics of Operational Decisions Characteristics of Corporate Assets Introducing Smart Enough Systems Characteristics of Smart Enough Systems Current Approaches Fail Decision Management Is Required Introducing Smart Enough Logistics

Being (Sick) Enough

Wise, visceral essays on navigating pain, sex, trauma, spirituality, addiction, recovery, and grief from queer, neurodivergent trauma-resolution guide Jessica Graham In an unapologetic look at living well with trauma and chronic illness, writer and meditation teacher Jessica Graham offers smart, funny, raw, and mindful insights on untangling—and embracing—the messy realities of being a human alive on this planet today. Graham gives us permission to accept care—and accept that it’s okay to want care. They weave together personal stories and practical wisdom, offering their take on managing symptoms, getting creative, setting boundaries, and healing from ableist tropes like “you don’t look sick” and “we’re all a little ADHD.” Graham also shares vulnerable personal history: The adverse childhood experiences that wired their body and brain. The workaholism and addictions that kept their pain lying just below the surface. How illness and trauma intersect to obscure the knowledge that we’re each enough, wholly as we are. This memoir explores the parts of chronic illness life that don’t get enough airtime: How can we center sex and pleasure when pain gets in the way? How can we live well while living through late-stage capitalist hell? How can we come into relationship with our pain without falling prey to self-blame, magical thinking, or toxic positivity? Wise and embodied, fearless and necessary, *Being (Sick) Enough* is both a wild awakening and a love letter to your whole self: the pains and suffering, joys and brightness, and vital connections that hold each of us as we navigate what it means to be here, like this, right now.

Not Far Enough

In 1904, a woman was arrested on Fifth Avenue for smoking a cigarette, while a procession of bemused smoking males passed by unharassed. For the next 50 years, with the creative encouragement of the emerging giants of the cigarette industry, the right to smoke became a symbol of women's liberation and equality. That liberation came at a terrible price. As the lung cancer rate for women soared, passing breast cancer as the leading cause of cancer in women in 1985, women achieved a grisly equality. On February 4, 1987, a group of women leaders active both in public health and in a wide diversity of women's organizations-gathered together in Washington to take stock of the common effort. A series of papers-on smoking's role in women's

disease and death, on women's smoking behavior, on the role of the tobacco industry-set the stage for an intensive effort by the participants, working in small groups, to hammer out together an agenda of strategies to combat smoking among women. The highlights of those papers, and a synthesis of the most favored strategies, form the body of this report. For 50 years, smoking reigned as a symbol of women's freedom. Now we know that smoking only substituted one form of enslavement for another. That's why the workshop participants chose to name their effort, the "Not Far Enough Network."

My Heart Screams Enough

Here I am, all soft and covered for your enjoyment. I could not wish to be anything else than what I am for you today, an array of emotional release. I have been years in the making, each poem carrying the weight of life's pitfalls and triumphs. I have been the struggle, at times, yet here I am as a resource for you. Read me, think me, see me, and feel me. Release yourself through me.

Time Enough for Love

The capstone and crowning achievement of the Future History series, from the New York Times bestselling Grand Master of Science Fiction... Time Enough for Love follows Lazarus Long through a vast and magnificent timescape of centuries and worlds. Heinlein's longest and most ambitious work, it is the story of a man so in love with Life that he refused to stop living it; and so in love with Time that he became his own ancestor.

I AM NOT GOOD ENOUGH

I Am Not Good Enough: How to Overcome Low Self-Esteem and Finally Feel Worthy Do you constantly feel like you are not good enough—no matter how hard you try? Do self-doubt, fear of judgment, and the need for approval hold you back from living the life you truly want? You are not alone. And more importantly, you are not broken. In I Am Not Good Enough, you will uncover the hidden roots of self-doubt, challenge the toxic beliefs that have kept you stuck, and learn powerful strategies to build lasting confidence and self-worth. This book will teach you how to: ? Silence your inner critic and stop negative self-talk. ? Let go of perfectionism and embrace progress. ? Set boundaries and say no without guilt. ? Stop seeking validation from others and trust yourself. ? Handle setbacks and self-doubt when they resurface. Filled with real-life insights, practical exercises, and empowering mindset shifts, this book will guide you through the process of rewriting your story—so you can finally believe in yourself and step into the life you deserve. You don't have to be perfect to be worthy. You were always enough. Now, it's time to start living like it.

Enough to Say It's Far

This is the first English translation of selected poems by one of the most important and unusual modern poets of South Korea. In contrast to the strident political protests found in the poetry of many of his contemporaries, Pak Chaesam's work is characterized by intimate portraits of place, nature, childhood, and human relationships, and by indirection, nostalgia, and reflectiveness. Often focused upon the border of this world and some other, Pak writes with a spareness of presentation but a cornucopia of imagery, meticulously exploring objective and subjective realms of existence and memory. Encouraging the reader to see and listen, and to allow the sensory to reshape the analytical, Pak's poetry opens up new realms of experience. A fellow Korean poet described Pak's poetry as being "the most exquisite expression of the Korean sense of han," or melancholy.

When Love Is Not Enough

When Love Is Not Enough relates how a multitude of factors--the competence of staff; the safety, nurturing,

and protective elements of the emotional, physical, and political setting; and all overt and covert organizational dynamics--determine whether or not a treatment setting accomplishes its therapeutic aims. Authors in *When Love Is Not Enough* continue the emphasis on the group-as-a-whole "Group Relation" model of organizational and group processes begun with Wilfred Bion's work at the Tavistok Clinic in London in the 1940s. This model helps those providing services to children and adolescents evaluate their treatment programs and make the necessary changes toward improvement. Chapters in *When Love Is Not Enough* are dedicated to improving the psychological treatment of children and adolescents in postmodern society, a society in which life in interdependent communities is becoming increasingly important for the health and survival of all persons. Topics covered include: the Tavistok approach to understanding group and organizational behavior the emphasis on group-as-a-whole in problem solving and treatment design narrowing the gap between plan and outcome the dynamics involved in the psychiatric treatment of children issues of staff selection, training, and development in programs designed to treat children countertransference responses in the treatment of children and adolescents revitalizing organizations the subjective experience of school life *When Love Is Not Enough* helps organizations realize the ways in which they may, inadvertently, undermine the emotional and cognitive functioning of the staff or the identified patients and set serious limits on the growth of members of the organization, staff and patients alike. It urges organizations to conduct an ongoing self-scrutiny concerning their rational and irrational processes, as this self-examination is crucial to the health and vitality of the treatment offered to others. The book also promotes thinking of the conscious and unconscious dynamics of the group-as-a-whole to more completely inform organizational decisions concerning changes that may enhance the treatment of children and adolescents. *When Love Is Not Enough* serves as an invaluable guide for mental health professionals who treat children and adolescents, group therapists, hospital and clinic administrators, psychoanalysts, nurses, social workers, psychologists, and psychiatrists.

When Grit Isn't Enough

Examines major myths informing American education and explores how educators can better serve students, increase college retention rates, and develop alternatives to college that don't disadvantage students on the basis of race or income Each year, as the founding headmaster of the Boston Arts Academy (BAA), an urban high school that boasts a 94 percent college acceptance rate, Linda Nathan made a promise to the incoming freshmen: "All of you will graduate from high school and go on to college or a career." After fourteen years at the helm, Nathan stepped down and took stock of her alumni: of those who went to college, a third dropped out. Feeling like she failed to fulfill her promise, Nathan reflected on ideas she and others have perpetuated about education: that college is for all, that hard work and determination are enough to get you through, that America is a land of equality. In *When Grit Isn't Enough*, Nathan investigates five assumptions that inform our ideas about education today, revealing how these beliefs mask systemic inequity. Seeing a rift between these false promises and the lived experiences of her students, she argues that it is time for educators to face these uncomfortable issues head-on and explores how educators can better serve all students, increase college retention rates, and develop alternatives to college that don't disadvantage students on the basis of race or income. Drawing on the voices of BAA alumni whose stories provide a window through which to view urban education today, *When Grit Isn't Enough* helps imagine greater purposes for schooling.
